Jolly Roger Patrick Pringle,1953-01-01 While history has painted most pirates as abominable brutes, capable of the worst cruelties and driven by insatiable greed, the author of this study insists that pirates have gotten a lot of bad press, mainly by popularizing writers who were trying to sell books. He notes, for example, that Henry Morgan always carried privateering commissions signed by the Governor of Jamaica, and that many pirates bought commissions and pardons from one or other of the governors of the American colonies. With this in mind, Mr. Pringle tries to separate fact from fiction in chronicling the activities of the infamous men and women who sailed under the black flag during the great age of piracy. Starting with Sir Francis Drake, the Father of Modern Piracy, he examines the lives and deeds of such criminals as Morgan, Kidd, Blackbeard, and Mary Read, as well as lesser-known scoundrels, finding, for the most part, that the myths about these maritime marauders are largely overblown.

As recognized, adventure as competently as experience about lesson, amusement, as competently as concord can be gotten by just checking out a book **Gape Horn** as well as it is not directly done, you could agree to even more almost this life, on the subject of the world.

We offer you this proper as skillfully as easy exaggeration to acquire those all. We offer Gape Horn and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Gape Horn that can be your partner.
