

Surviving Sexual Violence

Surviving Sexual Violence - Liz Kelly 1988

Surviving Sexual Violence - Liz Kelly
2013-04-26

Women's awareness of the threat and reality of sexual violence is now perhaps more than ever publicly acknowledged. Yet this fact continues to be almost wholly ignored. This new study, based on in-depth interviews with 60 women, is the first to cover the experience of a range of forms of sexual violence over women's lifetimes. Drawing on feminist theory, developing a critique of male research and quoting extensively from the women interviewed, it develops feminist thought in several key areas: the similarities and differences between forms of sexual violence; the ways women define their experiences; and the strategies women use in resisting, coping with and surviving sexual violence. The author stresses the importance for all women of recognizing the incidents of sexual violence in their lives and seeing themselves and other women as survivors rather than victims. In highlighting the ways in which the media, the criminal justice system and even the "helping" professions contribute to the trivialization of sexual violence, she demonstrates the necessity of women organizing collectively to end this suffering.

Surviving Sexual Violence - 2018

Psychotherapy with Survivors of Sexual Violence - Erene Hadjiioannou 2021-09-21

The role of psychotherapists in creating change for survivors of sexual violence can extend far wider than the rooms in which appointments are provided. Psychotherapy with Survivors of Sexual Violence aims to provide psychotherapists with practical guidance that will enable them to work with the prolific societal issue of sexual violence, both in the privacy of clinical practice and the wider world as activists. Erene Hadjiioannou outlines the components of relational psychotherapy necessary to counter the trauma that brings

survivors to services, with a particular focus on empowerment and the freedoms that constitute it. The book defines the neurophysiological systems involved in surviving traumatic experiences and common psychological presentations, including post-traumatic stress disorder. Hadjiioannou explains the long-standing challenges of delivering psychotherapy to survivors who have reported to the police from various perspectives: understanding the criminal justice system, note-keeping, and survivors' experiences of reporting. Barriers to accessing support, including myths, are examined and the book includes interview quotes from a range of survivors as well as fictional case studies throughout. Psychotherapy with Survivors of Sexual Violence will be a key text for psychotherapists of all backgrounds working with survivors, and for mental health professionals in training.

Lived Through This - Anne K. Ream
2014-04-15

In these pages you'll meet a community of rape and sexual violence survivors who have been shaped, but refuse to be defined, by their histories of violence. They are brave, and they are outspoken—but, mostly, they are hopeful. From its insistently resolute opening essay to its final, deeply moving story, *Lived Through This* is a book that defies conventional wisdom about life in the wake of sexual violence, while putting names and faces on an issue that too often leaves its victims silent and invisible. Part personal history of Anne Ream's own experience rebuilding her life after violence, part memoir of a multi-country, multi-year journey spent listening to survivors, *Lived Through This* is at once deeply personal and resolutely political. In these pages we are introduced to, among others, the women of Atenco, Mexico, victims of rape and political torture who are speaking out about gender-based violence in Latin America; Beth Aduato, a woman who was raped by a popular athlete and then denied justice when her college failed to fully investigate the attack; and Jenny

and Steve Bush, a rape survivor and her father who are working together to share Jenny's testimony of surviving rape at the hands of a veteran in order to alter the US military's response to sexual violence committed by those in its ranks. Writing with compassion, candor, and, at times, even much-needed humor, Ream brings us a series of stories and essays that are as insistent as they are incisive. Considered individually, her profiles are profoundly moving, and even inspiring. Considered collectively, they are a window into a world where sexual violence is more commonplace than most of us imagine. The accomplished and courageous women and men profiled in *Lived Through This* are, in the words of the author, "living reminders of all that remains possible in the wake of the terrible."

Me Too, Feminist Theory, and Surviving Sexual Violence in the Academy - Laura A. Gray-Rosendale 2020-03-09

"Me Too, Feminist Theory, and Surviving Sexual

Violence in the Academy collects a range of perspectives from sexual assault survivors with backgrounds in academia. The contributors in this collection connect their experiences of sexual violence to their research and work within the academy as well as their lives outside of it"--

Dear Sister - Lisa Factora-Borchers 2014

This multi-ethnic, multi-generational collection is written directly to and by survivors of sexual violence. Intentionally written in an accessible language appealing to all populations of survivors, allies and activists, *Dear Sister* mixes genres, bringing letters offering profound and lasting insight into the journey of survivorship together with essays providing substantial analysis around issues pertaining to healing and justice.

