The Secret World of Red Wolves - T. DeLene Beeland
2013-06-10

Red wolves are shy, elusive, and misunderstood predators. Until the 1800s, they were

common in the longleaf pine savannas and deciduous forests of the southeastern United States. However, habitat degradation, persecution, and interbreeding with the coyote nearly annihilated them. Today, reintroduced red wolves are found only in peninsular northeastern North Carolina within less than 1 percent of their former range. In *The Secret World of Red Wolves*, nature writer T. DeLene Beeland shadows the U.S. Fish and Wildlife Service's pioneering recovery program over the course of a year to craft an intimate portrait of the red wolf, its history, and its restoration. Her engaging exploration of this top-level predator traces the intense effort of conservation personnel to save a species that has slipped to the verge of extinction. Beeland weaves together the voices of scientists, conservationists, and local landowners while posing larger questions about human coexistence with red wolves, our understanding of what defines this animal as a

The Wayward Son - Howard George 2011-10-01

As an old man reflects on his life, this richly detailed historical novel goes back before his birth to the flight of the royal court from Naples to Palermo in December 1798 on the ships of Admiral Lord Nelson's depleted squadron. The Wayward Son: A story of Nelson and Emma Hamilton's secret son tells a side story about the relationship of Thomas Spencer, the admiral's steward, with Mary Hever, then a servant in the household of Sir John Acton. In time and setting this relationship parallels that of Lord Nelson and Emma Lady Hamilton, but in no other respect. For while the titled lovers can only indulge their relationship by concealment and subterfuge that fails to fool too many,

Thomas pursues Mary with a view toward marriage. At the same time, Nelson and Emma plan to conceal the pregnancy that Emma failed to abort. Mary transfers into the joint household of Lord Nelson and Sir William and Lady Hamilton in Palermo shortly before Mary's marriage to Thomas in 1799. At the same time, Nelson's fleet is attempting to recover southern Italy's mainland without the French and Spanish navies interfering. Lord Nelson arranges for Lady Hamilton to give birth on a transport ship as she tries to hide the true parentage of her child. And in the background, there lurks an old French enemy by the name of Napoleon Bonaparte. About the Author: Raised in South East Derbyshire, England, Howard George now resides in Llangollen, North Wales. He is working on his next historical novel. Praise for The Secrets of Power Selling "Finally a book that really does Keep It Simple. The Secrets of Power Selling is for anyone just starting their sales career as well as for seasoned sales professionals who are always looking to improve their skills. This is the reference guide for what it takes to have a successful sales career. With the changes happening in the workforce, our ability to sell ourselves becomes more and more important; Kelley has given us a tool to give us that edge." —Deane Parkes, CEO, Preferred Nutrition "If you're a business professional, The Secrets of Power Selling is a must read. The most powerful aspect of this book is that it distills over 17 years of successful sales and business experience into bite-sized chunks of powerful advice that you can read in short time frames. I give it my five-star rating." —David Frey, Author, The Small Business Marketing Bible "Wow! 101 no B.S. ideas any sales person can use immediately to produce results! Each one is a gem. I

wish the people who sell for me did all these." —Michael Hepworth, President, Results Exchange Inc. It's competitive out there and there's a lot expected of you in terms of results. But sales calls can be stressful, closing sales is not always easy, and hitting your sales targets month after month is difficult and frustrating. You don't get much formal training and it's impossible to find the time to improve your sales skills yourself. Besides, where would you even begin? Start with The Secrets of Power Selling! Its 101 quick tips are packed with great stories and practical advice that you can immediately put into action to help improve your sales results. Tips range from A to Z (okay, A to W!) on topics such as planning, setting goals, maintaining your health, developing your confidence, using free offers effectively, the importance of your personal appearance, and much, much more. Whether you are new to selling, an experienced veteran, a

business owner or entrepreneur, or a sales manager training, supervising, and coaching a team, you will learn valuable tips that will help you increase your sales and earn more money.

101 Ways to Find a Husband -
Maryam Piper 2017-07-19

The secret to finding a husband is to meet the right man. The secret to finding an ideal husband is to go about it in the right way. This applies to all relationships, and to get it right you may need to kiss a lot of frogs before you find your prince.

The Secret Life of Groceries -
Benjamin Lorr 2020-09-08

In the tradition of Fast Food Nation and The Omnivore's Dilemma, an extraordinary investigation into the human lives at the heart of the American grocery store What does it take to run the American supermarket? How do products get to shelves? Who sets the price? And who suffers the consequences of increased convenience and efficiency? In this alarming

exposé, author Benjamin Lorr pulls back the curtain on this highly secretive industry. Combining deep sourcing, immersive reporting, and compulsively readable prose, Lorr leads a wild investigation in which we learn: • The secrets of Trader Joe's success from Trader Joe himself • Why truckers call their job "sharecropping on wheels" • What it takes for a product to earn certification labels like "organic" and "fair trade" • The struggles entrepreneurs face as they fight for shelf space, including essential tips, tricks, and traps for any new food business • The truth behind the alarming slave trade in the shrimp industry

The result is a page-turning portrait of an industry in flux, filled with the passion, ingenuity, and exploitation required to make this everyday miracle continue to function. The product of five years of research and hundreds of interviews across every level of the industry, *The Secret Life of Groceries* delivers powerful social commentary on the

inherently American quest for more and the social costs therein.
