a few men know what you're about to discover, so count yourself lucky and get ready. Please, don't abuse what you're about to discover - they never fail and some people even think it's mind control, but no, it's just a secret most men don't know about when it comes to getting their ex-girlfriends back, but you will know ALL of them soon. You must promise not to use it to hurt women. Are you dumb? I hope not. Why are you acting so irrational because of her? This book is not to pet you to stop crying or hurting, but to whop your ass so you can wake to reality and smile for the rest of your life in dating and getting your ex back like a real man. This is a bad boy's guide to getting your ex back with foolproof. I'm not here to sugarcoat the secret, but to give you the entire secret box. This is to say, you'll finally get all you need to get her back in no time. Getting your ex back is a game. If you can't play the game, you can't win the match. If you hate the word "game," you should also hate the word "relationship and sex." Why not you

stick to masturbation for the rest of your life? If you're not playing the game, someone else is. She probably is. I understand you want your ex back and at the same time, you are also thinking of moving on to something better. No, a spirit keeps telling you she's still the one. Please, don't let any spirit or instinct deceive you. At the end of this book, you'll get your ex-girlfriend back, but before that, I need to punish you for a mistake you just made. "What is the mistake?" you asked. Calm down, I'll reveal it to you soon and you'll be shocked. I have noticed a lot of men or women try to teach people how to get their exes back and they focus mainly on "No Contact Rule," "Make Them Jealous," and "Work on Yourself." Yes, they are right, but there is something missing which will make all the difference and in this book, you'll finally search no more. This is 100% guaranteed to get your ex back as long as you do as you're told and not cry like a toad. Men are going through a lot in this modern world where women claimed they run

[Hypnotize Your Wife Live a Better Life \[Or Your Girlfriend for That Matter\]](#) - The Nameless Hypnotist 2015-02-23

People have been conditioned to believe certain things about the way relationships should operate. Sometimes gender roles are blurred. In recent times this seems to be more evident, doesn't it? My beliefs, now, are that gender roles should be very specific and quite clearly defined. I believe that men are the stronger sex. I believe

that men tend to be more logical thinkers. I believe girls should be subservient; that is: prepared to obey their man unquestioningly and are, by nature, the weaker sex. I also believe when a girl knows her place and a man knows his place in a relationship that the relationship functions better and both sexes are happier. When a girl is docile; that is, ready to accept control or instruction; submissive, she knows instinctively that the relationship is solid and that she will be rewarded for her submissiveness. This causes her to lose her depression, her fear, and her feelings of uncertainty and constant confusion and lack of safety. These are positive benefits that have been forgotten by girls, which, when reminded, and rekindled, prove their significance and relevance to the girl's happiness. The more your girl accepts your control and instruction the more happy both of you will be, let me assure you. This is something most men and girls get excited about when they adhere to their

respective gender roles. In many ways this book will teach you a relationship system that utilizes conversational hypnosis; so that, as a man, you can define your relationship in this way, so you are happy and your wife or girlfriend is happy too. It is your responsibility to learn this information and even more your responsibility to implement it; that is, training your wife or girlfriend to be servient. Follow these instructions carefully and your wife or girlfriend will be the perfect little girl you've always hoped her to be. I promise. Grab Your Copy Now! Do not think twice; I promise it works!
