Queen Silver Wendy McElroy 2011-04-06 When she was just eight-years-old, a little girl with the odd name of Queen Silver stunned citizens and scholars alike in pre-1920s Los Angeles by hosting six remarkable public lectures on Darwin and Einstein, sponsored by the London Society of Science. A child prodigy and the daughter of famed socialist activist Grace Vern Silver, founder of the Industrial Workers of the World (IWW), Queen Silver was the subject of Cecil B. De Mille's film The Godless Girl. She matured to become an international feminist, atheist, and socialist, living a remarkable and inspiring life, of which few feminists today are aware. Queen Silver: The Godless Girl is a fiery and profound biography of one of America's most amazing feminist thinkers, a woman who remained an active advocate of intellectual independence to the moment of her death in 1998 at the age of 86. Prolific feminist writer Wendy McElroy sympathetically chronicles the life of Queen Silver from personal interviews with her friends, published reports, letters, and a vast library of the family's

personal papers. What emerges is a life like none other. A well-known thinker by the time she was 11-years-old, giving speeches titled "Pioneers of Freethought," "The Rights of Children," and "Science and the Workers," Queen challenged three-time presidential candidate William Jennings Bryan to a debate on evolution (he declined); organized an atheist group at her high school; and left home at 15 to marry a doctor three-times her age, which later became the source of a highly publicized divorce. As a teenager, Queen once served as a defense lawyer for her mother and won. She founded the scholarly and well-reviewed Queen Silver Magazine, and overcame personal tragedy and political persecution during World War I's red scare. Queen worked as an extra in movies directed by D.W. Griffith, attended violent and controversial meetings of the IWW, and went into hiding at the advent of McCarthyism. In her later years, Queen received many freethought awards, remained active in the American Civil Liberties Union, and campaigned hard for public libraries. McElroy tells a complete story by profiling Queen's mother, lecturer and feminist writer Grace Vern Silver, whose struggles for justice in the IWW found her running for Congress, and whose personal education motivated her to inspire the genius in her daughter.

*Z for Zachariah* Robert C. O'Brien 2007-07-10 A Newbery Medalist presents a gripping, thought-provoking story about life after a nuclear holocaust.

From Silver Girl to Angel P. K. Sumner 2020-03-25 On November 3, 2014, the unthinkable happens and Patty receives the heartbreaking news that her 34-year-old daughter, Melissa, has taken her own life. After years of discovering ways to heal while grieving, she now shares Melissa's writings, which would have been a part of the memoir she was in the process of writing, to be titled *Silver Girl*. Through Melissa's written words, the author shares with the reader several childhood memories as well as what it was like to live with mental illness. Patty then shares the undeniable connections she has with her daughter through readings, signs, and synchronicities. This is just a glimpse of evidence that we can communicate through the veil. After transitioning, our souls remain very much alive, and just as Melissa has shown, we are able to continue to have meaningful relationships filled with pure love... so many gifts yet to receive.

*Sail on Silver Girl* John E. Cashwell 2017-05-19 The year is 2022 and the formation of a "Federalist New America" is complete. The Joint Chiefs have reconciled the mounting differences between Red States and Blue States. Differences that had been the genesis of a perilous divisiveness among the American people during the Obama years 2008-2020. Herein, superb storyteller John E. Cashwell paints a more complete canvas of the heroine of his former bestseller. In this new offering, Constance (Connie) Wannamaker, Navy Flight School student aviator and subversive agent of Joint Chief of Staff of the Marine Corps General George M. (Mac) McLoughlin comes of age. Her passage is far from smooth. Devastated by the death of her high school sweetheart and Marine Corps hero,

Wicasa Wade Whitaker, at the hands of Radical Islamic Terrorists, Connie petitions General McLoughlin to become a Naval Aviator with hopes of avenging Whitaker's death. Challenging circumstances occur quickly for Connie as she succeeds in her quest to fly Navy fighter jets only to reap the consequences of using her skills as a sophisticated, "top of her graduating class" aviator at Naval Aviation School in Pensacola, Florida, to becoming accused of murdering an influential officer of the Royal Canadian Mounted Police in Banff, Canada. In between, the presentation of a superbly researched and artfully crafted narrative keeps the reader spellbound. The fast paced action of another Cashwell page-turner is compelling as Radical Islamist extremists plot the death of the Chairman of the Joint Chiefs of Staff of New America's military while a wealthy Hungarian Socialist designs A New World Order. Filled with twists and turns on nearly every page, *Sail On Silver Girl* is a must read sequel and perfect literary companion for today's modern women and thriller lovers everywhere.

could have had. Set against the backdrop of a Nantucket summer, Elin Hilderbrand delivers a suspenseful story of the power of friendship, the pull of love, and the beauty of forgiveness. “Clearly the Madoff family inspired this plot, but Hilderbrand gives it her own sun-kissed, optimistic spin — which is not to say it’s all *Rosa rugosa*, just that there’s a silver lining to the ugliest of circumstances.” —Elisabeth Egan, *New York Times*
