Words Need Love Too Kamau Brathwaite 2003-10-31 Words Need Love Too represents both a summation " a drawing together of concerns that the poet has explored in his writings through the previous ~years of salt(tm) " and a turning point, a hopeful new beginning. With hindsight we can already see the shadow of events like "eoenine eleven" which happened when Brathwaite was in New York, living only blocks away from the World Trade Centre " that inevitably drives the poet and his writing back into explorations of the dread spectrum. But for the optimistic epithalamium moment of ~Words Need Love Too(tm) the visionary celebration of poems like ~Agoue(tm) again seems both possible and important to this poet whose early work had been as much about celebrating connection and the possibilities inherent in the Caribbean(tm)s rediscovery of its African heritage as it had been concerned to chronicle the barbarities and hurts of the process of cultural alienation that made such a rediscovery necessary. In terms of the prevailing tone of Brathwaite(tm)s later writing that optimistic moment may be short lived but Words Need Love Too serves as an important reminder of the emotional and spiritual range of this great

Land of Love and Drowning Tiphonie Yanique 2014-07-10 Recipient of the 2014 American Academy of Arts and Letters Rosenthal Foundation Award A major debut from an award-winning writer—an epic family saga set against the magic and the rhythms of the Virgin Islands. In the early 1900s, the Virgin Islands are transferred from Danish to American rule, and an important ship sinks into the Caribbean Sea. Orphaned by the shipwreck are two sisters and their half brother, now faced with an uncertain identity and future. Each of them is unusually beautiful, and each is in possession of a particular magic that will either sink or save them. Chronicling three generations of an island family from 1916 to the 1970s, *Land of Love and Drowning* is a novel of love and magic, set against the emergence of Saint Thomas into the modern world. Uniquely imagined, with echoes of Toni Morrison, Gabriel García Márquez, and the author's own Caribbean family history, the story is told in a language and rhythm that evoke an entire world and way of life and love. Following the Bradshaw family through sixty years of fathers and daughters, mothers and sons, love affairs, curses, magical gifts, loyalties, births, deaths, and triumphs, *Land of Love and Drowning* is a

St. Barts Emme Cross 2014-03 Sunny O'Hara hopes to call the tiny slice of France her new home. Her parents met and fell in love on the Caribbean island, but she and her dad left after her mother's death. Sunny is back on St. Barts hoping to build rental villas on some family land and finally have a social life after nursing her father until his death. Sunny hasn't dated and sometimes feels as though she's wearing a scarlet "V" on her chest. Enter Sven Larsen, a Hollywood bad boy, a movie star in the making. He's on St. Barts for what could be a career-changing role. He's also antsy. His steady diet of booze and eager bed partners has left him feeling empty. He wants something more, something real. He's intrigued by the strange woman he meets cooking after hours at a local restaurant. When she turns up on set as a translator, he gives in to temptation and asks her out. Sunny turns the table at dinner and propositions her date. Will he be her sexual mentor? Sven is shocked, intrigued, and ultimately enthusiastic. The lessons proceed in scorching secrecy, but word leaks out, and soon the tabloids are hunting for Sven's latest lover. Not everyone is pleased about the liaison. Sunny's friend, Mimi, worries that she's in over her head. Sven's friend, Clyde, worries the actor is getting too attached. As lust flares into love, someone decides to take drastic action and the romance between the virgin and the movie star takes a tragic turn. St. Barts is a novel about the allure of celebrity and fame, about the enduring need for roots, and ultimately, about love. It's also a love letter to a beautiful island.

Family Love in the Diaspora Mary Chamberlain 2017-07-05 Colonial social policy in the British West Indies from the nineteenth century onward assumed that black families lacked morals, structure, and men, a void that explained poverty and lack of citizenship. African-Caribbean families appeared as the mirror opposite of the "ideal" family advocated by the white, colonial authorities. Yet contrary

to this image, what provided continuity in the period and contributed to survival was in fact the strength of family connections, their inclusivity and support. This study is based on 150 life story narratives across three generations of forty-five families who originated in the former British West Indies. The author focuses on the particular axes of Caribbean peoples from the former British colonies of Jamaica, Trinidad and Tobago and Barbados, and Great Britain. Divided into four parts, the chapters within each present an oral history of migrant African-Caribbean families, demonstrating the varieties, organization, and dynamics of family through their memories and narratives. It traces the evolution of Caribbean life; argues how the family can be seen as the tool that helps transmit and transform historical mentalities; examines the dynamics of family life; and makes comparisons with Indo-Caribbean families. Above all, this is a story of families that evolved, against the odds of slavery and poverty, to form a distinct Creole form, through which much of the social history of the English-speaking Caribbean is refracted. "Family Love in the Diaspora" offers an important new perspective on African-Caribbean families, their history, and the problems they face, for now and the future. It offers a long overdue historical dimension to the debates on Caribbean families.

