So when she's offered one chance to survive, she has to take it. Except that chance will take her to another world that's nearly 100% covered by water in the company of an alien merman...who claims she is his fated mate. As commander of the western fleet on Tritona, Coriolis Kelyre fought long and hard against the cruel land-dwellers who poisoned the seas. When he's given one last task after the war -- to take an alien bride to help save his world -- he'll do what he's told, just as he's always done, even if the bride he's sent to retrieve makes him question everything he's sacrificed. Orion Tasha Black The Arkadian Brides Agency is about to send Hailey to paradise. Hailey always thought she was a member of the noble poor in Arkadia's underworld. Cross Elsa Jade 2020-09-28 A strange bargain... Tyler Lang took the offer for a data-processing job in Sunset Falls, Montana—"Big Sky Country: Where the stars are close enough to touch!"—as a chance to escape a humiliating breakup. Mr. Evens' Odds & Ends Shop sounded like a great place to

hide and focus solely (meaning ALONE) on her beloved numbers. Except she's constantly distracted by the looming presence of the shop's weirdly hot security guard. What kind of thrift store in the middle of nowhere needs protection? Not to mention a guard literally hot enough to make her computer smoke. These numbers just aren't adding up. A secret task... As captain of his banished beast battalion, Wyvryn Cross will take any job that keeps his fighters free from intergalactic incarceration. He'll even work for a devious Dirter who claims to be reopening a defunct Intergalactic Dating Agency outpost on Earth. Cross doesn't believe in a "universal mating algorithm"...until his smoldering gaze alights on the shy female who doesn't know anything about aliens on Earth and doesn't even realize she's writing a love code. Unfortunately, suddenly smoldering eyes are a bad sign in a Wyvryn. A last chance... They should just do their jobs and go their separate ways, but when a mysterious saboteur tries to shut down the Intergalactic Dating Agency before it opens, Tyler and Cross must work together to perfect her code. Even if that demands some hot kisses under the bright Montana stars. Read all the books of the Intergalactic Dating Agency: Big Sky Alien Brides: Beast Battalion - Cross - Sol - Zenith

Mach One ~ Delta V ~ Big Bang ~ Theta On the outskirts of the Big Sky Intergalactic Dating Agency, the Cyborg Cowboys of Carbon County are rounding up earthly pleasures for their forever mates... Mach One Oversized Montana rancher Mach Halley's very big

Stetson and giant belt buckle are hiding a secret of cosmic proportions: He's a CWBOI (Custom War Bionic/Organic Imperson). When his warship of cyborg warriors crashed on Earth 150 years ago, he kept the survivors alive and hidden. But with a dormant member of his unit about to be born, he needs a healer—even if the pretty little lady doc must forget everything she sees. Making a name for herself in rural veterinary medicine has been tough for Doctor Chien Lun-mei, so she takes a strange midnight call to prove her worth—only to discover a secret wilder than any bucking bronc. If she rants about UFOs and ETs, she'll be laughed out of the county, but this strong, silent cowboy who feels even more out of place than she does touches her in more ways than one. Together they'll fight to save an alien life, but for Mach to escape a war he never wanted, he'll have to risk an alien love. Delta V Deltas were always the most expendable among the CWBOIs, and Delta V was fifth of nothing. But since the crash that left his troop marooned on Earth, Delta has found some small pleasures—soft dogs, sweet donuts, seducing the neighboring rancher. Wait, what? For the first time in her fifty years, Big Sky Country is feeling small and lonely to Montana rancher Lindy Minervudottir. With the five-year anniversary of her wife's death looming, she's not sure if the future matters. But then a futuristic fighter flies into her life. Earth is a small, blue marble in the vastness of space, and two needy hearts are smaller yet. But with an old enemy closing in, the world itself hangs in the balance. Big Bang It's Christmas in Carbon County, and not a creature is stirring, not even a cyborg... In the matrix of genetically and cybernetically enhanced contract killers, he was the Omega—brought out only the last resort, the final answer, the end times. Cosmo is a time bomb forever set to 00:00:00:01. Vic Ray thought she was so smart. As a reformed black-hat hacker, she cracked every code—except the one that explains people. And then she found out about aliens. At least she doesn't have to be nice to a killer robot like Cosmo to get what she wants: Off this world.

