

Taint Sexual Education 1 By Sl Jennings

Hand-book of the Law of Torts - Edwin Ames Jaggard 1895

Tryst - S. L. Jennings 2015-11-10

My name is Heidi DuCane. I might seem like your average happily married woman with average desires. But don't let looks fool you. I have needs that are begging to be satisfied. So what do I want more than anything else? I want my most secret fantasy fulfilled. Have I got your interest now? Are you wondering what my most illicit, dark fantasy involves? I want my husband, Tucker, to watch while another man brings me to pleasure. While I do love Tucker, I've always suspected there's much more out there waiting for me to explore. And my hunch was proven when I met rock superstar Ransom Reed—every woman's wet dream. I would've been insane not to take him up on his offer to share one wild night with him...and Tucker. The sex was mind-blowing! And Tucker enjoyed himself as much as I did. But here's the catch. The sex was so good that one night wasn't enough. Neither Tucker nor I can stop thinking about that scorching hot night. My husband loves me so much that he'll do anything to please me—including helping me reach staggering heights of ecstasy with another man. But it wasn't just the sex that was enticing. I felt something come alive in me, and I felt so deliciously satisfied and loved by both men. Now that Tucker and Ransom have made my most forbidden fantasies come true, I've learned an important lesson. I can never go back to the way things were before....

Dark Light - S. L. Jennings 2013-04-14

LOVE. SEX. MAGIC. Before her 20th birthday, Gabriella was pretty much clueless about all three. In love with her best guy friend since the age of 14 and too crass and intimidating for most of the male population of Colorado Springs, both love and good sex were virtually a myth. And then there's magic. Freakin' magic. There's no way that legend could have a place in her less than exciting life. So why after twenty years of utter obscurity do her adopted parents hit her with the ton of bricks that is her true identity? And how the heck is she supposed to accept all this and instantly become what she was destined to be? Lucky for Gabs, sexy as sin Dorian is more than equipped to help her embrace these new revelations. And while everything about him feels oh so good, she soon learns that there's more behind his crystal blue eyes, chiseled body and exotic beauty. Something dark, menacing and downright unnatural. Yet Gabs is in way too deep to even try to turn away from him now. **Dark Light**, Book 1 of the **Dark Light Series**, is the raw, emotional story of a young woman's journey of self-discovery in a world that was not meant for her. And her scorching hot, lip-biting addiction for the man she can't deny, no matter the cost. *Contains strong adult content.

End of Eden - S. L. Jennings 2017-02-26

I thought I knew what Hell was like. I thought I had been living it all these years on Earth—abandoned, forgotten, and left with a dangerous secret that not only made me the Se7en's #1 target but also turned me into a deadly weapon, a threat to every human in my path. I was wrong. In order to survive Lucifer's plans for me, and his unquenchable thirst for more power, I have to surrender my humanity. I have to lose a part of myself in order to find my way back to him. Back to the demon who saved me, only to break me. Back to Legion. But even supreme evil has its limits, and the real foes never show their devastatingly beautiful faces. Forget fire and brimstone. They aren't shit compared to what's coming. Centuries-old bonds will be broken. Unlikely alliances will be forged. And innocent blood will be spilled. Blood that will stain my hands for the rest of my mortal days. I thought I knew what Hell was like. I was wrong. Hell is coming. Hell is just the beginning.

The Wigwam and the Cabin - William Gilmore Simms 1889

A Cultural History of Twin Beds - Hilary Hinds 2020-05-11

A Cultural History of Twin Beds challenges our most ingrained assumptions about intimacy, sexuality, domesticity and hygiene by tracing the rise and fall of twin beds as a popular sleeping arrangement for married couples between 1870 and 1970. Modern preconceptions of the twin bed revolve around their use by couples who have no desire to sleep in the same bed space. Yet, for the best part of a century, twin beds were not only seen as acceptable but were championed as the sign of a modern and forward-thinking couple. But what lay behind this

innovation? And why did so many married couples ultimately abandon the twin bed? In this book, Hilary Hinds presents a fascinating insight into the combination of beliefs and practices that made twin beds an ideal sleeping solution. Using nuanced close readings of marriage guidance and medical advice books, furnishing catalogues, novels, films and newspapers, this volume offers an accessible and rigorous account of the curious history of twin beds. This is vital reading for those with an interest in cultural history, sociology, anthropology and psychology.

Born Sinner - S. L. Jennings 2016-08-09

Twenty-two years ago, I was cut from a cold, sodden womb, and cradled in the filth and poverty of Chicago's concrete arms. Statistically, I wasn't supposed to survive these streets past the age of eighteen. Fate had a different plan. I was bred for one purpose and one purpose only: to unleash death and destruction on my world. My thoughts are power. My words are weapons. Evil created me then grace tried to save me. But first... they tried to kill me. They call themselves the Se7en. They are sin and salvation, and everything we've feared from the beginning of time. And their leader is the deadliest of them all. He doesn't lose. He doesn't compromise. And most importantly, he doesn't distract himself with mortal weakness. Not until me. Kill one to save a million. That's what he told me when he took me as his prisoner. Kill one to save a million. That's what he's been trying to tell himself ever since he took me into his arms.

