It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the mere physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally become speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." achieve sensations that are way above their normal levels. A good example would be to make sure that you have set the lady's clitoris in such a manner that it cannot be missed; or if you have a lady who is more of the sensitive kind, an indirect stimulation will perform the magic. There are many books out there that claim to guide you on how you can improve your sex lives, the most; however, that they are only able to offer is a whole lot of portrayals and images; similar to a comic book. Other books and also pornographic films and other such materials, they tend to lean on more on the areas where people lack. They tend taking advantage of and consequently eroding people's self-worth and also sexual worth. These books mainly focus on the power of communication and taking advantage of our brainpower and emotions to achieve sexual pleasure and satisfaction. The aspect of this book that makes it different from the rest that it has approached the sex position guide from an angle different from the rest. In this book you will learn: * The importance of intimacy, in a relationship, to make sure that you both experience amazing sexual pleasures whether or not you engage in penetrative sex. * Increase romance in your relationship. This will promote love between you and your partner, and it will go a long way in enhancing the passion you experience as a couple. * How you achieve terrific orgasms with your partner and also by yourself. You will learn how to use the power of imagination to your advantage to achieve quality orgasms. * How to achieve the proper sexual health and the importance of sex in anyone's life. Here, you will get to understand the importance of respecting your sexual partner and also treat them as equal partners. * And much, much more! Even if you are a beginner, here you will find several techniques to apply immediately, and in a short time you will master the art of sex. If you are an expert, you will find suggestions that will make your sex life even more fulfilling. finally; ; □ 50 Fully Illustrated Sex Positions! ; ; Don't miss out on this chance for the only all-in-one title you'll need! Put sex back on the table. ; ; Extracts from "The BIG Book of Sex". ; ; "We know by now that you have to work to get a girl to orgasm, and I mean a genuine orgasm. The sad truth is that most women end up faking an orgasm to avoid the awkward tension when her male knows he hasn't got her there. But not anymore. You now finally understand that the female orgasm is about more than just the physical act and you now know pretty much all you're going to need to get to that wonderful place." ; "I want you to remember exactly that. The orgasm isn't purely physical; the emotional and psychological elements are still so, so important. It's possible for a person to orgasm without even being touched. It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the mere physical act of stimulating the nerves." ; ; "If you're successful here, then the chances are that she won't have anything to say - she will quite literally be speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." ; Want to know more? You know what to do. ; ;