Love and Power Eudine Barriteau 2012 A significant focus of the Nita Barrow Unit of the Institute for Gender and Development Studies has been on the centring of power in Caribbean scholarship on gender. This collection explores the theme of power to expose the disruptions and dangers lurking in Caribbean discourses on gender and love when these are approached from interrogating the currencies of power continuously circulating in their operations. Love and Power: Caribbean Discourses on Gender makes several major contributions. The chapters are vibrant and grounded in the complex realities of the contemporary Caribbean even as they challenge canonical thought. The authors simultaneously critique and create knowledge about the lives of women and men within the Caribbean and its diaspora. They employ a range of analytical frameworks to dissect history, international relations, philosophy, intimate partner violence, feminist thought and activism, mothering, masculinities, diasporic migration, international finance, entrepreneurship, erotica, and desire. The book ruptures the feminist silences around love, lust and living in Caribbean societies and discourses. It problematizes the intersections of love and power, love and the power of the erotic, and gender and the love of power. The volume offers a significant contribution to Caribbean thought by documenting the work of scholars who are creating a multidisciplinary language on relations of gender. Co-published with Institute for Gender and Development Studies: Nita Barrow Unit, University of the West Indies, Cave Hill.

Love Has Two Moons And Other Stories Franklin Mohan 2021-04-08 Love Has Two Moons is a novella followed by Other Stories, the first collection by Franklin Mohan. The central theme of the four stories in this collection is about racial attitudes affecting peoples of Caribbean origin in settings in Canada and the West Indies. The common thread among them: prejudice is fed by ignorance of the humanity of other races, and when the characters become intimately familiar with one another, they realize that differences among tribes are but superficial and can pave the way for mutual respect and acceptance. Although fictional, the stories draw upon the author's observance of events witnessed when he lived, studied and worked in various localities in Canada and the USA, and in the Caribbean islands of Jamaica, Barbados, and in Trinidad where he spent his childhood and early teenage years. The author uses humour to illustrate subtleties in racial differences and similarities with instances that engender emotional responses from the reader. NOVELLA: Love Has Two Moons It's been ten years since his wife passed away, and now Ram, tells his son Charlie that his first love on the island of Trinidad was not Charlie's mother! To add to Charlie's consternation, he finds out that his father has now made contact with the woman, Jing, and even though it's decades later, they are planning to meet again in Miami. The perplexed Charlie insists on hearing the full story of his father's first love. How Charlie reacts on hearing the story and how the planned

reunion between Ram and Jing turns out, proves to be a captivating story for all ages. SHORT STORY: Bonobo The Beater Earning an education in the islands was never easy in colonial times when the entire system was predicated on a method of Do as I say. Teachers, like Bonobo The Beater were specialists in the art of physical intervention on students to ensure they saw the error of their ways. On one particular day, Charlie Bhat and his erstwhile pal, Goady, will find out what it's like when they come under Bonobo's scrutiny for a minor transgression. The effects of this encounter will be long-lasting. SHORT STORY: Oh God, I'm Black Byron McQueen, an avowed racist in a small island in the Caribbean where Whites dominate the economy and are still at the top in the hierarchy, has to come to terms with his prejudices when he is subjected to a forced chemical change. How he responds during this time and how others react to him, will leave the reader either jumping for joy or apoplectic. SHORT STORY: The Visit A couple-he of East Indian background from Trinidad- nervously await the arrival of the wife's father, a farmer from rural Saskatchewan, whose perceptions of coloured people comes mainly from National Geographic documentaries, and who was violently opposed to the marriage in the first place. This is the father's first visit to celebrate the birthday of the mixed couple's daughter whom he has never seen. How it has played out over the past eleven years of their marriage and how it ends on The Visit forms the basis for this enchanting tale of racism and cultural divide.

Caribbean Kiss Edwin P. Cutler 2006 Caribbean Kiss is a love story, set in the beautiful Caribbean Islands. Amanda, a wealthy young widow, is struggling to become herself in a world where men have questionable, if not downright lascivious motives. Her dilemma is expressed to the reader through the eyes of a young man, Stacy Biddle. He is confused by her dramatic mood swings, and sees her at

one moment as bright and beautiful then later as an alcoholic sniveling wimp. Amanda's suicide attempt haunts the story with speculations as to the cause: Did she murder her husband? Was she abused by her dead husband's cousin? Why would a wealthy young woman want to die? Stacy wants adventure on the high seas, but is plagued by his own physical drives. He is seduced by a greedy young woman, Melissa, who wants to marry rich. But, since he is an eligible bachelor, everyone jumps to the conclusion that he is the solution to Amanda's problem, and he soon finds himself in a position to fool the local judge and save her wealth from her dead husband's cousin by agreeing to a non-intimate marriage. The story takes readers to the lush Caribbean Island of St. Lucia and walks them on the sandy beaches, swims them in the warm waters, and basks them beneath blue skies where cruise ships and jet planes help thousands of tourists flee the grasp of snow and ice in northern climes. Amanda's stream of consciousness is denied the reader in order to conceal the real tragedy that is gnawing at her soul. Her problem is revealed in the climax when she confesses the abuse she suffered while married to her psychopathic husband who was lost at sea under questionable circumstances. When Amanda falls overboard in a hurricane, Stacy discovers it is she he loves, not the greedy Melissa. Amanda survives but everyone back home thinks she drowned. Several readers said they saw the sandy beaches, heard the palm trees whispering in the wind and felt the warmth of the tropical sun. One said Amanda's dramatic mood swings will win an Oscar.
