Let's Talk About Love - Claire Kann
2018-01-23

Striking a perfect balance between heartfelt emotions and spot-on humor, this debut features a pop-culture enthusiast protagonist with an unforgettable voice sure to resonate with readers. Alice had her whole summer planned. Nonstop all-you-can-eat buffets while marathoning her favorite TV shows (best friends totally included) with the smallest dash of adulting—working at the library to pay her share of the rent. The only thing missing from her perfect plan? Her girlfriend (who ended things when Alice confessed she's asexual). Alice is done with dating—no thank you, do not pass go, stick a fork in her, done. But then Alice meets Takumi and she can't stop thinking about him or the rom com-grade romance feels she did not ask for (uncertainty, butterflies, and swoons, oh my!). When her blissful summer takes an

unexpected turn and Takumi becomes her knight with a shiny library-employee badge (close enough), Alice has to decide if she's willing to risk their friendship for a love that might not be reciprocated—or understood. Claire Kann's debut novel *Let's Talk About Love*, chosen by readers like you for Macmillan's young adult imprint Swoon Reads, gracefully explores the struggle with emerging adulthood and the complicated line between friendship and what it might mean to be something more. Praise for *Let's Talk About Love* from the Swoon Reads community: "A sweet and beautiful journey about self-discovery and identity!" —Macy Filia, reader on SwoonReads.com "There aren't many novels that have asexual characters and it's something people need more of." —Alice, reader on SwoonReads.com "I want this on my shelf where I can admire it every day." —Kiara, reader on SwoonReads.com

The Heart's Invisible Furies - John Boyne
2017-08-22

Named Book of the Month Club's Book of the Year, 2017 Selected one of New York Times Readers' Favorite Books of 2017 Winner of the 2018 Goldsboro Books Glass Bell Award From the beloved New York Times bestselling author of The Boy In the Striped Pajamas, a sweeping,

heartfelt saga about the course of one man's life, beginning and ending in post-war Ireland Cyril Avery is not a real Avery -- or at least, that's what his adoptive parents tell him. And he never will be. But if he isn't a real Avery, then who is he? Born out of wedlock to a teenage girl cast out from her rural Irish community and adopted by a well-to-do if eccentric Dublin couple via the intervention of a hunchbacked Redemptorist nun, Cyril is adrift in the world, anchored only tenuously by his heartfelt friendship with the infinitely more glamorous and dangerous Julian Woodbead. At the mercy of fortune and coincidence, he will spend a lifetime coming to know himself and where he came from - and over his many years, will struggle to discover an identity, a home, a country, and much more. In this, Boyne's most transcendent work to date, we are shown the story of Ireland from the 1940s to today through the eyes of one ordinary man. The Heart's Invisible Furies is a novel to make you laugh and cry while reminding us all of the

redemptive power of the human spirit.

Dating the Younger Man - Cyndi Targosz

2008-11-17

Remember back when women traded on their beauty and men traded on their wealth and power? Well, the times, they are a changin'. As women grow more successful and financially independent, they are abandoning their mothers' "marry rich" mantra in favor of "it's as easy to fall in love with a handsome man as an ugly one." In this book, the sensational Cyndi Targosz teaches women of all ages the ins and outs of these lusty, and surprisingly long-lasting, affairs.

Sprinkled with real-life stories of successful alliances, readers learn the truth about relationships with the sometimes younger, always sexier, hunky men women increasingly love to call their own.

The Southern Book Club's Guide to Slaying Vampires - Grady Hendrix 2020-04-07
"This funny and fresh take on a classic tale manages to comment on gender roles, racial disparities, and white privilege all while creeping me all the way out. So good."—Zakiya

Dalila Harris, author of *The Other Black Girl* *Steel Magnolias* meets *Dracula* in this New York Times best-selling horror novel about a women's book club that must do battle with a mysterious newcomer to their small Southern town. Bonus features: • Reading group guide for book clubs • Hand-drawn map of Mt. Pleasant • Annotated true-crime reading list by Grady Hendrix • And more! Patricia Campbell's life has never felt smaller. Her husband is a workaholic, her teenage kids have their own lives, her senile mother-in-law needs constant care, and she's always a step behind on her endless to-do list. The only thing keeping her sane is her book club, a close-knit group of Charleston women united by their love of true crime. At these meetings they're as likely to talk about the Manson family as they are about their own families. One evening after book club, Patricia is viciously attacked by an elderly neighbor, bringing the neighbor's handsome nephew, James Harris, into her life. James is well traveled

and well read, and he makes Patricia feel things she hasn't felt in years. But when children on the other side of town go missing, their deaths written off by local police, Patricia has reason to believe James Harris is more of a Bundy than a Brad Pitt. The real problem? James is a monster of a different kind—and Patricia has already invited him in. Little by little, James will insinuate himself into Patricia's life and try to take everything she took for granted—including the book club—but she won't surrender without a fight in this blood-soaked tale of neighborly kindness gone wrong.

How Pop Culture Shapes the Stages of a Woman's Life - Melissa Ames 2016-03-15
Contemporary popular culture has created a slew of stereotypical roles for girls and women to (willingly or not) play throughout their lives: The Princess, the Nymphette, the Diva, the Single Girl, the Bridezilla, the Tiger Mother, the M.I.L.F, the Cougar, and more. In this book Ames and Burcon investigate the role of cultural

texts in gender socialization at specific pre-scripted stages of a woman's life (from girls to the "golden girls") and how that instruction compounds over time. By studying various texts (toys, magazines, blogs, tweets, television shows, Hollywood films, novels, and self-help books) they argue that popular culture exists as a type of funhouse mirror constantly distorting the real world conditions that exist for women, magnifying the gendered expectations they face. Despite the many problematic, conflicting messages women receive throughout their lives, this book also showcases the ways such messages are resisted, allowing women to move past the blurry reality they broadcast and toward, hopefully, gender equality.

In today's dating scene, all is fair in love and attraction. We are no longer living in times where you can only date certain people of a particular race, social class, economic standing, or educational background. Yes, even gender and age are now subject to our own tastes and preferences! For an older woman, dating younger men promises fun and adventure in more ways than one. Beyond the obvious advantages, a young man sees the world with fresh eyes that can influence you to take a different perspective on life. Not to mention, younger men will certainly be youthful, energetic, and lively - both in and out of the bedroom. They will also be more receptive to (some will even ask for) you taking the reins in the relationship every now and then. Sounds pretty good, doesn't it? But on the other side of the coin, what's in it for them? And what does it take to create a sense of attraction with a younger man? That's where this book comes in. I'll explain exactly what can make you so

appealing to the younger man. You'll learn specific and practical tips, like where to go, what to say, and how to dress (without betraying your sense of self) so that you can take your dating life to a whole new, younger, level. I'll also divulge all the subtle moves you need to catch his eye, and tips to keep him interested for as long as you want. In essence, this is a must-have handbook for cougar dating success.
