Darling Venom - Parker S. Huntington 2021-12-10

From Wall Street Journal bestseller Parker S. Huntington comes a broken love story laced with angst and forbidden romance. I wasn't supposed to be on that roof on Valentine's Day. Neither was Kellan Marchetti, the school's designated freak. We met on the verge of ending our lives. Somehow, the tattered strings of our tragedies tangled and tightened into an unlikely bond. We decided not to take the plunge and agreed to check on each other every Valentine's Day until school ended. Same time. One roof. Two restless souls. We kept our promise for three

years. On the fourth, Kellan made a decision, and I was left to deal with the consequences. Just when I thought our story ended, another one began. They say all love stories look the same and taste different. Mine was venomous, disgraceful, and written in scarlet scars. My name is Charlotte Richards, but you can call me Venom.

Beautiful Ruins - Jess Walter 2012

In 1962, on a rocky patch of sun-drenched Italian coastline, a young innkeeper looks out over the incandescent waters of the sea and spies a woman, a vision in white, approaching him on a boat. He learns that she

is an American starlet who is said to be dying. And the story begins again in the present when half a world away, an elderly Italian man shows up on a movie studio's back lot searching for the mysterious woman he last saw at his hotel decades earlier. What unfolds is a dazzling, yet deeply human, roller coaster of a novel, spanning fifty years and nearly as many lives including the starstruck Italian innkeeper and his long-lost love; the producer who once brought them together and his idealistic young assistant; the army veteran turned fledgling novelist and the rakish Richard Burton himself, whose appetites set the whole story in motion. Gloriously inventive and constantly surprising, Beautiful Ruins is a story of flawed yet fascinating people, navigating the rocky shores of their lives while clinging to their improbable dreams.

Diary of an Oxygen Thief - Anonymous 2016-08-18

Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer's assistant and, somehow, they met in Bright Lights, Big City. He's blinded by love. She by ambition. Diary of an Oxygen Thief is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

Slammed - Colleen Hoover 2012-08-10

From #1 New York Times bestselling author of It Starts with Us and It Ends with Us, Colleen Hoover's romantic, emotion-packed debut novel unforgettably captures all the magic and confusion of first love, as two young people forge an unlikely bond before discovering that fate has other plans for them. Following the unexpected death of her father, eighteen-year-old Layken becomes the rock for both her mother and younger brother. She appears resilient and tenacious, but inside, she's losing hope. Then she meets her new neighbor Will, a handsome twenty-one-year-old whose mere presence leaves her flustered and whose passion for poetry slams thrills her. Not long after a heart-stopping first date during which each recognizes something profound and familiar in the other, they are slammed to the core when a shocking discovery brings their new relationship to a sudden halt. Daily interactions become impossibly painful as they struggle to find a balance between the feelings

that pull them together and the forces that tear them apart. Only through the poetry they share are they able to speak the truth that is in their hearts and imagine a future where love is cause for celebration, not regret.

From the television host, actress, and mother of three, a fabulous collection of season-by-season recipes, holiday hacks, birthday rituals, and date night ideas for creating wonderful family celebrations and cherished memories. Television personality Vanessa Lachey is a dedicated mom of three, a supportive wife to singer Nick Lachey, and someone who freely shares her "perfectly imperfect" home and family life. But like many people, Vanessa didn't come from a family whose traditions were passed down from generation to generation. Her mom left when she was nine, and when she began her own family, Vanessa had to rely on her own imagination to create celebrations and milestone markers that would become annual rituals. In *Life from Scratch*, Vanessa shares personal stories, ideas, delicious recipes, and parenting tips you can use to make your own celebrations unique and unforgettable. Inside you'll discover the simple gift-giving custom Vanessa shares with her best girlfriends each year; the date-night tradition that she and Nick swear by; and her fool-proof recipe for "authentic" Chicken Adobo she serves to family and friends. A fun, uplifting yearlong guide that celebrates families that color outside the lines, *Life from Scratch* will inspire people to make each season, and each special moment, their own. *The American Roommate Experiment* - Elena Armas 2022-09-06 A Most Anticipated Book of 2022 by Cosmopolitan, Goodreads, PopSugar, and more! From the author of the Goodreads Choice Award winner *The Spanish Love Deception*, the eagerly anticipated follow-up featuring Rosie Graham and Lucas Martín, who are forced to share a New York apartment. writer. She hasn't told her family and now has terrible writer's block. Then, the ceiling of her New York apartment literally crumbles on her. Luckily she has her best friend Lina's spare key while she's out of town. But Rosie doesn't know that Lina has already lent her apartment to her cousin Lucas, who Rosie has been stalking—for lack of a better word—on Instagram for the last few months. Lucas seems intent on coming to her rescue like a Spanish knight in shining armor. Only this one strolls around the place in a towel, has a distracting grin, and an irresistible accent. Oh, and he cooks. Lucas offers to let Rosie stay with him, at least until she can find some affordable temporary housing. And then he proposes an outrageous experiment to bring back her literary muse and meet her deadline: He'll take her on a series of experimental dates meant to jump-start her romantic inspiration. Rosie has nothing to lose. Her silly, online crush is totally under control—but Lucas's time in New York has an expiration date, and six weeks may not be enough, for either her or her deadline.

Hiding from Reality - Taylor Armstrong 2012-02-07

NOT EVERY FAIRY TALE HAS A HAPPY ENDING. . . . Reality hit Taylor Armstrong hard one tragic evening last August when she found the body of her estranged husband, Russell, hanging in his California home. Fans across the country were shocked at the horrific news of his death and even more shocked to discover that behind the glittering "reality" of Taylor's life on *The Real Housewives of Beverly Hills* lurked a painful story of emotional and physical abuse that she had been terrified to tell. An estimated 80 percent of domestic abuse victims remain silent,

suffocated by fear and relentless self-doubt. For Taylor, it was the threat of financial ruin and finding herself alone with her young daughter that kept her tethered to her volatile husband. But after a ferocious roundhouse punch from Russell fractured her face, resulting in reconstructive surgery, she finally made the brave decision to walk away from a man she loved and a legacy of physical abuse that she first encountered as a child and that haunted her throughout her adulthood. To the outside world, the Armstrongs lived like royalty, throwing lavish parties—including a memorable tea party for their daughter's fourth birthday—and mingling with their privileged *Housewives* co-stars. It was impossible to hide the cracks in their marriage from the cameras forever, though, and their darkest secrets slowly began to seep through the gilded façade. With searing honesty, Taylor candidly examines her difficult journey from the abusive home in which she was born to the low self-esteem that kept her constantly on the run from herself, to the tumultuous marriage that ended in suicide, and ultimately to her realization that only by sharing her moving story could she help other women. *** "The terrible truth is that I felt lost without the control that Russell had imposed on me for the nearly six years that we were married. Disturbingly, I missed that control. I didn't know what to do once I had no one there to tell me how to dress, act, and behave; what to want; and who, even, to be. In some ways, I missed the abuse. I missed the pain. I missed being scared. Not because I liked feeling any of that. But because it was the life I had become accustomed to, and without anyone to be afraid of, to apologize to, and to cover for, I felt completely lost."
