

General Sir Mike Jackson

Gen. Sir Peter de la Billière

Soldier Mike Jackson, 2008 Warfare and defence.

Soldier Sir Mike Jackson, 2007 General Sir Mike Jackson's illustrious career in the British Army has spanned almost 45 years and all that time he has shown loyalty, courage and commitment to the British army whilst also being an undeniable media attraction. A man of substance where foreign policy is concerned, he has served in theatres from the Arctic to the jungle but is perhaps best known for his role in charge of the British troops to end ethnic cleansing in Kosovo, for assembling the British ground component of the coalition that toppled the Taliban, for equipping and organising the army we dispatched to defeat in Iraq and for re-organising the British army with aplomb. His drive, enthusiasm and dominating personality were always popular with his soldiers and drove him right to the top of his profession. He may have been a general but he never stopped caring about the men and women in his charge, despite the politics. *Soldier: The Autobiography* exhibits all the qualities for which Jackson is admired; his professionalism, his honesty, his directness, his exuberance and his sense of humour. Most of all it gives a vivid sense of what modern soldiering entails.

White Flag? Michael Ashcroft, Isabel Oakeshott, 2018-10-02 FOREWORD BY GENERAL SIR MIKE JACKSON After the pain of Iraq and Afghanistan, it is hard to imagine the UK being drawn into another war. Defence chiefs warn that there is a real prospect of future conflict, but they have struggled to persuade most politicians to take them seriously. Our leaders have

concluded there are no votes in defence, and have progressively run down the armed forces. Today, the army is at its smallest since the Napoleonic Wars; the RAF is less than half its size twenty five years ago, and the Royal Navy will struggle to muster the ships and weapons required to protect our new aircraft carriers. Is there really a risk of war? Is our military less capable and, if so, what could that mean for our future? White Flag? explains what has happened to our armed forces in recent years and asks whether their decline endangers our safety and prosperity.

The Habit of Excellence Lt Col Langley Sharp, 2021-10-07 The official British Army book on what makes its leadership so successful, and how to become a better leader yourself - whatever your field. _____ 'If you want to become a better leader, read this book' Eddie Jones 'An extraordinary read for any leader. Truly brilliant' General Stanley McChrystal, author of Team of Teams 'Excellent. Offers proven tools and strategies' Matthew Syed _____ The Habit of Excellence is a unique insight into British Army leadership, explaining what makes it unique, what makes it so effective and what civilians can take from it to become better leaders themselves. Drawing on the latest research in military history, business, sociology, psychology and behavioural science, and with compelling illustration from British Army operations across the centuries, Lt Col Langley Sharp MBE goes beyond the latest leadership fads to distil into one peerlessly authoritative work the essence of leading and leadership from one of the world's most revered institutions.

_____ 'Excellent. It's hard to see how any leader, whatever their field, wouldn't benefit from reading and rereading it' New Statesman 'Offers lessons for all managers' Financial Times 'Valuable in any walk of life' General Sir Mike Jackson, former Chief of the General Staff 'Very readable. I could not recommend this exceptional book more' General The Lord David Richards, former Chief of the Defence Staff 'Comprehensive and clearly written' Karin von Hippel, Director-General of RUSI 'Terrific. Full of insights and lessons' General David Petraeus, former Director of the CIA

Fighting for Peace, Bosnia 1994 Michael Rose, 1998 General Sir Michael Rose tells the inside story of one of the toughest challenges of his career, as Commander of the UN Protection Force in Bosnia in 1994. Amidst scenes of inhumanity not witnessed in Europe since the Second World War, he describes how he dealt with individuals who would stop at nothing, even the sacrifice of their own people, to fulfil their personal and political agendas. He sets the record straight on his handling of crises such as the sieges of Sarajevo, Gorazde and Bihac, and portrays the other hazards of his command: the often conflicting objectives of NATO and the UN, the political sensibilities of the troop-contributing nations, the historic loyalties and lobbies of the US administration and the manipulation of international opinion by the media.

The Life and Times of Lieutenant General Sir Adrian Carton de Wiart Alan Ogden, 2023-05-18 In this groundbreaking new book, Alan Ogden brings to life Lt Gen sir Adrian Carton de Wiart, soldier, statesman and an often-overlooked figure in British Military and Diplomatic History. Framed through the life of Carton de Wiart this book also offers an exploration of important topics and developments in the first half of the 20th-century, including the Boer War, World War I,

World War II and Anglo-Sino relations. This biography ranges from de Wiart's early life, his wartime experiences and role as Churchill's personal representative to Chiang Kai-shek. Ogden draws from an extensive array of primary sources including previously unseen private family papers to examine, in exquisite detail, the life and times of a man who experienced the horrors of war to rise up the ranks and become a personal representative of Winston Churchill and then Clement Attlee. This book will be of interest to undergraduate and postgraduate students, as well as scholars studying British Military and Diplomatic history in the first half of the twentieth century.

