'Fascinating and moving.' - Adam Kay, author of This is Going to Hurt A BBC Radio 4 A Good Read choice
This is a story about the cutting-edge medicine that has saved a generation of babies. It's about the love

and fear a parent feels for a child they haven't yet met. It's about doctors, mothers, fathers and babies as together they fight for the first breath. The First Breath is a book about motherhood and medicine. Olivia Gordon decided to find out how, exactly, modern science saved her son's life. Crossing medical memoir

with popular science, *The First Breath* is an investigation into the pioneering fetal and neonatal care bringing a new generation into the world, who would not have lived if they had been born only a few decades ago. *The First Breath* explores the female experience of medicine and details the relationship mothers develop with doctors who hold not only life and death in their hands, but also the very possibility of birth. From the dawn of fetal medicine to neonatal surgery and the exploding field of perinatal genetics, *The First Breath* tells of fear, bravery and love. Olivia Gordon takes the reader behind the closed doors of the fetal and neonatal intensive care units, resuscitation rooms and operating theatres at some of the world's leading children's hospitals, unveiling the untold story of how doctors save the sickest babies.

Final Hours (Love in Time Book One) - Cate Dean 2014-04-13

One man's death will change the future. Only two people can save him - if they have the courage to trust each other. Elizabeth Barritt fought hard for the life she has, finally putting the ugly memories of a childhood trapped in the foster care system behind her. She has the chance to move forward, to reach out for a new, exciting future, surrounded by the art that is her passion. All she has to do is take the first step. Enter Jackson Kane, who bursts into her life, literally out of thin air. He is a time traveler, on the hunt for a rogue agent. Colliding with Elizabeth is not on his agenda, as much as she intrigues him. When Kane is injured protecting Elizabeth from that agent, she makes a decision that will change her life, in ways she can't even begin to grasp. She takes him home. Once he is healed enough to travel, Kane goes after the agent, chasing him back to war-torn London. But his journey back takes a sideways turn, forcing Elizabeth to make another choice. She follows him into the past, to help him stop one man from changing their future. Together, they learn to trust. What they don't expect is the connection between them - a connection so strong they can't fight it, even as they try. Because how can it work, when their lives are centuries apart?

The After Cilmeri Series Boxed Set: Daughter of Time/Footsteps in Time/Winds of Time/Prince of Time - Sarah Woodbury

Time travel to medieval Wales! Journey to a world of princes and castles with this boxed set, containing the first four books in the After Cilmeri series: *Daughter of Time* (prequel), *Footsteps in Time* (book 1), *Winds of Time* (1.5 novella), and *Prince of Time* (book 2). *Daughter of Time*: Open the door to an alternate world of princes and castles in the prequel to the After Cilmeri series ... A medieval man with an uncertain destiny, Llywelyn, the Prince of Wales, faces treachery and deceit at the hands of friends and foes alike. When Meg slips through time into medieval Wales, the pair must navigate the shifting allegiances that threaten the very existence of Wales--and create their own history that defies the laws of time. *Footsteps in Time*: Anna is driving her aunt's minivan with her brother, David, when she crashes through time and finds herself in the middle of an ambush of Llywelyn, the last Prince of Wales. It is December 1282, and the English have attacked, hoping to eliminate the Welsh rebels forever. Instead, the siblings save Llywelyn's life and embark on a journey that transforms not only themselves but an entire world. *Footsteps in Time* is the story of what might have happened had Llywelyn lived. And what happens to the two teenagers who save him. *Winds of Time*: No travel is simple for Meg, not even a commuter flight, and especially not when she finds herself in the Middle Ages again instead of in a plane crash on a mountain side in Oregon. Meg will need every last bit of maturity she gained in her years in the modern world to survive even a day in this one. *Prince of Time*: David and his man-at-arms, Ieuan, find themselves alone and on the run from a company of English soldiers who've sworn vengeance for the recent death of their king. Meanwhile, Llywelyn lays on his deathbed from a traitor's arrow. And once again, it is David and Anna, and all they represent, that holds the key to the survival of Wales. *Prince of Time* is followed by the next book in the After Cilmeri series, *Crossroads in Time*.

