

The Sexual Person The Sexual Person

Sexual Ethics - Todd A. Salzman 2012-05-18

Two principles capture the essence of the Catholic tradition on sexual ethics: that each and every marriage act must remain open to the transmission of life, and that any human genital act must occur within the framework of marriage. In the Catholic tradition, moral sexual activity is institutionalized within the confines of marriage and procreation, and sexual morality is marital morality. But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church's absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition, especially since the Second Vatican Council. These

developments include the shift from a primary static worldview to a historically conscious worldview, one that recognizes reality as dynamic, evolving, changing, and particular. By employing such a historically conscious worldview, alternative claims about the moral legitimacy of controversial topics such as contraception, artificial reproduction, and homosexual marriage can faithfully emerge within a Catholic context. Convinced of the central role that love, desire, and fertility play in a human life, and also in the life of Christian discipleship, the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing. This comprehensive introduction to

Catholic sexual ethics—complete with thought-provoking study questions at the end of each chapter—will be sure to stimulate dialogue about sexual morality between Catholic laity, theologians, and the hierarchy. Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book.

Whole and Holy Sexuality - William F. Kraft
1998-12-17

Two exaggerations threaten a wholesome understanding of human sexuality today. The first is represented by the ceaseless, value-free quest for pleasure; the second focuses on rules and spiritual clichés that offer little practical counsel or support. Whole and Holy Sexuality is an insightful and enlightening handbook with concrete suggestions and support. It will help married, single and vowed celibate people to cope with, grow from, and enjoy sexuality.

Sexual Fluidity - Lisa M. Diamond 2008
Calls for new categories in sexual identity for women based on research that concludes that

they tend to be attracted to the individual rather than gender and their sexuality fluctuates more than men, which stays fixed once established.

The Sexual Person - Urban T. Holmes (Jr.)
1970

Gay People, Sex, and the Media - Michelle Wolf
2014-06-11

Here is a provocative book that examines precisely how and why mass communication has an impact upon the sexual realities of our lives. Written in response to a demand for information that cuts across many of the boundaries found in more traditional books on sexuality and mass communication, Gay People, Sex, and the Media covers a broad range of sexual identity, socialization, and mass communication issues and represents a variety of theoretical and methodological orientations. Although the chapters are diverse, they all focus on how the mass media--television, radio, films, newspapers, magazines, and recorded music--contribute

*Downloaded from
legacy.opendemocracy.net on 2021-04-21
by guest*

significantly to the very definitions we form of ourselves and of each other. In part, this informative volume discusses and analyzes several concerns regarding minority perspectives in the context of the the study of mass media content and effects; analyzes mediated information about AIDS and highlights the responsibility of the mass media to disseminate more accurate information; addresses the relationships between mass media content (primarily television) and sexual socialization; explores issues confronted by individuals whose sexual orientations are generally perceived as falling out of the mainstream; and provides a selective bibliography of print, aural, and visual resources on gay men, lesbians, and the mass media. Unique in contrast to other books of research on human sexuality and mass communication, *Gay People, Sex, and the Media* gives more than a passing reference to issues concerning sexual identity and gay and lesbian concerns. Scholars

and students of human sexuality, especially those who wish to explore their field from a communications perspective, will find this to be a valuable book. It is also useful to communications researchers and teachers, particularly those studying mediated communications in society, media ethics, and sex and the media. Finally, for professionals involved in creating or monitoring media content or forging public policy and community action programs in response to these issues, this volume serves as an essential sourcebook.

The Invisible Orientation - Julie Sondra Decker

growing number of people are identifying as asexual. They aren't sexually attracted to anyone, and they consider it a sexual orientation—like gay, straight, or bisexual. Asexuality is the invisible orientation. Most people believe that “everyone” wants sex, that “everyone” understands what it means to be attracted to other people, and that “everyone” wants to date and mate. But that's where asexual people are left out—they don't find other people sexually attractive, and if and when they say so, they are very rarely treated as though that's okay. When an asexual person comes out, alarming reactions regularly follow; loved ones fear that an asexual person is sick, or psychologically warped, or suffering from abuse. Critics confront asexual people with accusations of following a fad, hiding homosexuality, or making excuses for romantic failures. And all of this contributes to a discouraging master narrative: there is no such thing as “asexual.” Being an asexual person is a lie or an illness, and

it needs to be fixed. In *The Invisible Orientation*, Julie Sondra Decker outlines what asexuality is, counters misconceptions, provides resources, and puts asexual people's experiences in context as they move through a very sexualized world. It includes information for asexual people to help understand their orientation and what it means for their relationships, as well as tips and facts for those who want to understand their asexual friends and loved ones.

