Flynn Woods

The Penis in Contemporary Art Norman Hatton, 2001 The first volume in a series that collects together photographs taking the penis as the key object.

Erotic Art Photography Janssen Publishers, 2002-04 At the end of the 19th century homosexuality was an absolute taboo - as were pictures of nude men. Thus collections such as this are very rare. Now in a volume that is destined to be a collector's item, photographs that were once considered pornographic are collected together in a book that is surprising, touching and often highly erotic.

Penissimo Leonard Zett, 1999-09 Featuring provocative photography and erotic art, this first volume of Leonard Zett's images—taken as stills from his video works—is part of a limited edition printing of only 1,000 copies.

Complemented by 8 pages in full-colour, Waugh's historical rigorous narrative explores the cultural and erotic dynamics and the social context in which these secret, sexual images were created.

Cumrades Harald Seiwert,2004-05-01 This collection is a mixture of real photography of the male nude and gay erotic fantasy, created on a computer with a great sense of humour.

Hard to Imagine Thomas Waugh,1996 Waugh identifies four primary aspects of homoerotic photography and film - the artistic, the commercial, the illicit, and the politico-scientific - tracing their development against a background of advances in visual technology. This comprehensive work explores a vast, eclectic tradition in its totality, analyzing the visual imagery in addition to its production, circulation, and consumption.

Picture This Flynn Woods,2024-01-22 My roommate has a secret OnlyMens account. If I only hadn't subscribed... My four new jock roommates quickly accepted me as one of their own-except for Leon, who was distant from the start. It makes sense, though. Leon is the university's heartthrob-athletic, intelligent, and mysterious. In comparison, I'm just some random gay nerd who somehow ended up living with him because I got adult content unblocked on the university's Wi-Fi. No matter what I tried, I couldn't get on Leon's good side. Guys like him never hang with people like me-let alone go further than that. It didn't help that the more he distanced himself from me, the more my thoughts revolved around him. So when I used my computer skills to learn more about him-to find something I could use to connect with him-I stumbled upon his secret. Leon has a secret OnlyMens account. Not wasting two seconds thinking about it, I subscribed to his page. What I saw surpassed all my expectations, and everything was exciting until... I suddenly got a private message from him. Picture This is a gay, new adult, erotic romance following college roommates Ace and Leon. This book contains mature themes, language, and explicit sexual scenes. This standalone is part of The Secret Collection.

A Hint of Homosexuality? Bruce H. Joffe,2007-08-28 Well before the June 1969 Stonewall riots threw open the closet doors to unleash and proclaim an unmistakable gay mantra, myriad clues some subliminal, others overt clearly ingrained the

notion of homosexuality in advertisements appearing on the pages of many American periodicals. Hedonistically intertwined with homoerotic connections are advertising themes such as youth, vitality, and carnal pleasure. Gay intimacy and interaction, references to the male genitalia, and threats of sexual conquest of and between men can be documented in ads as far back as the late 1800s. And, although the images reflected in their advertising mirror are fewer and farther between, women who prefer the company of other women similarly have been goosed and gandered by Madison Avenue. In this richly illustrated tapestry hinting at homosexuality in American advertising, Bruce H. Joffe examines and analyzes over 200 suggestive ads concluding that gay imbroglio and innuendo tease at us amid subliminal elements seductively perceived and strategically portrayed. A Professor of Communication who has taught Gay & Lesbian Studies courses at George Mason University, Dr. Joffe is now on the faculty of Mary Baldwin College where he continues to explore sexual minorities, the media, and cultural norms. Author royalties from this book will benefit the Commercial Closet Association, a non-profit 501 (c) (3) organization working to influence the world of advertising to understand, respect and include lesbian, gay, bisexual and transgender (LGBT) references that create a more accepting society while achieving successful business results. Joffe's new book ... documents ads, starting in 1905, that would raise eyebrows even among gay people living in 2007.--The Washington Blade The mere fact that this was written by ... a noted academician in the field of gay and lesbian studies, makes this an engaging and enlightening read. If you think that Winnie the Pooh's gay leanings is enough to make you fall off your seat, then wait till you read this book. You might even start to believe that the Marlboro Man ... is also gay.--On the Edge of Reason ... a groundbreaking new look at GLBT portrayals in marketing ...--commercialcloset.org Joffe identifies ... more than 225 advertisements published by major manufacturers and retailers dating back to the turn of the 20th century - including some of the more well-known brands on the American landscape - that contain same-sex imagery.--Augusta Free Press Homosexuality has often been a much talked-about issue, but rarely has it been dealt with in the aspect of advertising. A Hint of Homosexuality? crashes through the protective fences of conservatism and delves into this hot topic with much gusto. Readers only have to open their minds in leafing through the pages of this book, as it provides thorough analyses and interpretations of advertisements both recent and vintage and the subliminal homoerotic messages hidden in them. Much of the ideas and discussions ... are given credence due to the undeniable expertise of author Dr. Bruce Joffe in the said subject.--I-NewsWire Leafing through Hint forces the reader to look at old marketing in a new light. The book gives many examples of coding, the subtle images inserted in print advertising that would go unnoticed by a straight reader but perk the attention of an informed gay man or lesbian.--David Atlanta So, those male underwear ads in the old Sears, Montgomery Wards, and JC Penney catalogs weren't the only ones out there in the 1960s and early 1970s to draw the curiosity of a young adolescent gay male. Oh, the power of advertising!--bufftuff.blogspot.com ... definitely a Must See ... examples of themes and messages that were almost explicitly gay or gay-friendly--yet not picked up on by hetero-America

