Last Words from Death Row Norma Herrera,2007-02 Norma Herrera lived her brother's personal hell as he waited on Death Row for the courts to decide if the new evidence that proved Leonel Herrera's innocence would save his life. Her book fulfills her last promise to Leo: to tell his story, to tell the truth. Federal habeas courts do not sit to correct errors of fact but to ensure the individuals are not imprisoned in violation of the Constitution, it said. In other words, being falsely imprisoned is not a violation of your rights. Herrera was executed four months after the ruling. In his final statement he said: I am innocent, innocent, innocent. I am an innocent man, and something very wrong is taking place tonight. Norma Herrera's book documents court events and press coverage. She recounts the tribulations she and her family suffered as they worked to free Leonel Herrera from his fate. If the all the court proceedings, including the Supreme Court's decision prior to Leo's execution represent the visible tip of the death penalty iceberg, *LAST WORDS FROM DEATH ROW* exposes the enormous human tragedy that resides below the surface. Her questions drive a powerful wedge between the legal process in capital cases and the truth. Why do the guilty go unpunished? When is innocence not enough to free a convicted man? Does Truth not prevail

in the American Justice system? Who pays? We all do. Who is next?

Star Trek: Signature Edition: Sand and Stars Diane Duane,A.C. Crispin,2004-12-07 The Star Trek: Signature Edition series continues with this thrilling adventure featuring Commander Spock, Captain Kirk, and the U.S.S. Enterprise. Vulcan: linchpin member of the United Federation of Planets. Home to a civilization dedicated to o'thia, the ruling ethic of pure logic. But it was not always so; thousands of years before, Vulcans were a violent, warlike race, with tempers surpassed only by the planet's hot, arid sands. The philosopher Surak would show his people another way, teach them to reject their emotions and embrace logic and knowledge. The Vulcans would evolve and prosper, eventually exploring the stars and attaining further enlightenment as they encountered other cultures. In the twenty-third century, Commander Spock, Captain Kirk, and the U.S.S. Enterprise are summoned to Vulcan when its people consider seceding from the Federation and returning to their isolationist ways. Vulcan's savage history becomes fully revealed as Spock, his father Sarek, and Kirk work to preserve the planet's future from anti-Terran factions with hidden agendas. The crisis is twofold for the half-human Spock—should Vulcan secede, he will be required to resign from Starfleet and return home, or forever sever ties with his homeworld. Years later, a decades-old plot to destroy the Federation from within forces Ambassador Sarek from the bedside of his dying wife, Amanda. The ambassador's decision widens the long-standing rift between himself and Spock at a time when they must pool their resources together. While the Enterprise crew contends with Romulans, Klingons, and the mysterious Freelans, Sarek's only comfort comes from reading Amanda's journals, which reveal more about his human spouse, his son, and himself than he ever realized.

Emerging from the Mist Gary Graham Coupland,Richard Ghia Matson,Quentin Mackie,2003 Ethnographic, ethnohistoric, and archaeological understanding of the pre-contact nature of the Northwest Coast has changed dramatically over the last twenty years. The ethnography of this area, which describes the most prominent examples of socially-complex hunters and gatherers, is known and studied across the globe but its archaeology is much less well known. *Emerging from the Mist* expands and updates our understanding of the nature and evolution of pre-contact Northwest Coast society. Addressing a wide range of topics, including original and penetrating analyses of the fur trade, pre-contact metallurgy and architecture, and migration, the collection makes a significant contribution to our understanding of the Northwest Coast. Scholars and students of archaeology and anthropology, and those with an interest in pre-contact Northwest Coast history will find this volume especially rewarding. This volume carries on the intellectual traditions of Wayne Suttles' grounded and empirical approach, and that of Donald H. Mitchell, who more than any other researcher integrated archaeology, ethnography and ethnohistory into his own research.

The Man James Graham,2014-03-10 This is my first tax return. Thank you...erm for offering to... for helping. I realise it's a bit weird. It's just. This is...it's the only way I can think to make it better. The only way I can think to do it. With other people. Like this. Tax is really, really taxing for Ben Edwards. Self-employed. And afraid... And now he must face his dreaded

self assessment form, with every receipt evoking the good times and the bad - memories of things gone wrong, gone right, the journeys he's been on, the relationships that have begun and ended and the people he has lost. As Ben begins to stitch together the patchwork quilt that was the Tax Year 2009/2010, he relives a year that was both hilarious and tragic, all mixed up in one shoe box of receipts. Award-winning playwright James Graham presents an affectionate and funny portrait of one man's year-long experience, pieced together from receipts, shopping and commercial transactions. With a web of narratives, the play's structure is innovative and flexible. In performance, each receipt triggers a unique story and the actor plucks the receipts from the audience's hands at random.

Republican Party Animal David Cole,2014-05-19 David Stein brought right-wing congressmen, celebrities, writers and entertainment industry figures together for shindigs, closed to outsiders. . . . There was just one problem. Stein was not who he claimed.—The Guardian In 2013, Republican hero David Stein made international headlines when he was unmasked as David Cole, the notorious Jewish Holocaust denier who made an entirely different set of headlines in the 1990s with his videos from within the gates of Auschwitz and his appearances on shows like 60 Minutes and Donahue. After a \$25,000 bounty was put on his head by a violent extremist group, Cole left behind the bizarre world of Holocaust denial, a landscape populated by Hitler fetishists who Cole himself detested. Then, David Stein the Republican organizer was born. Stein soon became a major force in the closed-door world of Hollywood right-wingers—people who felt as alienated from the mainstream of their profession as Cole had felt as the lone Jewish Holocaust revisionist. Soon enough, Stein was working with major GOP power players and far-right Hollywood A-listers, creating huge private events for the West Coast GOP elite . . . until it all came crashing down when a vengeful former girlfriend outed him publicly. Condemned by those who had previously lauded him, Cole was left with nothing but his story. And here he tells it, warts and all, including the first-ever exposé of the secretive Hollywood far-right underground, Friends of Abe.