When an old enemy and a new one join forces to expose the CWBOIs on Earth, Cosmo and Vic will have to figure out what it means to love before everything they know is lost forever. Can the Spirit of Christmas teach a deadly cyborg and a misanthrope to believe in a future together? Theta The Theta shroud designation was always meant to be an outsider—a spy and saboteur lurking on the fringes of the elite cyborg soldiers. So Troy Lehigh stayed apart from his brothers while they lived and loved. A Theta could never hope for such a bond. His only desire is to destroy the consortium that doomed him to solitude. But then, a hundred and fifty years ago, he met a sassy soiled dove in a Montana saloon... Nell Dearly had wandered too far from home and was struggling to survive. But the long-lost farm girl has no idea just how far out she'll go. The cyborg cowboys of Carbon County have fought for each other, for love, and for Earth itself. But the consortium they escaped never stopped seeking them. Now every star they see from Big Sky Country is in danger, and only a lonely Theta and the saloon girl he kissed once upon a time might save us.

Il Rapimento di Cenerentola A. Zavarelli 2022-02-15 Ogni reale ha il suo piccolo e sporco segreto. Il suo ero... io. Avrebbe dovuto essere semplice. Vado al ballo, incontro il principe, e mi assicuro il suo patrocinio per il mio ente di beneficenza preferito. Ma sotto la maschera, la bestia minacciosa di un uomo non era affatto quello che mi aspettavo. Era oscuro, intenso e stranamente silenzioso. Quando me ne sono andata, sentivo ancora il fuoco del suo tocco sulla mia pelle. Ha infestato i miei

sogni, ma non mi sarei mai aspettata di rivederlo. Poi, è venuto. E mi ha presa. E ho imparato che la sua oscurità era un vuoto che non avrei mai potuto concepire. È il principe ereditario. E ora, sono sua prigioniera.

The End of the World Maria Manuel Lisboa 2011 Our fear of the world ending, like our fear of the dark, is ancient, deep-seated and perennial. It crosses boundaries of space and time, recurs in all human communities and finds expression in every aspect of cultural production - from pre-historic cave paintings to high-tech computer games. This volume examines historical and imaginary scenarios of apocalypse, the depiction of its likely triggers, and imagined landscapes in the aftermath of global destruction. Its discussion moves effortlessly from classic novels including Aldous Huxley's *Brave New World*, George Orwell's *Nineteen Eighty-Four* and Margaret Atwood's *Oryx and Crake*, to blockbuster films such as *Blade Runner*, *Armageddon* and *Invasion of the Body Snatchers*. Lisboa also takes into account religious doctrine, scientific research and the visual arts to create a penetrating, multi-disciplinary study that provides profound insight into one of Western culture's most fascinating and enduring preoccupations.

And now she's stuck in the mountains by herself—until her one-woman pity party gets crashed by a wild, red-haired man with no memories, strange dragon-ish tattoos, and a scorching touch... Though he has forgotten his name, his beast, and the freedom of space, the feverish urge to claim Tisha grows stronger with every night under the pale light of Earth's solitary moon. But if he finds his way back to his ship and himself, how can he burn forever with his bold, bright Earther girl? DARK MATTER While it is a verifiable reality that the universe is vast and strange, no one in all those lightyears could ever love an emotionless, soul-sucking space vampire. Unless there are deeper truths out there somewhere... The secretive, ancient species of the vrykoly were designed to pilot the deathly cold distances of space,