Chaotic Scottish Wedding: A Romantic Comedy (Love in Scotland #2) - Jessie Donovan 2019-01-14
Andrew Spencer arrives in Scotland a week before his sister's wedding and is immediately roped in to help. His job will be to assist the wedding photographer, Natalie Lockhart. However, she turns out to be the unforgettable one-night stand from six years earlier, the one who he connected with in a way he's never connected with a woman before—both between the sheets and out of them. Unfortunately, she left before he woke up in the morning, never giving him so much as her name. He should be angry with her, he really should. And yet, the more time he spends with Natalie, the more he wishes he'd woken up in time to catch her six years ago. Since few women would put up with his family's duels, one of the weirdest dinners in history, and even a wedding-related chocolate emergency, and not go running for the hills, Natalie Lockhart is one-of-a-kind. The added bonus: she sets his skin on fire unlike any other. The only question is whether love and laughter will be enough for them to overcome everything and find a way to be together. Of course, that means surviving the wedding and his family first before they can even think of the future. And given the track record of his family and their get-togethers, surviving without an arrest record isn't always guaranteed. === Keywords: Rom-com, Scottish strong heroine, humor, Scotland, romantic comedy, second chance romance

Love In The Mafia Wars - Leen S

"Her passing this will be impossible Nikolay" Kiara said looking at her husband, her eyes wide as she looked at his little sister being part of this project. "She has made her choice Kiara, I tried stopping her from getting herself into trouble, time and time, she chose to contact my enemy, she will suffer the consequence" Nikolay said coldly looking down at his sister through the glass podium. It was the first day of the Bloodlust project, the day where everything starts, lives are lost from day one. Those who make it are lucky, Kiara knew that Nikolay was right. Claudia had made her choice, and it was against all odds, and not in her favor. Now all they can do is watch... ***** Coming back with Richard Bernard and his bloodlust project, will Claudia be able to pass his project, will she fail, or would Kiara and Nikolay find a magical way to save the rebellious little teenager against the man who was about to ruin everyone's lives by creating blood-thirsty, ruthless killers. Will Kiara and Nikolay's love grow? Or would the couple grow apart by the upcoming war?

The First Breath - Olivia Gordon 2020-06-09

What happens when pregnancy and the first few weeks of a baby's life don't go as planned? How have advances in modern medicine and perinatal genetics redefined our perceptions of what is possible? *The First Breath* by Olivia Gordon is a powerful medical memoir about the extraordinary fetal and neonatal medicine bringing today's babies into the world. Unveiling the intense patient-doctor relationship at work with every birth, this book reflects on the cutting-edge medicine that has saved a generation of babies, the combination of love and fear a parent feels for a child they haven't yet met and what can happen before a baby's first breath. Olivia Gordon was twenty-nine weeks pregnant when a scan found that her baby was critically ill. Thanks to a risky operation in utero and five months in neonatal care, her son survived. *The First Breath* is the first popular science book to tell the story of the fast developing fields of fetal and neonatal medicine. It explores motherhood and the female experience of medicine through Olivia's personal story and sensitive, intimate case histories of other mothers' high risk births. *The First Breath* asks what it means to become the mother of a child who would not have survived birth only a generation ago, showing how doctors and nurses save the most vulnerable lives and how medicine has developed to make it possible for these lives to even begin.

Tracts for the people, by the author of 'Tracts for the poor'. - Mrs. A. Hoblyn 1885

Love in the Time of Serial Killers - Alicia Thompson 2023-03-30

'Unique, sexy, hilarious, charming... The true crime is NOT reading this novel!' Ali Hazelwood, author of