The Translation Studies Reader - Lawrence Venuti 2012

A definitive survey of the most important developments in translation theory and research, with an emphasis on the twentieth century. This new edition includes pre-twentieth century readings and readings from other fields.

Qualitative Research Methods for the Social Sciences - Bruce Lawrence Berg 2012

This text shows novice researchers how to design, collect, and analyze qualitative data and then present their results to the scientific community. The book stresses the importance of ethics in research and taking the time to properly design and think through any research endeavor.-- Publisher description.

The Psychological Basis of Perfumery - J. Stephan Jellinek 2012-12-06

During the many years of its publication and subsequent revisions, Paul Jellinek's book has been the standard work on its subject. This new edition, translated into English for the first time, was conceived in response to the increased interest in recent years in perfumes and the sense of smell. This interest has come not only from within the highly competitive perfumery industry, but also from psychologists and market researchers. The original text has impressively withstood the test of time and the approach of this new book has been to supplement it with chapters that are now of critical importance, but which were only touched upon in the original book. A market researcher looks at why people use perfumes; a psychologist examines the motivation of perfume choice; another psychologist discusses odours and a perfumer looks at the effects of odours on human experience and behaviour. In the final chapter the editor compares the original author's views with those of today's experts and suggests which aspects are still valid and in what areas divergent views now prevail. This book is written principally to provide a scientific basis to the craft of perfumery and to enable formulators and marketers to understand why the smells they create and sell have the effect they do. It allows a systematic approach to the development of these products. Others outside the industry, including psychologists in academia, will find the book an essential reference source.

Fear of Falling - S. L. Jennings 2013-08-09

I can't remember the last time I felt completely safe. Security seemed more like a luxury to me, reserved for those who were fortunate enough to have picture perfect childhoods. For those who didn't bear the ugly scars that keep me bound in constant, debilitating fear. I've run from that fear my entire life. But when I met him, for once, I couldn't run anymore. He scared the hell out of me in a way that excited every fiber of my being. It wasn't the tattoos or the piercings. It wasn't the warmth that seemed to radiate from his frame and blanket me whenever he was near. It was just...him. The scary beautiful man that threatened to alter 23 years of routine and rituals, and make me face my crippling fear. My

name is Kami and I am constantly afraid. And the thing that scares me the most is the very thing I want. "Don't worry," he smiled, pulling me into the hard warmth of his chest. "I've got you. I'll always catch you when you fall." And just like that, Blaine had staked his claim on the untouched part of me that no living soul had ever moved. He had captured every fear, every reservation, and crushed them in the palm of his inked hand. *** This book deals with sensitive subjects such as domestic violence and sexual abuse. Not intended for readers under 17 years of age.

Enough to Make You Blush - Princess Kali 2015-11-08

Erotic humiliation goes far beyond the "Lick my boots!" stereotype. Princess Kali, a famous former Dominatrix and world-renowned Humiliatrix, throws open the dungeon doors to explore the complex desires that fuel this kind of psychological play for both dominants and submissives. Using both personal experience and extensive interviews she shares advice and detailed ideas for a broad range of embarrassing, humiliating, and degrading ways to enjoy consensual kinky fun. Also covered are important concepts such as communication, negotiation, consent, triggers, aftercare, and so much

Paper Bullets - Harold M. Weber 2021-10-21

The calculated use of media by those in power is a phenomenon dating back at least to the seventeenth century, as Harold Weber demonstrates in this illuminating study of the relation of print culture to kingship under England's Charles II. Seventeenth-century London witnessed an enormous expansion of the print trade, and with this expansion came a revolutionary change in the relation between political authority—especially the monarchy—and the printed word. Weber argues that Charles' reign was characterized by a particularly fluid relationship between print and power. The press helped bring about both the deconsecration of divine monarchy and the formation of a new public sphere, but these processes did not result in the progressive decay of royal authority. Charles fashioned his own semiotics of power out of the political transformations that had turned his world upside down. By linking diverse and unusual topics—the escape of Charles from Worcester, the royal ability to heal scrofula, the sexual escapades of the "merry monarch," and the trial and execution of Stephen College—Weber reveals the means by which Charles took advantage of a print industry instrumental to the creation of a new dispensation of power, one in which the state dominates the individual through the supplementary relationship between signs and violence. Weber's study brings into sharp relief the conflicts involving public authority and printed discourse, social hierarchy and print culture, and authorial identity and responsibility—conflicts that helped shape the modern state.