Addressing the Sexual Rights of Older People - Catherine Barrett 2017-11-02

There is growing evidence that the sexual rights of older people are not being met. One reason, perhaps the main reason, relates to the way that old age is viewed. In many cultures, being old is associated with decline and disease, which positions older people as dependent and powerless. Furthermore, an absence of positive or celebratory discourses around older people's sexuality is particularly striking. The book addresses a gap in research and policy. Using an

adaptation of the Declaration of Sexual Rights from the World Association of Sexual Health, it provides readers with an innovative and evidence-based framework for achieving the sexual rights of older people. Drawing on interdisciplinary research, it explores the cultural and social locations of old age and its intersections with sexual orientation, gender identity, and intersex status. Key themes include stigma, silencing, invisibility, prejudice, discrimination, and a lack of information, awareness, and understanding. Addressing the Sexual Rights of Older People: Theory, Policy and Practice is a text for academics, health professionals, social professionals, service providers, and policy-makers. It is a timely and insightful collection which suggests ways to apply the sexual rights framework, raise awareness, and engage communities in constructing strategies for reform.

Sexual Personae - Camille Paglia 1990-09-10
From ancient Egypt through the nineteenth

century, *Sexual Personae* explores the provocative connections between art and pagan ritual; between Emily Dickinson and the Marquis de Sade; between Lord Byron and Elvis Presley. It ultimately challenges the cultural assumptions of both conservatives and traditional liberals. 47 photographs.

Woman on Fire - Amy Jo Goddard 2015-09-29
Based on her sought-after sexuality workshops, the coauthor of *Lesbian Sex Secrets for Men* shows women how to master the nine elements of sexual empowerment to reclaim their desire and live the sexually fulfilling lives they want. In a culture that defines achievement in terms of the workplace and the family, and that judges women's worth by superficial standards of beauty, sexuality is often overlooked as an essential piece of women's power. Many women realize they want more sexually but don't know how to get it. Based on her sought-after workshops for women, Amy Jo Goddard lays out her holistic, inside-out approach to sexual

empowerment—one that examines sexuality not only in terms of what happens in the bedroom but through a lens of personal power and the erotic energy that is at our core. In *Woman on Fire*, she reveals how to elevate our sexual intelligence by mastering the nine Elements of a Sexually Empowered Life. Including stories from the thousands of women she has worked with, Goddard shares how to get (back) in touch with desire, explore vulnerability, and push the boundaries of what we think is acceptable. We will have not just better sex, but also more pleasure throughout life, more power in our work, and more deeply connected relationships. And we will discover what Goddard always reminds the women she works with: The more whole we are as sexual beings, the more fulfilled we are as human beings.

[Making Sense of Sex](#) - Adrian Thatcher

2012-06-21

All living creatures are sexed. Human beings belong to societies where traditions about who

can have sex with whom, and how, and when, are centuries old. Making sense of sex assumes that there is a rational way of understanding our basic drives. But our inevitable failure to get sex right is the beginning of a proper and theological understanding of sex. The Christian tradition, especially in its conservative forms, is often thought to be unhelpful in making sense of sex. Christian sexual ethics may seem overly demanding: holistic in theory, yet sexist and pessimistic in practice. Adrian Thatcher argues, however, that instead of being pessimistic about sex, Christians can be grateful realists instead. *Making Sense of Sex* draws on the resources of Liberal Theology to promote a mature union of spirituality and sexuality. Exploring topics such as desire, bodies and the Body of Christ, sexual difference, homosexuality, marriage, and Paul's reflection on 'flesh' and 'spirit', it will help to guide readers towards a spiritual understanding of shared sexual love.

[Eros and Ethos](#) - Jason Stotts 2018-02-09

Downloaded from
legacy.opendemocracy.net on 2021-04-21
by guest

Sexual ethics has historically been a bleak landscape of three false alternatives - resist, abstain, or indiscriminately indulge. In Eros and Ethos, philosopher Jason Stotts presents a radical new alternative in which sex is an ethically important part of a rich human life. He shows how sex is a significant expression of our character, because sex arises out of the deepest and most fundamental parts of who we are. On his account, virtue lies in proudly bringing desire in line with our flourishing so that we can create rich and meaningful lives.

Redeemed Sexuality - Tim Konzen 2019-03-12

You are a sexual person. Whether you are single or married, a teenager or an older single adult, God created you as a sexual person. So how do we inhabit our sexuality in a way that brings honor to God? And what exactly is sexuality? Is it just sexual intercourse? Or is it perhaps something much greater? God created them male and female. From the moment of our conception, we are born in this act of creation as

a sexual being. God's creation was the work of a master artist. It is vital that we discover both the artwork and the artist. God intended for sex to be a wonderful good. When someone allows God to guide them in how they engage in sex, it can be. However, sometimes sexuality has become a source of shame, guilt, pain, confusion, frustration, and sorrow. Sexual challenges can come from the choices we make, from the things that others do against us, and from the ways in which Satan has inundated the world with a tsunami of destructive words and images about sex. Those challenges can also come from the lack of being able to talk openly about sex. Perhaps you want to lead a life of sexual purity but you are finding it hard to find solid, biblical answers to some of the very real questions you have. You may feel like you've tried to bring up these things with those involved in your life but that you often receive the same-old trite and empty arguments about purity: "Just wait" or "Just repent" or "God has a plan. Be patient." So

