Theonomy in Christian Ethics Greg L. Bahnsen, 2021-03-22 CD included with PDF files of the book and other materials. MP3 files of Author's lectures.

[A Faith to Confess](#) Sidney Maurice Houghton, 1975 Here in modern English is the most famous of Baptist Confessions containing the heart and soul of the Reformation in terms of clear Biblical truth. Here is a Confession of faith for churches to be founded upon, a faith for church members to know, love, defend and propagate, a faith that church officers can hand on to future generations. The Introduction which forms a preface to this Confession explains its origin and discusses several particularly relevant issues contained in the chapters, thereby increasing the usefulness of the whole.

Apologetics in the Void Douglas Wilson, 2020-12-26 Street-Level Apologetics: Where the Reason Meets the Road While the other titles in this series have been interactions with the best-selling published works of internationally renowned atheists, this fourth volume brings things down to a local scale. For several months in 2003-4, Douglas Wilson was involved in an ongoing debate on a Moscow, Idaho, listserv about various matters of concern to secularists. His contributions to the conversation (lightly edited) are collected in this book. Though the names of his opponents aren't as big (and have, in fact, been changed for this publication), Wilson's humor and sharp-mindedness are as bold and boisterous as ever, as is his concern for the souls of those who reject Christ. With a pastor's care for lost sheep, he calls them all to reason and to repentance. Douglas Wilson has been the pastor of Christ Church, Moscow, Idaho, for over forty years. He and His wife, Nancy, have three children and seventeen grandchildren. Doug is the author of scores of books, including *God Is. How Christianity Explains Everything*. You can read his blog at dougwils.com, follow him on Twitter at [@douglaswils](https://twitter.com/douglaswils), and watch him as the host of *Man Rampant*.

How Firm a Foundation? Timothy R. Cunningham, 2013-03-28 This book helps Christian voters and politicians think through two perennial questions. Are we required to apply the judicial laws of the Old Testament to our present-day political contexts? And if we are required to obey these laws, how shall we do so? Against the historic Protestant consensus that posits Christians as bound to advocate and apply only the moral principles underlying these laws, Christian Reconstructionists have

recently argued that obedience to and promotion of all divinely unamended Mosaic civil laws remains the Christian's new covenant duty. After testing the most thorough statement of the Reconstructionist view--as presented by the late Greg Bahnsen in his *Theonomy in Christian Ethics--against Scripture and the Westminster Confession, How Firm a Foundation?* demonstrates that the Reconstructionist ethical perspective is unbiblical, unconfessional, and ultimately unhelpful, while the historic Protestant position expressed in the Westminster Confession of Faith remains the biblical and useful perspective Christians need to guide contemporary uses of the Mosaic judicial laws.

The Institutes of Biblical Law Vol. 1 R. J. Rushdoony, 2009-11-16 To attempt to study Scripture without studying its law is to deny it. To attempt to understand Western civilization apart from the impact of Biblical law within it and upon it is to seek a fictitious history and to reject twenty centuries and their progress. The Institutes of Biblical Law has as its purpose a reversal of the present trend. It is called Institutes in the older meaning of the that word, i.e., fundamental principles, here of law, because it is intended as a beginning, as an instituting consideration of that law which must govern society, and which shall govern society under God. To understand Biblical law, it is necessary to understand also certain basic characteristics of that law. In it, certain broad premises or principles are declared. These are declarations of basic law. The Ten Commandments give us such declarations. A second characteristics of Biblical law, is that the major portion of the law is case law, i.e., the illustration of the basic principle in terms of specific cases. These specific cases are often illustrations of the extent of the application of the law; that is, by citing a minimal type of case, the necessary jurisdictions of the law are revealed. The law, then, asserts principles and cites cases to develop the implications of those principles, with its purpose and direction the restitution of God's order.

From the Finger of God Philip S. Ross, 2010 This book investigates the biblical and theological basis for the classical division of biblical law into moral, civil, and ceremonial. It highlights some of the implications of this division for the doctrines of sin and atonement, concluding that theologians were right to see it as rooted in Scripture and the Ten Commandments as ever-binding.

