Jonathan French

Three Rode The Trail Richard Lear, 2020-07-30 Four lives intertwine in a riveting western novel filled with drama, romance and comedy. Yulin Temple is an alcoholic sheriff who can't find a bottle big enough to drown ghosts from the past. Reva Delgado is a self-made woman who reinvents herself to hide her past as she moves through life. Ike Fleck, whose gun is faster than Wild Bill Hickok's, steals the \$400,000 stagecoach cargo he was hired to guard. His older brother Garrison, a detective for the stagecoach line, has a job to do: bring back the money along with his brother, dead or alive. But what if Ike doesn't want to give the money back? The Old West of Colorado comes alive in *Three Rode The Trail*. It is unlike any Western you have ever read.

The Devil's Breath Larry Johns, A return to the hellish, blood-soaked cauldron of Central Africa is nowhere on world-weary mercenary soldier Martin Palmer's wish list. But when the prize - at least for someone else - exceeds six figures, personal preferences don't enter the equation. And it is not just the numbers; a refusal to cooperate would mean arrest and trial for a murder he probably did commit.

A Brief History of Vice Robert Evans, 2016-08-09 A celebration of the brave, drunken pioneers who built our civilization one seemingly bad decision at a time, *A Brief History of Vice* explores a side of the past that mainstream history books prefer to hide. History has never been more fun—or more intoxicating. Guns, germs, and steel might have transformed us from hunter-gatherers into modern man, but booze, sex, trash talk, and tripping built our civilization. Cracked editor Robert Evans brings his signature dogged research and lively insight to uncover the many and magnificent ways vice has influenced history, from the prostitute-turned-empress who scored a major victory for women's rights to the beer that helped create—and destroy—South America's first empire. And Evans goes deeper than simply writing about ancient debauchery; he recreates some of history's most enjoyable (and most painful) vices and includes guides so you can follow along at home. You'll learn how to: • Trip like a Greek philosopher. • Rave like your Stone Age ancestors. • Get drunk like a Sumerian. • Smoke a nose pipe like a pre-Columbian Native American. "Mixing science, humor, and grossly irresponsible self-experimentation, Evans paints a vivid picture of how bad habits built the world we know and love." —David Wong, author of *John Dies at the End*

The Wind is Rising Lawrence Kelleher, 2003-09 Life would never again be the same for the O'Kelleher family, after the

conquering of Ireland by the English butcher, Sir Oliver Cromwell, (circa 1649), and the brutal consequences of his occupation. These British barbarians, who after murdering several of the O'Kelleher family, sent the remaining O'Kelleher brothers and sisters, together with some 80,000 Irish intellectuals, to the British West Indies as slaves. Then, 'Divine Providence' or fate intervened, as it sometimes does, and after an enemy of the British, sank the slave ship, the O'Kelleher's were on, they managed to find refuge on a Dutch held island. After serving five years in the Dutch navy as commandos, an opportunity presented itself, and the O'Kelleher brothers returned to Ireland, seeking their revenge on Oliver Cromwell's butchering army. As he stepped onto the shores of Ireland, Lawrence O'Kelleher, clan chieftain of the O'Kellehers', shouted, 'Tis not us, but ye', who should be cowering, for we come like thieves in the night, seeking our revenge. The 'troubles' were never ending. They are like a sore, whose scab, continues to bleed, after being picked at. They would never heal, and they never have!

The Free Bastards Jonathan French, 2021-09-28 'ONE OF THE MOST ORIGINAL FANTASY SAGAS TO COME ALONG IN YEARS' Kirkus The long-awaited war has come in the sweeping conclusion to the Lot Lands trilogy, which began with Jonathan French's critically acclaimed debut *The Grey Bastards*. War has come to the Lot Lands - and Oats stands upon the frontline. The formidable armies on the horizon are bolstered by divine champions, dread sorcerers and gunpowder. But Oats has won impossible fights before. He's a thriceblood, after all, more orc than man. And he hasn't forgotten how to kill. He'll stack the bodies high for his chief and his brethren, if that's the price of freeing the Lots from human tyranny. Besides, the invading forces are getting a damned sight more than they bargained for. They're not facing a handful of half-orc hoofs, but a true army - one forged from all the peoples of the Lots. At its head are Fetching, in full command of the ruinous power that runs through her veins, and Jackal, armed with the blessings of a dead god. Brimming with epic battles, surprising sorcery and fiendish twists, *The Free Bastards* is the rousing final instalment to Jonathan French's vastly popular Lot Lands trilogy. Praise for the Lot Lands series: 'An addictively readable - and undeniably cool - fantasy masterwork' Kirkus 'If you're looking for a filthy, fierce, fun-fuelled read, then the Bastards have got you covered' Fantasy Hive 'A gritty adventure with a fantastic, foul-mouthed voice' Django Wexler 'A bloody good tale of battle, betrayal and war pigs' Brian McClellan 'Jonathan French has to be lauded for his plot ingenuity, bawdry charm and vicious characters.' Fantasy Book Critic 'I'd like to raise a tankard to *The Grey Bastards*' brilliance' Fantasy Faction

