Melena Walsh has never forgotten the dashing Breed male who saved her life as a child. And with an unwanted—yet undeniable—desire igniting between them, Melena fears that Lazaro's protection may come at the price of her heart.... The Flame: A Desire Exchange Novella by Christopher Rice: Cassidy Burke has the best of both worlds, a driven and successful husband and a wild, impulsive best friend. But after a decadent Mardi Gras party, Cassidy finds both men pulling away from her. Did the three of them awaken secret desires

during a split-second of alcohol-fueled passion? Or is Mardi Gras a time when rules are meant to be broken without consequence? With the strike of a match and one tiny flame, she will call forth a supernatural being with the ultimate power—the power to unchain the heart, the power to remove the fear that stands between a person and their truest desires. *Caress of Darkness: A Dark Pleasures Novella* by Julie Kenner: From the first moment I saw him, I knew that Rainer Engel was like no other man. Dangerously sexy and darkly mysterious, he both enticed me and terrified me. I wanted to run—to fight against the heat that was building between us—but there was nowhere to go. I needed his help as much as I needed his touch. And so help me, I knew that I would do anything he asked in order to have both. But even as our passion burned hot, the secrets in Raine’s past reached out to destroy us...and we would both have to make the greatest sacrifice to find a love that would last forever. Every Dark Nights tale is breathtakingly sexy and magically romantic.

Affective Sexual Pedagogies in Film and Television Kyra Clarke, 2017-02-17 Popular film and television hold valuable potential for learning about sex and sexuality beyond the information-based model of sex education currently in schools. This book argues that the representation of complicated—or messy—relationships in these popular cultural forms makes them potent as affective pedagogical moments. It endeavours to develop new sexual literacies by contemplating how pedagogical moments, that is, fleeting moments which disrupt expectations or create discomfort, might enrich the available discourses of sexuality and gender, especially those available to adolescents. In Part One, Clarke critiques the heteronormative discourses of sex education that produce youth in particularly gendered ways, noting that rationality is often expected to govern experiences that are embodied and arguably inherently incoherent. Part Two explores public intimacy, contemplating the often overlapping and confused boundaries between public and private.

Oddly Normal John Schwartz, 2013-09-03 A heartfelt memoir by the father of a gay teen, and an eye-opening guide for families who hope to bring up well-adjusted gay adults. Three years ago, John Schwartz, a national correspondent at The New York Times, got the call that every parent hopes never to receive: his thirteen-year-old son, Joe, was in the hospital following a suicide attempt. Mustering the courage to come out to his classmates, Joe's disclosure—delivered in a tirade about homophobic attitudes—was greeted with unease and confusion by his fellow students. Hours later, he took an overdose of pills. In the aftermath, John and his wife, Jeanne, determined to help Joe feel more comfortable in his own skin, launched a search for services and groups that could help Joe understand that he wasn't alone. This book is Schwartz's very personal attempt to address his family's struggles within a culture that is changing fast, but not fast enough to help gay kids like Joe --

The Boy in the Dress Jonathan Butler,2022-02-22 On a balmy Townsville night in 1944, a young serviceman, Warwick Meale, is found murdered. The army and police do not, or will not, conduct a proper investigation and history forgets the killer - until now. Nearly eighty years on, Warwick's descendant Jonathan Butler dusts off the case and chases the leads that were there all along. *The Boy in the Dress* exhumes secrets of life on the home front during World War II, where tensions between soldiers boiled over, new expressions of sexuality flourished and the threat of invasion catapulted the status quo into disarray. The truth of this family legend, and this little-known chapter in Australian military history, is more complex and engrossing than anyone could have imagined.

Becoming Who I Am Ritch C. Savin-Williams,2016-09-19 Proud, happy, grateful—gay youth describe their lives in terms that would have seemed surprising a generation ago. Yet many adults, including parents, are skeptical of this sea change—coming out is supposed to involve struggle.