Court Licensed Abuse - S. Caroline Taylor 2004

This book is based on award-winning research that analyzes transcripts of intrafamilial child sexual abuse trials. Building on the contemporary focus of legal trials as hegemonic sites of storytelling from the perspectives of dominant interest groups, the argument is developed in three steps. The first documents the development of a de facto relationship between law and psychiatry that simultaneously silences and blames victims of sexual violence,

and advances a critique of law as narrative. The second presents a detailed, critical, feminist reading of six trials that are presented as textual case studies. These show the legal mechanisms through which victim/survivor's accounts of abuse are transmuted into forms that facilitate the legal and theoretical acquittal of the alleged abuser and replicates - at symbolic and structural levels - those power relations inherent in the original abuse. The final step in the argument analyzes and synthesizes the structural and thematic patterns in the case studies to show how trials enact a narrative template that maintain a patriarchal status quo around intrafamilial child sexual abuse.

From Surviving to Thriving - Christine Dinsmore 1991-01-01

[This book will be of great value to any survivor of incest. Equally important, Christine Dinsmore teaches the rest of us—therapists, family members, and friends—how to be helpful to the survivor who takes on the task of ending the secrecy, recovering memories, and experiencing feelings. Dinsmore points out that the recovery process is unique for each survivor. You won't find any pat formulas here. Instead, the reader is left with a sensitivity and an awareness of the role one might play in the survivor's journey.] [from the Foreword, Jane R. Hirschmann *From Surviving to Thriving: Incest, Feminism, and Recovery* analyzes incest recovery from a feminist perspective. It is based on research with incest survivors and years of therapy with survivors of childhood sexual abuse. Unlike other writings on incest recovery, this book links the incest with patriarchy and its belief in male sexual entitlement. The discussions of incest and its traumatic effects, society's response to the sexual abuse of children, the recovery process, and the role of the supporting cast are reinforced by the words of incest survivors themselves. A detailed account of the incest healing treatment is also provided with specific treatments suggested for therapists working with incest survivors.

Survivor, Not A Victim - Anisa Alhameed 2021-07-08

The period following a sexual assault is emotionally charged, confusing, and frightening. This story of survival is a book by a survivor for survivors. Never a victim and always a survivor,

journey inside the mind of a child overcoming sexual abuse while navigating a pathway through the social insecurities of adolescence. This book is a beautifully written saga about an ugly subject. It is an inspiring survival story and a book worth reading. Living and surviving inside the situation keeps our entire trauma compartmentalized, and we are often unable, for a good reason, to see the full scope and sequence of our suffering. Connecting the dots is the Great Reveal that allows us to see the vast extent of our circumstances, and when we finally do we say, 'Oh crap! No wonder I'm like this, ' and then we begin to heal.

The Way We Survive - Catriona Morton

2021-07-08

'This book will often hurt. It will make you angry, it will make you feel. My hope is that this hurt, this anger and these feelings will move you to change the way we talk about surviving sexual violence.' Sexual violence is an epidemic happening across all intersections of society, impacting every one of us. In the aftermath of the #MeToo and Time's Up movements, a cultural conversation has been ignited about the prevalence, immediate impact and long-term effects that sexual violence has on people. It has begun conversations on sexism, misogyny, consent and trauma. From the entertainment industry to governments; from India to the USA, people are beginning to listen to the pain survivors have been living with forever. Writing from her own experiences and those she has met through her podcast and her work as an activist, Catriona Morton will approach topics of consent and education, the mental and physical health of survivors, the cultural shift concerning attitudes surrounding sexual violence, the impact of politics and governmental cuts to survivors in the UK as well as the realities of subjects such as dating and reclaiming sexuality in the aftermath of sexual violence. With unflinching honesty and surprising moments of humour, Catriona wants to change the narrative around survivors, and to force us to reconsider the ways in which we talk about surviving sexual violence. *Whatever Gets You Through* - Jen Sookfong Lee

2019-04-16

Personal stories of surviving after the trauma of sexual assault. In the era of #MeToo, we've become better at talking about sexual assault.