*Downloaded from
legacy.opendemocracy.net on 2021-04-21
by guest*

how do we reconcile God's intricate and amazing plan for sex with the devastation, destruction, and frustration that sex outside of His plan can cause? How can we pursue purity and honor sexuality at the same time? What exactly is God's plan for sexuality for those who are not married? Redeeming Sexuality answers many of these and other questions that singles, teens, and parents ask the authors in their conferences and sessions, including: What is God's plan for sex? How should single, working professionals, college students, teens, and all other unmarried individuals understand their sexuality in light of God's plan? What is allowed and how far is too far? How can we have healthy, intimate connections with others? What is purity and how do we deal with temptation when it is so hard to escape? How do we work through the damage and pain that is already done? How can parents effectively communicate with their kids about sex? This comprehensive guide strives to bring clarity and understanding to topics that many

Christians have trouble discussing. Journey with us as we discover a vibrant understanding of God's plan for redeemed sexuality.
Becoming a Sexual Person - Robert T. Francoeur
1982

The Sexual Man - Archibald D. Hart 1994
This groundbreaking report of men and sex in the 90's refutes the current myths surrounding male sexuality and offers a sane view of what it means to be male, sexual and normal. Combining Dr. Hart's 25 years of counseling with results from a nationwide survey, The Sexual Man offers honest, carefully documented answers to men's questions about male sexuality. The Sexual Person - Todd A. Salzman 2008-05-21
Two principles capture the essence of the official Catholic position on the morality of sexuality: first, that any human genital act must occur within the framework of heterosexual marriage;

*Downloaded from
legacy.opendemocracy.net on 2021-04-21
by guest*

second, each and every marriage act must remain open to the transmission of life. In this comprehensive overview of Catholicism and sexuality, theologians Todd A. Salzman and Michael G. Lawler examine and challenge these principles. Remaining firmly within the Catholic tradition, they contend that the church is being inconsistent in its teaching by adopting a dynamic, historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static, classicist anthropology and worldview on sexual ethics. While some documents from Vatican II, like *Gaudium et spes* ("the marital act promotes self-giving by which spouses enrich each other"), gave hope for a renewed understanding of sexuality, the church has not carried out the full implications of this approach. In short, say Salzman and Lawler: emphasize relationships, not acts, and recognize Christianity's historically and culturally conditioned understanding of human sexuality.

The *Sexual Person* draws historically, methodologically, and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage, cohabitation, homosexuality, reproductive technologies, and what it means to be human. This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians, and between theologians and the Magisterium. [Sex These Days](#) - Jon Davies 1997-06-01
What has been lost, what has been gained, in replacing sexual orthodoxy with the 'heresies' of postmodern sexualities? In the recent past-even within living memory-sex has usually been a matter of monogamous heterosexual marriage and the procreation of children. Other sexual practices were seen as deviations from the 'patriarchal' norm. Today things are different, and western liberal societies promote and celebrate a growing multiplicity of sexual,

familial and procreational practices and relationships. Nine writers assess the directions in which our societies are being led.

The Sexual Century - Ethel Spector Person
1999-01-01

Over the course of the past century, sexual liberation has transformed the way in which most of us regard our bodies and live our sexual lives. Now a preeminent psychoanalytic theoretician on sex and gender discusses what has gone into this unquiet revolution—the roles played by sexologists and psychoanalysts, antibiotics and birth control, the liberation movements, and Freud’s insight that sex has as much to do with the mind as with the genitals. In this collection of new and previously published papers, Ethel Person writes of the centrality of sexuality to our identity. She describes the role of fantasy in desire, its different expression in the sexes, and the way in which desire is inevitably intertwined with power. Her classic papers on transvestism, transsexualism, and

cross-dressing homosexuals, written with Lionel Ovesey, help us to understand how gender and sex develop in all of us. The public acceptance of the transsexual, says Person, is emblematic of the profound scientific and intellectual shifts that have taken place in the past hundred years. The way that sex and gender develop and are experienced and expressed is the result not only of nature and nurture but also of the cultural zeitgeist, its unspoken values and biases.

Sex, Ethics, and Young People - M. Carmody
2015-05-06

Sex, Ethics, and Young People brings together research and practice on sexuality and violence prevention education. Carmody focuses on showing how the challenges faced by young people negotiating their sexual lives can be addressed by a six week interactive skill based Sex and Ethics Program.

Sexual Function in People with Disability and Chronic Illness - Marca L. Sipski 1997

at sexual functioning with disability and chronic illness. The basics are covered: taking a sexual history, the sexual response cycle, and how sexual functioning changes with age. This book also deals with special issues such as ethical considerations, sexual abuse and disability, and treatment of the partner of the person with a disability. Separate chapters deal with specific

illnesses and disabilities, with an explanation of how that illness or disability affects sexuality and sexual functioning in both men and women. Practical issues such as positioning and helpful tips are also defined for each disorder.
