The Disappearing Spoon Sam Kean 2011 The infectious tales and astounding details in 'The Disappearing Spoon' follow carbon, neon, silicon and gold as they play out their parts in human history, finance, mythology, war, the arts, poison and the lives of the (frequently) mad scientists who discovered them.

Adventures in Two Worlds A. J. Cronin 2013-08-15 *Adventures in Two Worlds* - an autobiographical novel by A J Cronin, creator of television's Dr Finlay and author of *The Citadel* and many other bestsellers. A master storyteller, A J Cronin presents possibly his most fascinating tale. Taking material directly from his own life, he tells of the early struggles of a poor medical student in Scotland, the cruel crushing of all hopes of becoming a surgeon, the years as a ship's doctor and, later, life in the country practice that was the real Tannochbrae. There are many strange twists and turns - not the least of them the dramatic move from the world of medicine into that of literature when a novel 'written despairingly on twopenny exercise books, thrown out and rescued from the rubbish heap' was accepted by a publisher. And with Hatter's Castle a new career was born.

Who is this sophisticated woman that speaks arcane African tongues, quotes from obscure comics and Star Wars movies, yet seems somehow too ethereal for the world Hamza inhabits? And what is the lost artifact that she and a cast of coiffed collectors and criminal cultists so desperately seek? As Hamza falls blindly in love with Sherem, little does he know that he and Yehat play the biggest part of all in the recovery of the ancient relic—and in the future of all living beings. . . .

their toughest obstacles yet as a family-gaining the approval of Felix's Mercenary Guild family-but their original assignment isn't over. While leads within the Guild haven't panned out, new ones have come to light? On Earth. Now they are headed for Denver, Colorado, and Jason, which brings a whole new set of problems. So, Blue makes a new list, just for this operation: Bring down the bad guy. Don't get killed. Introduce guys to Mom. Bring mistress Trevon into the prida. Figure out the mystery that is Jason. Not necessarily in that order, of course. But when they arrive back on Earth, her list and her plan are thrown out the window. What they discover will lead them on a chase through not only Earth, but back to Karran and the mysteries of the Waste, where they will face down an enemy more ancient and powerful than any of them knew existed.

It's quite a list, but with the help of her husbands, she'll be able to tackle it all, including the possibility of adding to their little family. But when a new and deadly drug surfaces, pulling them all into another investigation and adventure, Blue will need to jump into life as a probationary agent of the Order much earlier than anticipated. Oh, yeah, and there will be carnage. Kitty-carnage that is...

[The Wind in the Willows](#) Kenneth Grahame 2020-02-28 The Mole

had been working very hard all the morning, spring-cleaning his little home. First with brooms, then with dusters; then on ladders and steps and chairs, with a brush and a pail of whitewash; till he had dust in his throat and eyes, and splashes of whitewash all over his black fur, and an aching back and weary arms. Spring was moving in the air above and in the earth below and around him, penetrating even his dark and lowly little house with its spirit of divine discontent and longing. It was small wonder, then, that he suddenly flung down his brush on the floor, said 'Bother!' and 'Oblow!' and also 'Hang spring-cleaning!' and bolted out of the house without even waiting to put on his coat. Something up above was calling him imperiously, and he made for the steep little tunnel which answered in his case to the gravelled carriage-drive owned by animals whose residences are nearer to the sun and air. So he scraped and scratched and scabbled and scrooged and then he scrooged again and scabbled and scratched and scraped, working busily with his little paws and muttering to himself, 'Up we go! Up we go!' till at last, pop! his snout came out into the sunlight, and he found himself rolling in the warm grass of a great meadow.

Fire in the Minds of Men James H. Billington 1999 This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main

stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

A Mythic Journey Edward Diller 2021-10-21 Although The Tin Drum has often been called one of the great novels of the 20th century, most critics have been baffled in attempting to draw its apparent chaos into a single literary framework. Here is the full-length study to penetrate the brilliance of Gunter Grass's style and uncover the novel's mythopoetic core. In A Mythic Journey: Gunter Grass's Tin Drum, author Edward Diller convincingly demonstrates the still valid relationship between modern and classical literary criticism. By reading The Tin Drum as both modern myth and historical epic, he provides a profound and sensitive interpretation of one of the masterpieces of 20th century literature.

