**From the Dreaming to the Dreamers** Gavin Dickson,2010 The Australian Wrestling Tradition Two unarmed men face each other across a circular arena ready to do battle in the world's oldest sport. They are fighting for honour, love, country or a myriad other reasons. It's a sport that has survived from long before the Ancient Greeks right through to the modern Olympics. Australian wrestler and coach Gavin Dickson knows the sport from inside and outside the ring. He follows the grapplers down the centuries and in every corner of the globe in a fascinating historical study of a subject written about for the first time from an Australian viewpoint. His enthralling account ranges over indigenous wrestling, the colonial era, unarmed combat in Europe, the Americas and the Orient, the ancient Egyptians and even the odd world of professional wrestling tailored for television. He takes us inside the world of Olympic wrestling and the numerous martial arts practiced in Australia long before the white man brought his version of the sport.Gavin writes as much for the general public as for wrestling enthusiasts in a story sure to change perceptions of a long ignored, yet fascinating sporting tradition.

**The Scottish Covenanter Genealogical Index - (1630-1712)** Isabelle McCall MacLean,2007-02-22 This work evolved

out of a love for my ancestors, one being John Whitelaw, the Covenanter Monkland Martyr, who was executed for his religious beliefs in Edinburgh, 1683. While searching for his records I came across reference to thousands of other Scottish Covenanters. This Index lists those Covenanters found in some books written about the period between 1630 and 1712. There are many, many more Covenanters, whose names need to be added to this work, and, God willing, I will do it. The Covenanters were steadfast in their Presbyterian beliefs and refused to take an oath unto the King stating that he was the head of the church. They believed that Christ was the Head of the Church and their loyalty to this belief allowed them to lay their lives down for it. The Royalists and Dragoons, who were seeking to bring them into obedience to the King, relentlessly chased the Covenanters from glen to glen. This disregard for their civil rights was brutally carried out basically in the Lowlands of Scotland. Many of their records were destroyed along with their lives and their stories only live in family lore and books that were written about them. I have extracted some of their names and created The Scottish Covenanter Genealogical Index, which is by no means complete, but is a work in progress.