The Love Hypothesis 'A criminally addictive romance... this book is sheer perfection from beginning to end' Rachel Lynn Solomon, author of *The Ex Talk* -- Turns out that reading nothing but true crime isn't exactly conducive to modern dating - and one woman is going to have to learn how to give love a chance when she's used to suspecting the worst. PhD candidate Phoebe Walsh has always been obsessed with true crime. She's even analysing the genre in her dissertation - if she can manage to finish writing it. It's hard to find the time while she spends the summer in Florida, cleaning out her childhood home, dealing with her obnoxiously good-natured younger brother, and grappling with the complicated feelings of mourning a father she hadn't had a relationship with for years. It doesn't help that she's low-key convinced that her new neighbour, Sam Dennings, is a serial killer (he may dress business casual by day, but at night he's clearly up to something). But it's not long before Phoebe realises that Sam might be something much scarier - a genuinely nice guy who can pierce her armour to reach her vulnerable heart. What readers are saying about *Love in the Time of Serial Killers*: 'Do you know when you disappear into a book? You, your surroundings, everything, ceases to exist? This book was that for me' ☐☐☐☐ 'The cover is gorgeous, and the inside is fun, witty, relatable and so entirely sweet' ☐☐☐☐ 'This was such an enjoyable read. I really loved the depths given to Phoebe, the way she created walls around herself, the themes were developed organically and believably' ☐☐☐☐ 'Phoebe is one of the best female protagonists I've read in a long time' ☐☐☐☐ 'The whole thing made me laugh out loud and smile like an idiot sooo often' ☐☐☐☐ 'The book was witty and fun, but also thought out and honest' ☐☐☐☐

The Golden Atlantean Book of Healing - Juliet Clare Pankhurst 2007-05-03

Why do we become ill, depressed or stressed and how can we heal illnesses which the doctors seem unable to cure? Many are searching for something, not knowing what because our lives feel empty and meaningless, resulting in many using drugs or alcohol as a temporary relief from this feeling, a means of escape. This book helps us to read the "sign posts" that should not be switched off by pain killers, anti depressants, or drugs but which can be used to guide us to the root cause of physical, mental or emotional illnesses, to listen to our bodies, to understand the underlying cause of their problems and provides the solutions to really turn our lives around. It uses psychology, meditation, visualisation and prayer, enabling the harnessing of healing powers to remove the blockages preventing complete abundance in every area of our lives. This book provides the tools to find self love, personal growth, happiness, success, physical health and emotional healing and can be used to remove negative karma, whether in this life or previous lives, entrenched habits, negative characteristics or anxieties. It shows how to use ancient symbols such as those in Egypt, sacred geometry, the sacred names of the Angels and God and the teachings of the great Atlantean Thoth. It enables enlightenment and the reaching of "heaven on earth" by using the gifted Ancient Knowledge, regardless of denomination, faith, belief, colour or creed. Documented case studies show the reduction of symptoms in Multiple Sclerosis and Chronic Fatigue Syndrome and how these techniques reduced these symptoms. The act of reading this book enables healing to start. True peace and happiness can be found in the pages of this book.

Why Me Lord? - Daniel J. Cabot 2013-06-14

The taking of a life at such a young age would mean to the world that perhaps God was not paying attention on that fateful November day and might have been asleep at the switch. But as you shall see on the following pages God was and is in control. From calling Amelia home to helping a grieving father crawl his way to sobriety and salvation God knew exactly what He was doing. God took Amelias father George on a path none of us would care to travel but a path George had to travel to become the loving, forgiving Christian that he is today.

Divine versus Worldly Love - Helena Petrovna Blavatsky 2017-10-28

Worldly and Devotional Love compared and contrasted. Worldly Love is an intoxication of the Astral Light. It is a state of severe mental perturbation. Divine Love is the Law of Universal Sympathy. Worldly and Devotional Love are the two opposing paths of One Divine Love in the mayavic universe of being. Monosexual consciousness is a characteristic of psychic development. But in spiritual de-velopment consciousness is asexual. The first step in true occultism is to try to apprehend the meaning of Universal Brotherhood. Devotion and aspiration will help to raise consciousness to higher planes, where faith, self-sacrifice, and loyalty to the Teachers is rewarded. Give it all away or you will lose it. Can devotion to inner contemplative life, and a life of fine unselfishness, allow of the growth of faculties otherwise dormant, and a growing recognition of the underlying unity of man and his surroundings, so that truth will make itself known from within, and help one to develop a greater physical command of the forces of nature? Without Esoteric Philosophy guiding the soul, neither meditation nor devotion to duty can make the Wisdom of Love bare her bosom to the inner eye and reveal the sublime secrets of Cosmogony to the multitude. Angel worship is misplaced and ill-advised.