But sexual assault isn't limited to a single, terrible moment of violence: it stays with survivors, following them wherever they go. Through the voices of twelve diverse writers, *Whatever Gets You Through* offers a powerful look at the narrative of sexual assault not covered by the headlines—the weeks, months, and years of survival and adaptation that people live through in its aftermath. With a foreword by Jessica Valenti, an extensive introduction by editors Stacey May Fowles and Jen Sookfong Lee, and contributions from acclaimed literary voices such as Alicia Elliott, Elisabeth de Mariaffi, Heather O'Neill, and Juliane Okot Bitek, the collection explores some of the many different forms that survival can take. From ice hockey to kink, boxing to tapestry-making, these striking personal essays address experiences as varied as the writers who have lived them. With candor and insight, each writer shares their own unique account of enduring: the everyday emotional pain and trauma, but also the incredible resilience and strength that can emerge in the aftermath of sexual assault. Contributors: Gwen Benaway Juliane Okot Bitek Elly Danica Amber Dawn Alicia Elliott Karyn Freedman Heather O'Neill Elisabeth de Mariaffi Lauren McKeon Soraya Palmer Leah Lakshmi Piepzna-Samarasinha Kai Cheng Thom

Analyzing Violence Against Women - Wanda

Teays 2019-04-01

This timely anthology brings into sharp relief the extent of violence against women. Its range is global and far reaching in terms of the number of victims. There are deeply entrenched values that need to be rooted out and laid bare. This text offers a philosophical analysis of the problem, with important insights from the various contributors. Topics range from sexual assault to media violence, prostitution and pornography, domestic violence, and sexual harassment. Each of the four parts include essays which tackle these issues and provide us with tools for bringing about change. The philosophical approaches to the topic give readers insight into the harms of interpersonal violence and its impact on the lives of its victims. *Analyzing Violence Against Women* calls us to examine public policies and work for systemic change. In the process, we are reminded that the concerns of the discipline of Philosophy

encompasses issues with a wider scope. Students will especially benefit from seeing how the various authors grapple with this pressing issue and clarify why we need to bring about change.

Unhomed - Alena Klee 2021-06-15

UNHOMED is a raw glimpse into what surviving after being raped may look like. Author Alena Klee shares their intimate, vulnerable pieces of work that were created in the days, weeks, months, and years following their rape. The book is in seven parts, each noting a different phase in living after being raped. Each poem offers a retelling of powerful, intense emotions that Klee experienced while trying to rebuild their safety, and sanity. What started as a coping skill has now been transformed into an unfiltered, telling collection of words to help other victims and survivors begin to find peace, hope, and healing. Klee's specific experience is not retold in detail within the poems, intentionally leaving enough vagueness for survivors everywhere to find their own relatable solace. UNHOMED is a must read for those who have experienced sexual violence, for those who love someone who have experienced sexual violence, and for those who care about ending sexual violence.

Shattered - Claudia Clare 2007

Feminist Perspectives - Lorraine Code 1988

Intimate Partner Sexual Violence - Louise McOrmond Plummer 2013-10-21

Intimate Partner Sexual Violence (IPSV) is the most common type of sexual violence and a common component of domestic violence, yet most cases go unreported and service responses are often inadequate. This book brings together advice for all those professionals working with individuals who have experienced IPSV and puts forward recommendations to tackle this prevalent form of sexual violence. With contributions from leading experts on IPSV, *Intimate Partner Sexual Violence* is a

comprehensive guide to the subject which bridges the gap between research and practice. Multidisciplinary and international in approach, the book covers key issues salient to all professionals - the impact of IPSV, reproductive coercion, the physical and psychological indicators, possible consequences of taking a case to court, and best practice service responses. One section also addresses the risks and needs of IPSV victims in different contexts, such as those in same-sex or teenage relationships, immigrant victims, and those living in rural areas or in prison. This is an authoritative resource for all professionals who work with IPSV victims including counselors, social workers, refuge workers, victim advocates, mental health professionals, pastoral workers, lawyers, police, and health practitioners.

Surviving Rape - NSW Rape Crisis Centre 2002
Speaks out about sexual violence. It exposes the myths about rape and gives women the information they need to find help and support. This title answers questions about: sexual assault services medical treatment your legal rights reporting to police going to court relating to family and friends safety and self defence compensation.

Surviving Sexual Violence - Thema Bryant-Davis 2011-10-16

This book helps to empower survivors of sexual violation to navigate through the healing process. Sexual violation affects survivors but does not have to dictate their future, and this book shows readers how various paths to healing can help them, not only overcome the trauma of sexual assault, but also thrive as they move on with their lives.

Surviving Child Sexual Abuse - Liz Hall 1993

This is the second edition of a handbook for survivors of child sexual abuse and their helpers, featuring added material on the acknowledgement of survivors' strengths, the effect of sexual abuse on adult female sexuality and therapeutic themes.