Under sudden attack from the heavily armed warriors, Sisko and his crew struggle desperately to repel the invaders and save the lives of everyone on board. station they must discover what caused the invasion to take place -- and find a pathway back through time itself.

Beyond the Sea David L. Golemon, 2017-06-13 The Soviet battle cruiser Simbirsk, which launched in June 1940 and was reported sunk in 1944 with the loss of all hands, is still sailing the open sea. January of 2017: American Los Angeles class submarine U.S.S. Houston is tracking a surface target that is not listed as part of the Russian navy's response to the NATO maneuvers. What they find will set in motion the answers to one of the great mysteries of World War II. With the Russian navy bearing down on the Houston and international tensions running high, the United States Navy declares the Soviet-era derelict legal salvage under international law. With the world's most powerful navies going toe-to-toe in the North Atlantic, the President of the United States calls upon the one organization that has a chance to figure out why this ship is in this time, in this place—Department 5656, also known as the Event Group. When the Group arrives, they are confronted by three warships of the Russian Navy who have come to claim Russian property. The two groups meet and soon discover that the ancient battle cruiser is not a derelict at all, but fully functional with a mysterious apparatus that sent the original crew to their deaths. In the midst of their warfare in the tossing seas, both navies are sent into a realm of unimaginable terror—an alternate world of water, ice, and death. The Event Group has a new mission when relics of the fabled Philadelphia Experiment surface in *Beyond the Sea*, the twelfth thrilling hit in New York Times bestselling author David L. Golemon's Event Group series.

The Good Soldier Schweik Jaroslav Hasek, 1963

The Real North Korea Andrei Lankov, 2015 In *The Real North Korea*, Lankov substitutes cold, clear analysis for the overheated rhetoric surrounding this opaque police state. Based on vast expertise, this book reveals how average North Koreans live, how their leaders rule, and how both survive

Becstar Vol. 1 Joe Corallo, 2021-11-17 *Becstar* is a star hopping mercenary-gone-full time-gambler light years away from earth. Leaving her old life behind with the help of her magical luck dagger and her fan-turned-regret filled-friend Sally Soolin, *Becstar* ekes out a living under the nefarious Shadowy Syndicate's radar. But when a mysterious girl appears with grim news and an urgent quest where the fate of the universe hangs in the balance, *Becstar* has no choice but to join ... and regret it immediately.

Star Trek Ds9: Fallen Heroes Dafydd Ab Hugh, 2012-07-17 When a troop of alien warriors demands the return of an imprisoned comrade -- a prisoner no one on Deep Space Nine™ knows anything about -- Commander Benjamin Sisko has a deadly fight on his hands. Under sudden attack from the heavily armed warriors, Sisko and his crew struggle desperately to repel the invaders and save the lives of everyone on board. Meanwhile, a strange device from the Gamma Quadrant has shifted Ferengi barkeeper Quark and Security Chief Odo three days into the future to a silent Deep Space Nine. The Steel Remains Richard Morgan,2008-09-18 Ringil, the hero of the bloody slaughter at Gallows Gap is a legend to all who don't know him and a twisted degenerate to those that do. A veteran of the wars against the lizards he makes a living from telling credulous travellers of his exploits. Until one day he is pulled away from his life and into the depths of the Empire's slave trade. Where he will discover a secret infinitely more frightening than the trade in lives. Archeth - pragmatist, cynic and engineer, the last of her race - is called from her work at the whim of the most powerful man in the Empire and sent to its farthest reaches to investigate a demonic incursion against the Empire's borders. Egar Dragonbane, steppe-nomad, one-time fighter for the Empire finds himself entangled in a small-town battle between common sense and religious fervour. But out in the wider world there is something on the move far more alien than any of his tribe's petty gods. Anti-social, anti-heroic, and decidedly irritated, all three of them are about to be sent unwillingly forth into a vicious, vigorous and thoroughly unsuspecting fantasy world. Called upon by an Empire that owes them everything and gave them nothing. Richard Morgan brings his trademark visceral writing style, turbo-driven plotting and thought provoking characterisation to the fantasy genre and produces a landmark work with his first foray.

