Untold Secrets of Ascendant Saket Shah,2021-09-10 Dear Reader, We always think why certain combination or planets give good results in one horoscope and bad result in another horoscope. So, the secret lies in ascendant for example for libra ascendant exalted Jupiter can give good results in career but for Gemini ascendant exalted Jupiter might give lot of problems because for libra ascendant it is benefic and for Gemini ascendant it is strong maraka planet. So, this is the big secret in prediction we need to predict every ascendant combination differently. There are 12 different ascendants from Aries to Pisces. Each planet behaves and act differently as they own different houses in horoscope for each ascendant. So, in this book I am describing fruitful yoga's and spoilt yoga's for all ascendants. Which planet can give raj yoga or benefic results and which planet can give negative results? In Vedic astrology analyzing every ascendant differently is the key to predict the horoscope. This is one of my best presentation and I hope you will love reading it. Welcome to my world of Jyotish and divine knowledge. Regards, Saket Shah

Postcolonial Astrology Alice Sparkly Kat,2021-05-18 Tapping into the political power of magic and astrology for social, community, and personal transformation. In a cross-cultural approach to understanding astrology as a magical language,

Alice Sparkly Kat unmask the political power of astrology, showing how it can be channeled as a force for collective healing and liberation. Too often, magic and astrology are divorced from their potency and cultural contexts: co-opted by neoliberalism, used as a force of oppression, or distilled beyond recognition into applications that belie their individual and collective power. By looking at the symbolic and etymological histories of the sun, moon, Saturn, Venus, Mercury, Mars, and Jupiter, we can trace and understand the politics of magic--and challenge our own practices, interrogate our truths, and reshape our institutions to build better frameworks for communities of care. Fearless, radical, and fresh, Sparkly Kat's Postcolonial Astrology ushers in a new wave of astrology revival, refusing to apologize for its magickism and connecting its power to the spirituality and politics we need now. Intersectional, inclusive, and geared towards queer and POC communities, it uses our historical and collective constructs of the planets, sun, and moon to re-chart our subconscious history, redefine the body in the world, and assert our politics of the personal, in astrology and all things.

Christian Astrology William Lilly,2005-03 Named Christian to avoid hassles (some things never change), this is the most famous, the most celebrated astrology book in the English language. It has been prized by students ever since its first publication in 1647. The Horary Astrology in these pages, in the hands of a master, is no mere parlour game. It is demanding and precise, combining science and art. Properly used, it will give answer to any well-defined question. William Lilly, famous throughout England for his almanacs & forecasts (he predicted London's Great Fire of 1666), lived during the English Civil War & was a minor historical figure in it. Into his studio came the rich and poor, nobles and commoners, with problems great and small. This new edition restores Lilly's original page layouts, with marginalia. Modern spelling throughout, this edition includes Lilly's bibliography, his original index & a new glossary. Also includes his original woodblock charts, and their modern versions. This is Lilly's great work as he himself knew it. In this volume: Book 1, An Introduction to Astrology, containing the use of an ephemeris; the erecting of a scheme of heaven; nature of the twelve signs of the Zodiac, of the planets; with a most easy introduction to the whole art of astrology. Book 2, The Resolution of All Manner of Questions, by a most methodical way, instructs the student how to judge or resolve all manner of questions contingent unto man, viz, of health, sickness, riches, marriage, preferment, journeys, etc. Some 35 questions inserted and judged.

Gemini Joanna Martine Woolfolk,2011-11-16 Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your

horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called *This Is My Life*. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.