Man to Man Pierre Borhan, Gilles Mora, 2007-10 This comprehensive study of homoeroticism and male homosexuality surveys the homoerotic urge in fashion photography, including layouts in Vogue and reprints rare and unpublished work by such photographers as Horst, Mapplethorpe, and Herb Ritts.

Gorgeous Gallery David Leddick, 2012 This coffee table book offers a unique overview of the works of contemporary gay artists. Breaking new grounds of photo and comic art, this stunning collection of wonderful artworks brings together images from pop art to photo realism. The marvellous faces of modern art are ambitiously compiled by David Leddick, dedicated to the beauty of men.

Mein Schwules Auge Axel Schock, 2012 A diverse selection of gay erotic literature, art, and photography comprises this volume of contributions from both American and European writers, artists, and photographers. The featured essays, short stories, poems, and artwork demonstrate the changes in every medium of erotic art from one year to the next. Showing how the genre is constantly and creatively reinventing itself, this is a fascinating look at a versatile form of expression.

Around the Globe Bel Ami, 2007 Renowned photographer Benno Thoma reveals his shots of the lads of the world-famous porn company, showing Lukas, Sebastian and the rest in perfectly gorgeous photos, set against lavish backdrops and in masterfully composed erotic images. His sense of style makes this opulent large format book of photos a sensually stunning synthesis of art, and a milestone of gay photography.

Straight No More Winston Gieseke, 2013 The Art of Seducing a Straight Guy. He knows you do it better than his girlfriend. He may not say so, but you can tell by the sounds he makes, the look on his face afterwards, the awkward but grateful thank you. It's a flattery thing, he says. But whatever he tells himself, he enjoyed it! Best of all, it was easy. He didn't have to work for it. It was the perfect arrangement: he wanted to get off, you wanted to get him off with no strings, no drama,

and no expectations. But what happens if he gets hooked? Straight No More!

Kissed Stephan Niederwieser,2010 But it was only a kiss! -a sentence you won't ever say again after having leafed through this book and marveled at these unique kissing pictures. How much a kiss can mean and how much a kiss is a universe of its own-that is pointed up in this volume on 260 pages by more than 40 photographers. From sensual and erotic to wild and debauched: Here you'll find everything that can happen between lips. Kissed is anthology that makes you find truth in the words of Mark Twain who once said: A kiss is something you need both hands for.A Well, that still says it best.

Erotic Triggers Tom Bianchi,2010 Ever since Bruno Gmunder began producing gay interest photobooks, none of their photographers has sold more books than Tom Bianchi. Here, he focuses on everything that arouses, turning sexuality into the exciting and diverse experience it should always be. Bianchi's unmistakable style provides readers with an intimate, unique experience. His pictures are taken straight from the heart and get closer to the models than those of any comparable photographer. Not to be missed by lovers of gay interest photography with explicit content.

Metamorphose Greg Day,2000

Men for Men Pierre Borhan,2007 As soon as the invention of photography made it possible to be photographed with one's loved one, early daguerreotypes - small, unique images housed in their cases - were made as tokens of enduring affection or intimacy. Male couples were no exception. Under strict Victorian moral conventions photographs of the male nude were reserved strictly for academic study by artists. It was not until the early twentieth-century that the first openly homosexual photographers were able to explore the overtly erotic, and this they did by wrapping their subjects in historical reference by evoking images of ancient Greece or Pre-Raphaelite symbolism. After Alfred Kinsey's revelations of male sexuality, published in 1948, an enormous photographic market emerged for pictures of the muscular male physique. Homoeroticism had entered the mainstream photographic language. In this ground-breaking book organised by Gilles Mora with a substantial text by Pierre Bohran, the whole history of the genre is charted from its clandestine origins to its open glorification, including the work of photographic masters such as Brassai and August Sander, as well as the notorious underground excursions of Robert Mapplethorpe. We can follow how a homosexual view has now shaped the new iconography of fashion and the public male image