Fighting the People's War Jonathan Fennell,2019-01-24 Jonathan Fennell captures for the first time the true wartime experience of the ordinary soldiers from across the empire who made up the British and Commonwealth armies. He analyses why the great battles were won and lost and how the men that fought went on to change the world.

The Principles of Moral and Political Philosophy William Paley,1821

The Death of Expertise Tom Nichols,2024 In the early 1990s, a small group of AIDS denialists, including a University of California professor named Peter Duesberg, argued against virtually the entire medical establishment's consensus that the human immunodeficiency virus (HIV) was the cause of Acquired Immune Deficiency Syndrome. Science thrives on such counterintuitive challenges, but there was no evidence for Duesberg's beliefs, which turned out to be baseless. Once researchers found HIV, doctors and public health officials were able to save countless lives through measures aimed at preventing its transmission--

Madame Prosecutor Carla Del Ponte,Chuck Sudetic,2011-10-11 Carla Del Ponte won international recognition as Switzerland's attorney general when she pursued cases against the Sicilian mafia. In 1999, she answered the United Nations' call to become the chief prosecutor of the International Criminal Tribunal for the former Yugoslavia and for Rwanda. In her new role, Del Ponte confronted genocide and crimes against humanity head-on, struggling to bring to justice the highest-ranking individuals responsible for massive acts of violence in Rwanda, Bosnia and Herzegovina, Croatia, and Kosovo. These tribunals have been unprecedented. They operate along the edge of the divide between national sovereignty and international responsibility, in the gray zone between the judicial and the political, a largely unexplored realm for prosecutors and judges. It is a realm whose native inhabitants--political leaders and diplomats, soldiers and spies--assume that

they can commit the big crime without being held culpable. It is a realm crisscrossed by what Del Ponte calls the muro di gomma –the wall of rubber– a metaphor referring to the tactics government officials use to hide their unwillingness to confront the culture of impunity that has allowed persons responsible for acts of unspeakable, wholesale violence to escape accountability. Madame Prosecutor is Del Ponte's courageous and startling memoir of her eight years spent striving to serve justice.

Hell in the Pacific Jim McEnery, Bill Sloan, 2013-06-11 In what may be the last memoir to be published by a living veteran of the pivotal invasion of Guadalcanal, which occurred almost seventy years ago, Marine Jim McEnery has teamed up with author Bill Sloan to create an unforgettable chronicle of heroism and horror McEnery's Rifle Company—the legendary K/3/5 of the First Marine Division, made famous by the HBO miniseries *The Pacific*—fought in some of the most ferocious battles of the war. In searing detail, the author takes us back to Guadalcanal, where American forces first turned the tide against the Japanese; Cape Gloucester, where 1,300 Marines were killed or wounded; and bloody Peleliu, where McEnery assumed command of the company and helped hasten the final defeat of the Japanese garrison after weeks of torturous cave-to-cave fighting. McEnery's story is a no-holds-barred, grunt's-eye view of the sacrifices, suffering, and raw courage of the men in the foxholes, locked in mortal combat with an implacable enemy sworn to fight to the death. From bayonet charges and hand-to-hand combat to midnight banzai attacks and the loss of close buddies, the rifle squad leader spares no details, chronicling his odyssey from boot camp through twenty-eight months of hellish combat until his eventual return home. He has given us an unforgettable portrait of men at war.

While there, he is reunited with Calvinia, the woman he loves. Their happiness, as well as the fate of the empire, hinges on a climactic showdown before the Emperor himself.

Landry Bob St. John, 2001-09-01 From a sports journalist, the biography of the legendary head coach of the Dallas Cowboys from 1966 to 1985.