The Federal Vision Peter J. Leithart, 2004 The Federal Vision communicates the importance of applying a more robust Covenant theology to our study of the relationship between obedience and faith, and to the role of the Church and Sacraments in our salvation.

Five Views on Law and Gospel Greg L. Bahnsen, Walter C. Kaiser, Jr., Douglas J. Moo, Wayne G. Strickland, Willem A. VanGemeren, 2010-09-21 An introduction to a complex theological issue that impacts our daily lives as believers in Christ: What is the relevance of the Old Testament Law to our understanding of the Gospel and how it should be lived? This book explores five major approaches to this important biblical topic as they've developed in Protestant circles: Non-Theonomic Reformed View - the law is the perfection of righteousness in Jesus Christ. Theonomic Reformed View - the goodness of the

law is dependent on how it's used and does not offer a way to salvation. Heavily focused on Paul's discussion of the Law. Law as Gracious Guidance View - emphasizes the contrasts between the Mosaic law and the Gospel of grace, while still asserting the Law's value. Dispensational View - approaches the Law from a historical perspective to help us understand its presentation, treatment, and recipients. Modified Lutheran View - the Law of Christ as the fulfillment of the Law of Moses. This book allows each contributor to not only present the case for his view, but also to critique and respond to the critiques of the other contributors, allowing you to compare their beliefs in an open forum setting to see where they overlap and where they differ. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

The Shadow of Christ in the Law of Moses Vern S. Poythress,1995 The first five books of the Old Testament were written centuries before the birth of Jesus. Yet they intricately involve him. Here Vern S. Poythress explores Genesis through Deuteronomy, demonstrating how the sacrifices and traditions of the Hebrews graphically foreshadow Christ's relationship with his people. Dr. Poythress also explains how the penalties of the law prefigure the destruction of sin and guilt through Jesus. -- Publisher's statement

Covenantal Theonomy: A Response to T. David Gordon and Klinean Covenantalism Kenneth L. Gentry, Jr.,2012-11-01 This work defends the continuation of God's Law in the new covenant economy. It defends Theonomic (God's Law) ethics over against Intrusion Ethics (associated with Meredith Kline). It particularly responds to Dr. T. David Goron's philosophical, exegetical, and theological objections to theonomy. It shows not only that Theonomic Ethics is within the mainstream of Reformed, confessional theology, but is also firmly rooted in the covenantal Scriptures of the Old and New Testaments.

God and Politics Gary Scott Smith,1989 16 contributors represent four positions on the biblical role of civil government. Originally delivered at a consultation on that topic, each of the four major papers is presented by a leading representative of that view and is followed by responses from the three other perspectives. The result is a vigorous exchange of ideas aimed at pinpointing areas of agreement and disagreement and equipping God's people to serve him more effectively in the political arena.

Liberty for All Andrew T. Walker, 2021-05-04 Christians are often thought of as defending only their own religious interests in the public square. They are viewed as worrying exclusively about the erosion of their freedom to assemble and to follow their convictions, while not seeming as concerned about publicly defending the rights of Muslims, Hindus, Jews, and atheists to do the same. Andrew T. Walker, an emerging Southern Baptist public theologian, argues for a robust Christian ethic of religious liberty that helps the church defend religious freedom for everyone in a pluralistic society. Whether explicitly religious or not, says Walker, every person is striving to make sense of his or her life. The Christian foundations of religious freedom provide a framework for how Christians can navigate deep religious difference in a secular age. As we practice religious liberty for our neighbors, we can find civility and commonality amid disagreement, further the church's engagement in the public square, and become the strongest defenders of religious liberty for all. Foreword by noted Princeton scholar Robert P. George.

