Crime Classification Manual

- John E. Douglas 2011-01-06

This is the second edition of the landmark book that standardized the language and terminology used throughout the criminal justice system. It classifies the critical characteristics of the perpetrators and victims of major crimes—murder, arson, sexual assault, and nonlethal acts—based on the motivation of the offender. The second edition contains new classifications on computer crimes, religion-extremist murder, and elder female sexual homicide. This edition also contains new information on stalking and child abduction, the use of biological agents as weapons, cybercrimes, Internet child sex offenders, burglary and rape, and homicidal poisoning. In

addition, many of the case studies and crime statistics have been updated.

Killer Triggers - Joe Kenda
2021-03-09

The most common triggers for homicide are fear, rage, revenge, money, lust, and, more rarely, sheer madness. This isn't an exact science, of course. Any given murder can

have multiple triggers. Sex and revenge seem to be common partners in crime. Rage, money, and revenge make for a dangerous trifecta of triggers, as well. This book offers my memories of homicide cases that I investigated or oversaw. In each case, I examine the trigger that led to death. I chose this theme for the book because even though the why of a murder case may not be critical in an investigation, it can sometimes lead us to the killer. And even if we solve a case without knowing the trigger, the why still intrigues us, disrupting our dreams and lingering in our minds, perhaps because each of us fears the demons that lie within our own psyche—the triggers waiting to be pulled.

Voyage to the Stars - Ryan Cople
2021-06-16

The hit sci-fi comedy podcast blasts into comics with this all-new graphic novel adventure! Voyage to the Stars is a bonafide podcast phenomenon starring Colton Dunn (Superstore), Felicia Day (Supernatural), Janet Varney

With 2.5 million downloads in its debut year and over 100,000 viewers on Twitch, the wild sci-fi podcast that's consistently ranked in the Top 100 for comedy is now on its way to conquer the comics world. Earth is gone. Only one intrepid crew of misfits managed to escape, now determined and ambiguously destined to stop a growing, ancient evil from consuming the universe. Though stopping it may be tricky, as our heroes can't help but destroy just about every planet and species they come across. Kinda debatable who's the bigger threat.

A Mulholland Christmas Carol - Bill Robens 2018-03-07
Full-Length Musical
"Sidesplitting!" -L.A. Times
Who knew the founders of the LADWP were so gosh darn musical?! This Dickensian account of the life of William Mulholland, the man who brought water to Los Angeles County, is bursting with catchy tunes about dams, county lines, and duplicitous legal documents. Though often overlooked or taken for granted, the historical figure of William Mulholland is largely responsible for uniting the disparate towns around Los Angeles into the vast county we

know today- thanks to an engineering marvel of an aqueduct, a crew of scheming aristocrats, and a town full of well-meaning farmers. With the help of the ghosts of Christmas Past, Present, and Future- as well as the singing ghost of Teddy Roosevelt- audiences and Mulholland himself gain insight on how he went from being an honest employee of the LA City Water Company to the great Scrooge of the West. If you think a historical musical about the birth of this sprawling desert city sounds a bit dry... you're in for a surprise! (Cast: 7F, 11M)

The Most Dangerous Cinema - Bryan Senn 2013-10-29

People hunting people for sport--an idea both shocking and fascinating. In 1924 Richard Connell published a short story that introduced this concept to the world, where it has remained ever since--as evidenced by the many big- and small-screen adaptations and inspirations. Since its publication, Connell's award-winning "The Most Dangerous Game" has been continuously anthologized and studied in classrooms throughout America. Raising questions about the nature of violence and cruelty, and the ethics of hunting for sport, the thrilling story spawned a new cinematic subgenre, beginning with RKO's 1932 production of *The Most Dangerous Game*, and continuing right up to today.

This book examines in-depth all the cinematic adaptations of the iconic short story. Each film chapter has a synopsis, a "How Dangerous Is It?" critique, an overall analysis, a production history, and credits. Five additional chapters address direct to video, television, game shows, and almost "dangerous" productions. Photographs, extensive notes, bibliography and index are included.

