Hypnotized To Be Gay By His Doctor Michael's desperate for a cure to his anxiety so that he can talk to women, and his therapist says they only have one option left: hypnosis. Michael isn't convinced it will work, but is willing to try anything. His therapist has more devious intentions in mind, though. He'll make sure Michael learns to love a man's touch. **** WARNING **** This story contains dubcon, rough sex between a gay man and his straight neighbor, mind control, bondage and submission.

If You Seduce a Straight Person, Can You Make Them Gay? John P. Elia, 1993 This breakthrough book shows the fissures in concepts of the gay and lesbian identity and the one-sidedness of both biological essentialist and social constructionist versions of both sexual and gender identity. The editors present an alternative viewsexual and gender expression is a product of complementary biological, personal, and cultural influences in If You Seduce a Straight Person, Can You Make Them Gay? Through theoretical analysis, ethnographic and empirical data, and case studies, the editors show how it is difficult, if not impossible, to conceptually determine the origin of an individual's sexual expression. This thought-provoking book covers many topics that are sure to cause many readers to re-evaluate their thinking about the origins of gay and lesbian identity.

Straight Guys on the Downlow (Gay Erotica) Nathan J Morissey,2014-01-17 In the Gay Bro's Series, we explore "straight" guys, guys who have sex with other guys, but don't consider themselves gay. These guys have bro's, really good male friends who they're close to, but doesn't emotional attraction often lead to its physical expression? In any case, who doesn't like straight guys that like to have sex with other guys? Especially if they think they're still straight. In my experience, I have discovered that these so-called straight guys - guys with girlfriends and guys that have been married to women for years - have latent homosexual attractions, just waiting for the right hunky guy to sweep them off their feet and give in to sweet surrender. Wouldn't you like to be the one to seduce the straight guy? In this first volume, Jared is a hot 25 year-old high school gym teacher who has just gotten engaged to his fiancée, but a sexual encounter with his best guy friend makes him question his sexual orientation. Come along as he throws off the shackles of heterosexual oppression and indulges in some steamy man-on-man loving. Please note that this story contains explicit homoerotic and homosexual content and is not appropriate for readers under 18. Mature readers only. Word Count: 10,000 words

Why Straight Guys Love Their Gay Guys David Dalton,2017-10-15 After fifty years of progress and the advent of gay marriage, statistics on the well-being of gay men are as grim as ever. Rates of suicide, alcoholism, and drug abuse have not budged. Anxiety, depression, loneliness, and poor health are just as widespread. Studies have shown that gay men who live in

urban gay communities actually are worse off, not better. The utopia promised by gay marriage has not materialized. Gay men seem to have run out of ideas for progress. There is little acknowledgment of the fact that something remains badly wrong. Nor is there a diagnosis of what is wrong. This book proposes that the diagnosis is obvious if we look at the origins of male sexuality and how it was expressed in other cultures. The anti-sex Puritan system in which we are now immersed is relatively recent in human history. Yet in less than 2,000 years, knowledge of how other cultures lived and loved has been systematically wiped out. Starting with the early Europeans in the last years of Rome and continuing around the globe as Europeans colonized the continents, natural male sexualities have been cruelly repressed and then obliterated. We are all Puritans now. The greatest taboo of all in male sexuality remains unchallenged and is still heavily enforced. That is the taboo of male-male sex, which until 2003 was still a crime. This book argues that the plight of gay men is only a piece of a much larger catastrophe -- the Puritanical repression of the sexualities of all men, in an attempt to co-opt the power of male sexuality, with promises of greater glories to be found in heaven. This book is not arguing for something new, untested, unknown, and radical. Rather, the challenge is to return to something very old -- the joy of male-male sex -- which took similar forms in most of the cultures that we have knowledge of. Those old worlds were worlds in which every gay man was able to take for granted what to us today is the impossible dream -- sex with a straight best friend.

Straight, Cruel, and Sweet Thomas Carver, 2015-07-05 There's something about that unaccessible straight man, so rough, so dangerous, that draws gay men in to their destruction, or their redemption. This collection of three gay erotic stories explores the attraction of sadistic straight men in three scenarios. In *Depravity* a gay graduate student gives himself over to his sadistic and perverted roommates. In *What Your Wife Won't*, a long smoldering crush bursts into flames when an old friendship turns to something more personal. And in *The Shadow of the Bully*, the past haunts a man damaged by his childhood bully.

Not Gay Jane Ward, 2015-07-31 A different look at heterosexuality in the twenty-first century A straight white girl can kiss a girl, like it, and still call herself straight—her boyfriend may even encourage her. But can straight white guys experience the same easy sexual fluidity, or would kissing a guy just mean that they are really gay? *Not Gay* thrusts deep into a world where straight guy-on-guy action is not a myth but a reality: there's fraternity and military hazing rituals, where new recruits are made to grab each other's penises and stick fingers up their fellow members' anuses; online personal ads, where straight men seek other straight men to masturbate with; and, last but not least, the long and clandestine history of straight men frequenting public restrooms for sexual encounters with other men. For Jane Ward, these sexual practices reveal a unique social space where straight white men can—and do—have sex with other straight white men; in fact, she argues, to do so reaffirms rather than challenges their gender and racial identity. Ward illustrates that sex between straight white men allows them to leverage whiteness and masculinity to authenticate their heterosexuality in the context of sex with men. By

understanding their same-sex sexual practice as meaningless, accidental, or even necessary, straight white men can perform homosexual contact in heterosexual ways. These sex acts are not slippages into a queer way of being or expressions of a desired but unarticulated gay identity. Instead, Ward argues, they reveal the fluidity and complexity that characterizes all human sexual desire. In the end, Ward's analysis offers a new way to think about heterosexuality—not as the opposite or absence of homosexuality, but as its own unique mode of engaging in homosexual sex, a mode characterized by pretense, dis-identification and racial and heterosexual privilege. Daring, insightful, and brimming with wit, *Not Gay* is a fascinating new take on the complexities of heterosexuality in the modern era.

Sex Tips for Straight Women From a Gay Man Dan Anderson, Maggie Berman, 2012-08-10 Witty sex guide which will appeal to watchers of *Sex and the City* and *Will and Grace*. A huge word-of-mouth success in the States.
