Putting the Soul Back in Soulmates - Ryan Keys
2018-02-10

Putting The Soul Back In Soulmates brings about a fresh, new approach to the eternal quest for love, as old as humanity itself. Its ambitious goal is to help you find love in today's racing world, to increase the level of intimacy and to tap into wonders and mysteries of sacred sexuality. Old ways of building relationships don't seem to work in the semi-virtual reality of our existence, and even when you have found your Mr. or Ms. Right - chances are, it turns out you've had it all "wrong". Things don't always go your way, no matter how hard you try, but don't be worried - you are just about to discover the invaluable advice of someone who's been through

that quest before. By the end of this book you will not only understand and identify the malicious hidden patterns that kept ruining your relationships and prevented you from finding true love but you will also expand your consciousness, fine-tune your knowledge of what love is, and stop those self-sabotaging habits once and for all. Putting The Soul Back In Soulmates offers a collection of powerful tools and techniques meant to make personal relationships work once and for all and it provides a series of intuitive healing insights and practices to help you find that true, lasting love in the wildjungle of online dating and social media. Some highlights of this book: * Understanding what love is * Diving deep into love's intricacies * Unravelling the

patterns of self-sabotaging and failed relationships* Exploring the essential role of for-giving in your quest for love* Discovering the unique step to make in searching for love* Igniting hearts with a passionate and everlasting love* Exploring the art of true intimacy You will learn how love is never an obstacle, how to love openly, how to love what you can't change about yourself and others, how to love without expectations and how to use your Soul as your true compass that will lead you to that meaningful, passionate, intimate and sacred relationship you have been waiting for. At the end of the journey - who knows - this book may lead you to that wonderful partner who is just like you, and has been looking for you.

an end to the suffering that has long been associated with dating. It is a modern approach to dating that dispels the myths about the games in dating many authorities try to promote. This training brings single people the necessary education as to why love has become so difficult to attain and what stands in the way of effortlessly entering into love relationships. Readers are provided easy and accessible actions to take that makes Conscious Dating a welcomed relief. Love...what we all desire. It matters most to us and drives us to do the most courageous to craziest of things. Love is what gives us our supreme experiences and challenges. It is our most powerful expression. Love heals all things. And, love is our greatest teacher. Yet, love eludes us. It is everywhere and missing in so many hearts. We fear it. We run from it. We long for it. We deserve it. It is our birthright. And it is this desire for love that brings us to the dating ritual again and again. And, love is not enough. We

need more than just love to build and sustain a healthy relationship. We also need commitment, clarity, honesty, character, an inner life, consistency, maturity, an open heart, forgiveness, training, guidance, consciousness, more maturity, healthy communications, sensitivity, have I said maturity yet, and much, much more. We don't usually relate to love or love relationships with maturity in mind. We don't necessarily declare that these elements are also what loving another requires.