and Ivan has never known anything else; even his dreams have always been black and empty. Though he guides the Sinner's Prayer to a neglected little planet to find brides from the Intergalactic Dating Agency, Ivan dispassionately considers bonding and mating to be irrational pursuits. But when his captain and first officer find incandescent love with the extraordinary females of Earth, this vrykoly is forced to wonder if he was—dare he say it?—wrong. After the tragic death of her first love, Montana river guide Delaney Nazario thought she'd be alone forevermore. So she quietly signed up with the Big Sky matchmaking outpost in Sunset Falls, hoping an alien will whisk her away. Instead it was her two roommates who found their mates—also staving off an attack by interstellar mercenaries trying to kidnap Earth women. Now Del is being guarded by a silent, hulking, scary vrykoly—who might be the only being in the universe she could never, ever date. But while there are deeper truths in the universe, there is also secret menace. And Big Sky's only hope is a space vampire who's never felt anything and an Earther girl who feels too much. AFTER BURN When Vaughn Quaye's older sister goes missing in Big Sky Country, she's willing to risk everything to hunt down the only man who seems to know anything about the mysterious mail order bride agency that closed under suspicious circumstances. Except Vaughn is risking more than her life—she's discovering a universe of danger and desire she never knew existed. Dejo Jinn, sole proprietor of Jinn Data Recovery, just wants to steal—no, sorry, not steal, recover—the data left behind at the abandoned Intergalactic Dating Agency when it was forced to close after mistakenly losing some brides. He has no interest in revealing his extraterrestrialness to a clueless if distractingly curvy Earther, but after they are attacked and she sees his green blood, his secret is outed. Now reluctant partners, he'll have the chance to steal—sorry, recover—the valuable data and she'll get her sister back. Assuming they don't end up dead. Or worse yet, end up dating. _____ For readers who

Theta Elsa Jade 2019-09-13 The cyborg cowboys of Carbon County thought they'd finally won the day... The Theta shroud designation was always meant to be an outsider—a spy and saboteur lurking on the fringes of the elite cyborg soldiers. So even as he built a personality out of the dust of Diamond Valley, Montana, Troy Lehigh stayed apart from his brothers while they lived and loved. A Theta could never hope for such a bond. His only desire, from the first moment he stole his consciousness from the soulless programming that controlled him, was to destroy the consortium that doomed him to solitude. He would've done it too, except his brothers chose love over war and trapped him in their midst. But then, a hundred and fifty years ago, he met a sassy soiled dove in a Montana saloon... Nell Dearly had wandered too far from home and was struggling to survive. But the long-lost farm girl has no idea just how far out she'll go... The cyborg cowboys of Carbon County have fought for each other, for love, and for Earth itself. But the shroud consortium they escaped never stopped seeking them. Now every star they see from Big Sky Country is in danger, and only a lonely Theta and the saloon girl he kissed once upon a time might save us.

Sol Elsa Jade 2020-10-21 She doesn't believe in alien life on Earth... Brin Andersen is a hoax buster with a big internet following. And now she's on a quest to reveal the most ridiculous hoax ever: the rumor of—get this—an extraterrestrial dating service in some tiny Montana town. But after her production equipment is stolen, she's stranded without resources. When an aloof, sexy security

guard asks for her help with a missing person search, maybe this episode featuring the would-be secrets of Sunset Falls won't be a total bust after all. He doesn't believe in alien loving on Earth... Fynix Sol is to blame for his beast battalion's exile from Xymir. And now they are hiding on Earth until they can bind their hungry beasts to willing mates. But that chance will be lost if the IDA outpost reopening fails to launch. Sol knows he doesn't rate a mate, not after what he did, but if he can trick an unsuspecting Earther into finding the missing proprietor of Evens' Odds & Ends Shop, at least his crew might be saved. He just needs to keep his beast hidden from the sharp-eyed, softly curved Brin. They're both wrong. But together they are oh-so right. It's hard to believe in the power of love, especially when some mysterious adversary is confounding them. Can Brin and Sol trust each other long enough to discover who hates love enough to destroy the Big Sky Intergalactic Dating Agency before it begins again?

The Ko want us erased from existence and memory. They don't even want our DNA in the space dust. Humans disguise

themselves as other alien species and hide in plain sight. It's the only way we can survive. I believe in the myth of Earth. I've even discovered a bona fide book written in the dead language of my people. My man, Brody, dreams of a secret human colony.