[More than Love](#) - Natasha

Gregson Wagner 2020-07-14
More Than Love is a memoir of loss, grief, and coming of age, set amid Hollywood glamour and royalty, by Natasha Gregson Wagner, the oldest daughter of Natalie Wood and her second husband Richard Gregson. Beginning with the night Natalie Wood went sailing on the family boat with her husband Robert Wagner off the coast of Catalina and never returned, we meet the young Natasha at the age of 11, hearing the news of her mother's disappearance on the radio while having a sleepover at a friend's house. From this turning point of profound and shattering loss, Natasha stretches back to tell the story of her cosseted childhood in a warm, bustling family where her mother loved to decorate, entertain, keep ducks in the backyard, and often overprotected her daughters. An inside look at Natalie's classic movies—Miracle on 34th Street, Rebel without a Cause, Splendour in the Grass, West Side Story and Bob and Ted and Carol and Alice,

among others—More Than Love also offers a riveting, first-hand portrait of what it is like to experience a Hollywood childhood, where Elia Kazan, known as Gadge, for his love of gadgets, is lounging by the pool, Ruth Gordon is your godmother, and Josh Evans, the son of Ali MacGraw, is your first boyfriend. As Natasha steps back into the past, looking through the carefully preserved archive of her mother's letters, notes, and photographs, and comes to terms with her grief, a vivid and magnetic portrait of Natalie Wood emerges—the child star, the young actress, the teen idol, the young wife, mother and eventual hostess extraordinaire. Along the way Natasha comes to terms with her mother's legacy and her own loss: making her peace, having her own daughter, and forging a strong and independent sense of self.

Fat Pig - Neil LaBute

2014-04-30

"Cow." "Slob." "Pig." How many insults can you hear before you have to stand up and defend the woman you love? Tom faces just that question when he falls for Helen, a bright, funny, sexy young woman who happens to be plus-sized and then some. Forced to explain his new relationship to his shallow (although shockingly funny) friends, Tom comes to terms with his own preconceptions of the importance of conventional good looks. Neil LaBute's sharply drawn play not only critiques our slavish adherence to Hollywood ideals of beauty but boldly questions our own ability to change what we dislike about ourselves. "The most emotional engaging and unsettling of Mr LaBute's plays since BASH ... A serious step forward for a playwright who has always been most comfortable with judgmental distance." -Ben Brantley, The New York Times "One of Neil LaBute's subtler effort ... Demonstrates a warmth and compassion for its characters

missing in many of LaBute's previous works [and] balances black humor and social commentary in ... beautifully written, hilarious ... dissection of how societal pressures affect relationships ... Astute and up-to-the-minute relevant." -Frank Scheck, New York Post "Will make you squirm in your seat. It's theater without novocain [from] an author with a uniquely truthful voice." - Jacques le Sourd, The Journal News

Capital Dames - Cokie

Roberts 2015-04-14

In this engrossing and informative companion to her New York Times bestsellers *Founding Mothers* and *Ladies of Liberty*, Cokie Roberts marks the sesquicentennial of the Civil War by offering a riveting look at Washington, D.C. and the experiences, influence, and contributions of its women during this momentous period of American history. With the outbreak of the Civil War, the small, social Southern town of Washington, D.C. found itself caught between warring sides in a

four-year battle that would determine the future of the United States. After the declaration of secession, many fascinating Southern women left the city, leaving their friends—such as Adele Cutts Douglas and Elizabeth Blair Lee—to grapple with questions of safety and sanitation as the capital was transformed into an immense Union army camp and later a hospital. With their husbands, brothers, and fathers marching off to war, either on the battlefield or in the halls of Congress, the women of Washington joined the cause as well. And more women went to the Capital City to enlist as nurses, supply organizers, relief workers, and journalists. Many risked their lives making munitions in a highly flammable arsenal, toiled at the Treasury Department printing greenbacks to finance the war, and plied their needlework skills at The Navy Yard—once the sole province of men—to sew canvas gunpowder bags for the troops. Cokie Roberts chronicles these women's

increasing independence, their political empowerment, their indispensable role in keeping the Union unified through the war, and in helping heal it once the fighting was done. She concludes that the war not only changed Washington, it also forever changed the place of women. Sifting through newspaper articles, government records, and private letters and diaries—many never before published—Roberts brings the war-torn capital into focus through the lives of its formidable women.