The Dark Prince - S. L. Jennings 2013-04-14

The Dark Prince is the sequel to Dark Light of the Dark Light Series "5 BIG BEAUTIFUL BRIGHT SHINING "LIGHT" STARS for this awesome sequel. I was worried because a lot of times they just don't live up to their hype but this one far exceeded my expectations and I think that you will all love it as much as I did!" - Wolfel's World of Books "I love when a second book tops the first and this is exactly what this book did for me. It just keeps getting better and better and by the time I was done I was silently cursing the heavens that I will have to wait to keep going with Dorian and Gabs." - Up All Night Book Blog "The Dark Prince is not your average PNR. I loved the fact that S.L. didn't go down the usual Vampire/werewolf path but gave us PNR lovers something so totally different and out of the box. Absolutely AMAZING!!!!" - First Class Books "The Dark Prince had it all: love, betrayal, heartache, suspense, murder, dark, light, raw, emotional, intense, sexy, steamy and HOLY HELL the hot men!!! I loved, loved, loved this book..." - Swoon Worthy Books *****Book 2 of the Dark Light Series***** Dorian Skotos is Dark. And although that brand of sheer, unrelenting evil is a direct threat to her life, Gabriella is tragically in love with him. Gabriella knew it was all too good to be true. The way his touch radiated electricity right to her core, the way his ice blue eyes somehow made panties drop involuntarily, how his sexy half-smile crumbled the barriers around her heart...Dorian was extraordinary in every way. She ignored the alarm bells for the sake of pleasure and a little slice of peace from her mixed-up life. She thought that whatever he was, she could help him. Maybe even change him. But now that the proof of Dorian's true identity and what he was sent for is staring her in the face, Gabriella can't deny the inevitable. And

confronting that truth could very well slaughter more than just her fragile heart. ***Intended for readers 17+ for sizzling hot sex, violence & language.***

Cultural Competence and the Higher Education Sector - Jack Frawley 2020-06-09

This open access book explores cultural competence in the higher education sector from multi-disciplinary and inter-disciplinary perspectives. It addresses cultural competence in terms of leadership and the role of the higher education sector in cultural competence policy and practice. Drawing on lessons learned, current research and emerging evidence, the book examines various innovative approaches and strategies that incorporate Indigenous knowledge and practices into the development and implementation of cultural competence, and considers the most effective approaches for supporting cultural competence in the higher education sector. This book will appeal to researchers, scholars, policy-makers, practitioners and general readers interested in cultural competence policy and practice.

The Sage Encyclopedia of Qualitative Research Methods: A-L ; Vol. 2, M-Z Index - Lisa M. Given 2008-08-21

An encyclopedia about various methods of qualitative research.

Taint - S. L. Jennings 2015-02-24

This no-holds barred, sexy New York Times bestseller pushes the envelope like no other novel has as it spins the titillating, enticing tale of one man who teaches women everything they need to know to make their partners happy in the bedroom...while making their own wildest fantasies come true. Right now, you're probably asking yourself two things: Who am I? And, what the hell are you doing here? Let's start with the most obvious question, shall we? You're here, ladies, because you can't f*ck. Oh, stop it. Don't cringe. No one under the age of 80 clutches their pearls. You might as well get used to it, because for the next six weeks, you're going to hear that word a lot. And you're going to say it a lot. Go ahead, try it out on your tongue. F*ck. F***ck. Ok, good. Now where were we? If you enrolled yourself in this program then you are wholly aware that you're a lousy lay. Good for you. Admitting it is half the battle. For those of you that have been sent here by your husband or significant other, dry your tears and get over it. You've been given a gift, ladies. The gift of mind-blowing, wall-climbing, multiple-orgasm-inducing sex. You have the opportunity to f*ck like a porn star. And I guarantee, you will when I'm done with you. And who am I? Well, for the next six weeks, I will be your lover, your teacher, your best friend, and your worst enemy. Your every-f*cking-thing. I'm the one who is going to save your relationship and your sex life. I am Justice Drake. And I turn housewives into whores. Now...who's first?

The Film Work of Norman McLaren - Terence Dobson 2006

Examines the technical processes McLaren used in making his films and the oscillation shown between abstract and representational imagery

Applied Eugenics - Paul Popenoe 2022-09-15

DigiCat Publishing presents to you this special edition of "Applied Eugenics" by Paul Popenoe, Roswell H. Johnson. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Light Shadows - S. L. Jennings 2014-12-23

Twenty-one years ago, Gabriella's life was stolen from her before it even began. Orphaned at birth and encompassed in a fortress of lies to protect her identity, she never truly understood her purpose on this earth. But now that she has ascended, embracing her destiny, the ghosts of her past have come back to haunt her. Even with insurmountable power running through her veins, part of Gabriella is irreparably broken. And with old enemies working to destroy the tiny shred of normalcy she has left, she'll be forced to face the ugly truth about Dorian, the man she chose to love despite his darkness. Everything she loved is a lie, and everyone she thought she knew is a stranger. And now that Gabriella is about to be thrust into the battle of her life, she discovers that she may be fighting for the wrong side. *This is book 3 of The Dark Light Series, the highly anticipated conclusion to Gabriella and Dorian's beautifully tragic love story.
