Annalucia Accardo

2013-02-05T00:00:00+01:00

Femminista, ebrea, pacifista, ecologista, storyteller, cantastorie, narratrice, poeta, Grace Paley pone al centro della sua vita e della sua poetica l'arte dell'ascolto, irrinunciabile punto di partenza per ogni sua creazione artistica. Chiunque voglia scrivere si deve disporre con orecchi affinati, allenati per ascoltare il linguaggio della casa, della strada, della famiglia, degli amici, della storia, della letteratura, fino a trovare la propria voce.

Ascoltare storie e raccontarle,

«nel modo più semplice possibile, allo scopo di salvare qualche vita» è stato il suo costante impegno, il suo metodo e il suo obiettivo, radicati nella convinzione che scrivere sia un atto politico e che la politica sia letteratura. Racconti, poesie e saggi nascono dall'urgenza di scrivere del crescere i figli, dei rapporti donna-uomo, di ambivalenze, speranze, fallimenti, tragedie, dei «piccoli contrattempi del vivere», sullo sfondo della Storia, che si snoda «mentre si lavano i piatti», in una New York popolata di donne, amiche e madri, che si sobbarcano il

peso del quotidiano. La cifra della sua scrittura è una leggerezza dissacrante; niente è tanto sacro da dover essere sottratto ad uno sguardo ironico. Ironizzare diventa così uno strumento per interporre una distanza che permetta di non rimanere sopraffatti dall'angoscia della memoria dell'orrore subito, come nel caso dell'olocausto, ma che aiuti a tentare comunque di affrontarlo. Insieme alle protagoniste dei suoi libri, Grace Paley dunque non si sottrae al riconoscimento delle atrocità della storia, ma rifiuta di rassegnarsi: la sua fiducia nella possibilità di «riparare il mondo», e la sua determinazione a provare a farlo, è una precisa scelta culturale, sociale e politica ed è una responsabilità che lei e le sue protagoniste si riconoscono in quanto donne, madri e scrittrici. Si tratta di una delle grandi figure della letteratura del Novecento: ha scritto relativamente poco, ma ogni sua sillaba distilla un mondo. *Concepts, Discourses, and Translations* - Barbara

Lewandowska-Tomaszczyk  
2022-06-06

This present book discusses issues related to languages, cultures, and discourses by addressing a variety of topics ranging from culture and translation, cognitive and linguistic dimensions of discourse, and the role of language in political discourses and bilingualism. By focusing on multiple interconnected research subjects, the book allows us to see the intersections of language, culture, and discourse in their full diversity and to illuminate their less frequented nooks and crannies in a timely fashion.

**Out on stage** - Sinfield Alan  
2020-10-22

Un testo autorevole e affascinante, pietra miliare degli studi del settore finalmente tradotto in italiano, che ripercorre i rapporti tra omosessualità e teatro da Oscar Wilde ai giorni nostri. Alan Sinfield dimostra come, al di là e a causa di censure e pudori, il teatro del Novecento è stato vissuto come uno spazio fondamentale per la

circolazione dell'immaginario omosessuale e per l'esplorazione dei concetti di genere e sessualità. Una panoramica che include tra gli altri Wilde, Maugham, Coward, O'Neill, Williams, Le Roi Jones e Orton, il West End e Broadway, così come piccoli club, Off-Broadway e fringe, e autrici come Djuna Barnes e Agatha Christie fino a Lorraine Hansberry e Caryl Churchill. Dai cambiamenti degli anni '50 all'attivismo degli anni '60, fino all'impatto che l'AIDS ebbe anche sulla produzione teatrale. Questo volume dimostra che la drammaturgia e lo spettacolo teatrale sono in grado di problematizzare i diversi modi di intendere l'identità e l'orientamento sessuali.

**She and Allan** - H. Rider H. Rider Haggard 2021-10-11  
Excerpt I believe it was the old Egyptians, a very wise people, probably indeed much wiser than we know, for in the leisure of their ample centuries they had time to think out things, who declared that each individual personality is made

up of six or seven different elements, although the Bible only allows us three, namely, body, soul, and spirit. The body that the man or woman wore, if I understand their theory aright which perhaps I, an ignorant person, do not, was but a kind of sack or fleshly covering containing these different principles. Or mayhap it did not contain them all, but was simply a house as it were, in which they lived from time to time and seldom all together, although one or more of them was present continually, as though to keep the place warmed and aired. This is but a casual illustrative suggestion, for what right have I, Allan Quatermain, out of my little reading and probably erroneous deductions, to form any judgment as to the theories of the old Egyptians? Still these, as I understand them, suffice to furnish me with the text that man is not one, but many, in which connection it may be remembered that often in Scripture he is spoken of as being the home of many demons, seven, I think. Also, to

come to another far-off example, the Zulus talk of their witch-doctors as being inhabited by "a multitude of spirits." Anyhow of one thing I am quite sure, we are not always the same. Different personalities actuate us at different times. In one hour passion of this sort or the other is our lord; in another we are reason itself. In one hour we follow the basest appetites; in another we hate them and the spirit arising through our mortal murk shines within or above us like a star. In one hour our desire is to kill and spare not; in another we are filled with the holiest compassion even towards an insect or a snake, and are ready to forgive like a god. Everything rules us in turn, to such an extent indeed, that sometimes one begins to wonder whether we really rule anything. Now the reason of all this homily is that I, Allan, the most practical and unimaginative of persons, just a homely, half-educated hunter and trader who chances to have seen a good deal of the

particular little world in which his lot was cast, at one period of my life became the victim of spiritual longings. I am a man who has suffered great bereavements in my time such as have seared my soul, since, perhaps because of my rather primitive and simple nature, my affections are very strong. By day or night I can never forget those whom I have loved and whom I believe to have loved me. For you know, in our vanity some of us are apt to hold that certain people with whom we have been intimate upon the earth, really did care for us and, in our still greater vanity-or should it be called madness?-to imagine that they still care for us after they have left the earth and entered on some new state of society and surroundings which, if they exist, inferentially are much more congenial than any they can have experienced here. At times, however, cold doubts strike us as to this matter, of which we long to know the truth. Also behind looms a still blacker doubt, namely whether they live at all. For some years

of my lonely existence these problems haunted me day by day, till at length I desired above everything on earth to lay them at rest in one way or another. Once, at Durban, I met a man who was a spiritualist to whom I confided a little of my perplexities. He laughed at me and said that they could be settled with the greatest ease. All I had to do was to visit a certain local medium who for a fee of one guinea would tell me everything I wanted to know. Although I rather grudged the guinea, being more than usually hard up at the time, I called upon this person, but over the results of that visit, or rather the lack of them, I draw a veil. My queer and perhaps unwholesome longing, however, re...

**Violets** - Kyung-Sook Shin  
2022-04-14

We join San in 1970s rural South Korea, a young girl ostracised from her community. She meets a girl called Namae, and they become friends until one afternoon changes everything. Following a moment of physical intimacy in a minari field, Namae violently rejects San, setting her on a troubling path of quashed desire and isolation. We next meet San, aged twenty-two, as she starts a job in a flower shop. There, we are introduced to a colourful cast of characters, including the shop's mute owner, the other florist Su-ae, and the customers that include a sexually aggressive businessman and a photographer, who San develops an obsession for. Throughout, San's moment with Namae lingers in the back of her mind. A story of desire and violence about a young woman who everyone forgot, VIOLETS is a captivating and sensual read, full of tragedy but also beauty in its lush,

Personal experience in language acquisition combined with a fresh approach to Dante's classical work brings a modern, readable format to the Inferno.
