**Jewish Refugees in Shanghai 1933-1947** - Irene Eber 2018-11-12

Around 20.000 Jews, mostly from Germany and Austria, managed to escape Nazi persecution in the late 1930s and fled to Shanghai, where they found a safe refuge despite the increasing harassment of the Japanese authorities. In the face of difficult conditions, the Jewish refugees tried to arrange for both their material needs and the continuation of their communal cultural life. The 184 sources collected in the present volume document not only these efforts, but also the support of the local Jewish aid committees and other, mostly Jewish international aid organizations. The reactions of Nazi authorities in Germany and their representatives in Shanghai are included as well, as are impressions from the Japanese and Chinese sides. The documents - in German, English, Yiddish, Hebrew, Russian, and Chinese - are annotated, partially translated, and accompanied by introductions, maps, and photographs.

*Cursed. Lovers* - Simona Dobrescu 2017-01-04

In the blink of an eye, my life was turned upside down. Once more. Right from the start, I knew he had to be the most attractive guy I've ever met. The most arrogant. The most popular. Wild. Free. The only one I ever wanted - or craved. Also the only person who's torturing me with cruel pain, though. Hellhounds. The Four Horsemen of the Apocalypse. Sorrow, delusion, savage persecution. Infinite agony. He was the only one I ever wanted. And he'd gladly watch me burn in purgatory. Light and darkness. Innocence and abyss. Good and evil. Sense and sensibility. He's my biggest nightmare. Nevertheless, we never really stood a chance. Because one world is trying to keep us apart, while the other one goes to great lengths to unite the two of us. Both will put us to the test. A third party will have to decide. But arrangements, contracts and rules aside - love is the greatest power on earth. It's our battle, our destiny. Neither him, nor me, are willing to lose. Yes, we were cursed. Starcrossed, cursed, lovers. Why? Because Morgan Vegard is my soulmate.

**Nine Letters on Landscape Painting** - Carl Gustav Carus 2002

Carl Gustav Carus (1789-1869)--court physician to the king of Saxony--was a naturalist, amateur painter, and theoretician of landscape painting whose *Nine Letters on Landscape Painting* is an important document of early German romanticism and an elegant appeal for the integration of art and science. Carus was inspired by and had contacts with the greatest German intellectuals of his day. Carus prefaced his work with a letter from his correspondence with Johann Wolfgang von Goethe, who was his primary mentor in both science and art. His writings also reflect, however, the influence of the German natural philosopher Friedrich Wilhelm Joseph Schelling, especially Schelling's notion of a world soul, and the writings of the naturalist and explorer Alexander von Humboldt. Carus played a role in the revolution in landscape painting taking place in Saxony around Caspar David Friedrich. The first edition appears here in English for the first time.

Paideia: The World of the Second Sophistic - Barbara E. Borg 2008-08-22

In *The World of the Second Sophistic*, education, paideia, was a crucial factor in the discourse of power. Knowledge in the fields of medicine, history, philosophy, and poetry joined with rhetorical brilliance and a presentable manner became the outward appearance of the elite of the Eastern Roman Empire. This outward appearance guaranteed a high social status as well as political and economical power for the individual and major advantages for their hometowns in interpolis competition. Since paideia was related particularly to Classical Greek antiquity, it was, at the same time, fundamental to the new self-confidence of the Greek East. This book presents, for the first time, studies from a broad range of disciplines on various fields of life and on different media, in which this ideology became manifest. These contributions show that the Sophists and their texts were only the most prominent exponents of a system of thoughts and values structuring the life of the elite in general.

Reinterpreting Modern Culture - Paul van Tongeren 2000

Each chapter presents fairly lengthy selections from Nietzsche's works (in both German and English) and then proceeds to comment on the texts with the help of additional brief selections. Paper edition available (1-55753-157-9), \$24.95.

Schubert's Poets and the Making of Lieder - Susan Youens 1999-10-28

Lieder began with words, with the composer's discovery of a poet and a poetic work, but the scholarly study of lieder has tended to bypass those origins. Schubert's choice of poets has traditionally come under fire for the preponderance of mediocre talent, and yet many of these writers were highly esteemed in their day. In her highly acclaimed study, Susan Youens has chosen four such poets - Gabriele von Baumberg, Theodor Körner, Johann Mayrhofer and Ernst Schulze - in order to re-examine their lives, works, and Schubert's music to their verse. All four poets were vivid inhabitants of a vivid era, and their tribulations afford us added insight into the upheavals, the manners and mores, of their day.

**Anarchism in Germany** - Andrew R. Carlson 1972

**The Schubert Song Companion** - John Reed 1985

Words in Blood, Like Flowers - 2006-01-01

Why did Nietzsche claim to have "written in blood"? Why did Heidegger remain silent after World War II about his participation in the Nazi Party? How did Hölderlin's voice and the voices of other, more ancient poets come to echo in philosophy? *Words in Blood, Like Flowers* is a classical expression of continental philosophy that critically engages the intersection of poetry, art, music, politics, and the erotic in an exploration of the power they have over us. While focusing on three key figures—Hölderlin, Nietzsche, and Heidegger—this volume covers a wide range of material, from the Ancient Greeks to the vicissitudes of the politics of our times, and approaches these and other questions within their hermeneutic and historical contexts. Working from primary texts and a wide range of scholarly sources in French, German, and English, this book is an important contribution to philosophy's most ancient quarrels not only with poetry, but also with music and erotic love.