A Forgotten Goddess Cecilia Randell 2018-09-21 Goddess.

Forgotten. Dismissed. Bat Sitru has been alone for millennia. Once the favored goddess of Upper and Lower Egypt, she is now nothing but a shadow of herself — no followers, no temples, and only the overly mischievous cat-goddess Bastet for a friend. When a lone vision shows her a land of green slopes, mist, and rainbows, she takes a leap and heads for Ireland. But visions can be tricky, tricky things, as can the fae, even for a goddess. Arriving in Sligo, Ireland, she finds herself cold, damp, and with a set of not particularly welcoming landlords—the O'Loinsigh brothers—who hold secrets of their own. On top of all that, she is confronted by a dead leprechaun on the rear stoop, a dagger that sucks the life of immortals, and territorial gods. As past secrets collide with the present, will Bat be able to carve a place for herself in this new land? Or will this goddess be forgotten once more? *The Forgotten* is a slow burn, reverse harem love story, filled with a weaving of Irish lore and Egyptian mythology; oh, and whiskey and tea and pixies, oh my!

Fostering Faust Randi Darren 2019-06 ((Minor Spoiler and Warning at the bottom of the blurb. Please read all the way

through.))The war with Gaelis has gone poorly for Alex's foes and well for his allies. He's enriched himself, empowered his county with that coin, and built his county ever higher.The war swings in favor of his Duchess.Yet the war still goes on. The end doesn't seem to be near, nor does Alex feel as if it is as simple as he'd once thought it.Alex would rather settle down in his county and live a quiet and enjoyable life. One filled with familial things and friends. Where he could make his county the pride of the empire in peace.Because he'd already gotten to the top once before. He'd climbed the corporate ladder in his previous life and missed out on really having one.Having friends. Or just a family.Now Alex wants only for the simple things. Things that have no place on the battlefield, kingdom politics, or the courts.That of course doesn't matter much when fate is concerned. Or really everyone else in the empire. They all have their own plans that all seem to run counter to Alex's.Fortunately, Alex has been preparing. Making changes and building his foundation and seat of power ever higher.He's empowered the people he relies on and in. His armies are expertly trained and almost over- equipped. His treasury is overflowing and ready to be spent.Even with all of that, Alex isn't sure it'll be enough for what he believes is coming.Because spring is here. And that means roads will be opening. Passes will be traversable.Making it possible for armies to march.Which means it's time for Alex to get back to work. Because more than ever he has a lot to lose, including his newborn children. If he wants to keep them safe, he's going to have to ride to war once again.And end it once and for all no matter the cost.Warning: This novel explores dark subjects, and what people will give up of themselves, and each other, to get what they want. The main character is written as a real person in a tough situation and will not make choices that line up with societal and cultural norms.It contains adult themes and moral ambiguities.As with my previous work, explicit scenes are found within. It has violence and a harem relationship.

More Brilliant than the Sun Kodwo Eshun 2020-02-04 The classic work on the music of Afrofuturism, from jazz to jungle *More Brilliant than the Sun: Adventures in Sonic Fiction* is one of the most extraordinary books on music ever written. Part manifesto for a militant posthumanism, part journey through the unacknowledged traditions of diasporic science fiction, this book finds the future shock in Afrofuturist sounds from jazz, dub and techno to funk, hip hop and jungle. By exploring the music of such musical luminaries as Sun Ra, Alice Coltrane, Lee Perry, Dr Octagon, Parliament and Underground Resistance, theorist and artist Kodwo Eshun mobilises their concepts in order to open the

possibilities of sonic fiction: the hitherto unexplored intersections between science fiction and organised sound. Situated between electronic music history, media theory, science fiction and Afrodiasporic studies, *More Brilliant than the Sun* is one of the key works to stake a claim for the generative possibilities of Afrofuturism. Much referenced since its original publication in 1998, but long unavailable, this new edition includes an introduction by Kodwo Eshun as well as texts by filmmaker John Akomfrah and producer Steve Goodman aka kode9.