Old Testament Ethics for the People of God Christopher J.H. Wright, 2013-01-30 Nothing confuses Christian ethics quite like the Old Testament. Some faithful readers struggle through its pages and conclude that they must obey its moral laws but may disregard its ceremonial and civil laws. Others abandon its teaching altogether in favor of a strictly New Testament ethic. Neither option, argues Chris Wright, gives the Old Testament its due. In this innovative approach to Old Testament ethics--fully revised, updated and expanded since its first appearance in 1983 as *Living as the People of God* (An Eye for an Eye in North America) and including material from *Walking in the Ways of the Lord*--Wright examines a theological, social and economic framework for Old Testament ethics. Then he explores a variety of themes in relation to contemporary issues: economics, the land and the poor; politics and a world of nations; law and justice; society and culture; and the way of the individual. This fresh, illuminating study provides a clear basis for a biblical ethic that is faithful to the God of both Testaments.

Survival and Resistance in Evangelical America Crawford Gribben, 2021 Over the last thirty years, conservative evangelicals have been moving to the north-west of the United States in an effort to survive and resist the impact of secular modernity. Their activity coincides with the promotion by prominent survivalist authors of a programme of migration to the American Redoubt, a region encompassing Idaho, Montana, eastern parts of Washington and Oregon, and Wyoming, as a location within which to endure hostile social change or natural disaster. These migration movements have independent origins, but they overlap in their influences and aspirations, working in tandem and sometimes in mutual dependence to offer a vision of the present in which Christian values must be defended, if necessary, by force, and a vision of the future in which American society will be rebuilt according to biblical law. Drawing on Calvinist theology, the social theory of Christian Reconstruction, and libertarian politics, these believers are projecting significant soft power, with their books being

promoted by leading secular publishers and being listed as New York Times bestsellers. The strategy is gaining momentum, making an impact in local political and economic life, while being repackaged for a wider audience in publications by a broader coalition of conservative commentators and in American mass culture. These believers recognise that they have lost the culture war - but another kind of conflict is beginning. This book examines the origins, evolution, and cultural reach of the migration that might tell us most about the future of American evangelicalism--

He Shall Have Dominion Kenneth L Gentry,2021-02-22 In this edition of this classic study of postmillennialism, you will sense anew the powerful message of Psalm 72 that Christ shall have dominion from sea to sea (Psa 72:8). You will learn that God's word boldly promises that the whole earth will be filled with his glory (72:19) so that all nations will call him blessed (72:17) - before Christ returns. Many evangelicals today are concerned about those being Left Behind on this Late Great Planet Earth as it collapses into absolute chaos. But the postmillennialist optimistically believes regarding Christ that He Shall Have Dominion throughout the earth. In this book you will find the whole biblical rationale for the postmillennial hope, from its incipient beginning in Genesis to its glorious conclusion in Revelation. Your faith will be re-invigorated as you begin to recognize that the gospel is the power of God unto salvation (Rom 1:16) and that our Lord Jesus really meant it when he commanded us to go and make disciples of all the nations (Matt 28:19).

Gospelbound Collin Hansen,Sarah Eekhoff Zylstra,2021-04-06 A profound exploration of how to hold on to hope when our unchanging faith collides with a changing culture, from two respected Christian storytellers and thought leaders. “Offers neither spin control nor image maintenance for the evangelical tribe, but genuine hope.”—Russell Moore, president of ERLC As the pressures of health warnings, economic turmoil, and partisan politics continue to rise, the influence of gospel-focused Christians seems to be waning. In the public square and popular opinion, we are losing our voice right when it’s needed most for Christ’s glory and the common good. But there’s another story unfolding too—if you know where to look. In *Gospelbound*, Collin Hansen and Sarah Eekhoff Zylstra counter these growing fears with a robust message of resolute hope for anyone hungry for good news. Join them in exploring profound stories of Christians who are quietly changing the world in the name of Jesus—from the wild world of digital media to the stories of ancient saints and unsung contemporary activists on the frontiers of justice and mercy. Discover how, in these dark times, the light of Jesus shines even brighter. You haven’t heard the whole story. And that’s good news.
