

We now have greater access to highly stimulating sexual content and potential sexual partners with much less built-in accountability. Porn addicts are especially vulnerable to the lure of digital technology and the seemingly endless array of stimulation it provides. Research suggests that cyber-porn addicts spend at least eleven or twelve hours per week online viewing porn. Today, all forms of sex addiction are technology driven—from porn websites to webcams to casual sex hook-up apps via smartphones. Sex addicts organize their lives around the pursuit of sexual activity with self or others, spending inordinate amounts of time viewing and masturbating to porn or planning, pursuing, and engaging in sex acts. At the same time, they neglect important relationships, work, and personal responsibilities. Overwhelming feelings of guilt, shame, and remorse invade when the acting out ends. While it's complicated, recovery is possible. Always Turned On shows readers how to turn those temptations off while providing practical long-term solutions for recovery.

NOT "Just Friends" - Shirley Glass 2007-11-01

One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

Seeing with the Eyes of the Heart - Elizabeth T. Groppe 2020-07-03

In an era in which the internet has made pornography readily accessible, *Seeing with the Eyes of the Heart* offers a theological critique of pornography and retrieves from the Christian tradition an alternative visual culture. This visual culture is constituted by both the character of the images we behold and the manner in which we see. Contributors include psychologists William M. Struthers and Jill Manning, who address the neurological effects of pornography and its influences on personal, familial, and social life. Their professional analysis is complemented by the testimony of a young man in recovery from pornography addiction. In an exposition of Christian visual culture, Orthodox iconographer Randi Sider-Rose describes the spiritual discipline of icon writing, Danielle M. Peters, S.T.D., surveys the iconography and art of Marian traditions, and art historian Dianne Phillips elucidates the meaning of divine desire as evident in Catholic visual culture of the late medieval and early modern periods. Catholic theologians Ann W. Astell, Nathaniel Peters, Boyd Taylor Coolman, and Nicolas Ogle discuss specific practices and dimensions of the Catholic tradition that can contribute to the cultivation of sacramental vision, and David W. Fagerberg, Kimberly Hope Belcher, Jennifer Newsome Martin, and John C. Cavadini offer reflections on sacramental

imagination and the healing of vision. Seeing with the Eyes of the Heart is a work of scholarship composed with pastoral care and concern, and it will be serviceable to both classroom teachers and pastoral ministers. A special feature of the book is an inset of seventy-two full-color plates featuring both classic and contemporary works of Christian iconography and art. The essays and images invite readers to behold in beauty the truth that we are created by the triune God not for sexual objectification but with a sacramental vocation to deification through Christ and the Holy Spirit of love.

Demnitate pierduta - Thomas Schirrmacher 2011-07-01

Civilizatia zilelor noastre este agrestata mai mult ca oricand in istoria omenirii de expunerea - uneori voita, dar de multe ori neintentionata - la imaginii pornografice cu grad ridicat de violenta si cu efecte distrugatoare asupra individului si societatii. Canalul de acces este privirea, si imaginea, se stie, are cea mai mare putere de penetrare a fiintei umane, astfel ca mintile tinerilor in special, dar nu exclusiv, sunt alterate din cauza expunerii la o cantitate tulburatoare de imaginii indecente care ii incurajeaza sa copieze ce au vazut. Coruptia morala, egalata probabil doar de Sodoma si Gomora, este exacerbata de pornografie, care distruge, printre

altele, intimitatea relatiei în familie.

Back from Betrayal - Jennifer P. Schneider
1990-06-13

Inspired by personal and professional experience, Dr. Schneider examines codependency as it relates to addiction and addresses the anguish and helplessness that you feel. Dr. Schneider also explains how Twelve Step recovery programs can work for you, and she provides straightforward guidance to how to

find such a group and how to choose a counselor. "Offers insight into the sex addict, firm recognition that it is a compulsive disorder, and the comfort and understanding that they (the wives and girlfriends) are not alone, and not to be shamed or blamed."