Storm Command: A Personal Account of the Gulf War (Text Only) Gen. Sir Peter de la Billière, 2012-05-31 'My primary aim in writing this book is to demonstrate the importance of individual human beings in modern warfare. In the battle to drive the Iraqi army out of Kuwait, Coalition forces used every form of high-technology weapon available; yet in the end success depended on the performance of individuals, whether they were pilots, divers, tank drivers, mechanics, engineers, cooks, radio operators, infantrymen, nurses or officers of all ranks. It was these ordinary people who, at the end of the day, were going to put their lives on the line and risk their neck when their Government decided to go to war.' Gen. Sir Peter de la Billière Note that it has not been possible to include the same picture content that appeared in the original print version.

Trusted Mole Milos Stankovic, 2001 This is an account of the Bosnia war as told by Milos Stankovic, who served in that war as a British soldier.

The Profession of Arms Sir John Hackett, 1988

Military Detention Colchester From 1947 Carole Mcentee-Taylor, 2020-04-30 Author royalties to The Soldiers Charity (ABF) and MPSC Association. Foreword by General Mike Jackson From a German POW camp to HM Forces only remaining detention centre, the mere mention of Colly struck fear into the hearts of thousands of servicemen over the years. But what was it really like behind the forbidding barbed wire in those ancient Nissan Huts? How much has it changed since 1947? Written in the words of those who were there, from the 1940s through to the present day, Commandants, Members of Staff, Detainees, Military Escorts, Padres and visitors have shared their own experiences to create a unique history that sheds light on an almost unknown area of military life. At turns funny, sad and sometimes surprising, the accounts show how much the Military Corrective Training Centre (MCTC) and the idea of military detention has evolved.

Operation Kinetic Sean M. Maloney, 2018-07 In the late 1990s, NATO led the Kosovo Force (KFOR), charged with stabilizing Kosovo and the former Yugoslav Republic of Macedonia after genocide and other atrocities were carried out in the Balkan region. Operation Kinetic is not only a history of the origins and operations of the Kosovo Force but also a history of

the vital operations conducted by the Canadian Army units and their allies assigned to KFOR during the crucial early days and months after entry into the province in 1999 and through 2000. Operating alongside American, British, French, Norwegian, Finnish, and Swedish forces, these surveillance and response units were instrumental in preventing violence in numerous areas before it could escalate and draw in the Serbian Army, which could have led to further genocide or war in the region. Sean M. Maloney, a Canadian military historian with extensive field experience in the Balkans, draws on numerous interviews and firsthand accounts of an operation that would later serve as a model in preparing for similar efforts in Afghanistan and provide a blueprint for stabilizing operations around the world.

Leading from the Front Richard Dannatt, 2011 General Sir Richard Dannatt's distinguished career in the army has spanned thirty-eight years and seen him serve in many different theatres of conflict, from Northern Ireland (where he was awarded the Military Cross) to Bosnia and Kosovo, Iraq and Afghanistan. His experiences have forged an unwavering loyalty to the fighting British soldier. As Chief of the General Staff, he was given overall command of the British army at a time when the fighting was fiercest in Afghanistan. But from his very first day in the job, General Dannatt proved himself a courageous leader and a forceful advocate for his men, never shying from controversy to tell the truth as he found it. More than any leader in recent times, Dannatt has used his position of command to get a better deal for the British soldier - the right equipment, the right conditions, the right reward - to do the job we ask of them. His leadership and example have shaped the debate about the role of the professional army in modern warfare. *Leading from the Front* is General Sir Richard Dannatt's reflections on a life of military service which offers a characteristically frank analysis of whether Britain's defence strategy is fit to deal with the numerous threats we will face in the 21st century.

Review of Civil Litigation Costs Great Britain. Ministry of Justice, Rupert M. Jackson, 2010 In January 2009, the then Master of the Rolls, Sir Anthony Clarke, appointed Lord Justice Jackson to lead a fundamental review of the rules and principles governing the costs of civil litigation. This report intends to establish how the costs rules operate and how they impact on the behavior of both parties and lawyers.

Report of the Bloody Sunday Inquiry (Hc) Lord Saville of Newdigate, William Hoyt, John L. Toohy, 2016-10-30 On 29th January 1998 the House of Commons resolved that it was expedient that a tribunal be established for inquiring into a definite matter of urgent public importance, namely the events on Sunday, 30 January 1972 which led to loss of life in connection with the procession in Londonderry on that day, taking account of any new information relevant to events on that day. On 2nd February 1998 the House of Lords also passed this resolution. With the exception of the last 12 words, these terms of reference are virtually identical to those for a previous Inquiry held by Lord Widgery (then the Lord Chief Justice) in 1972. Both inquiries were conducted under the provisions of the Tribunals of Inquiry (Evidence) Act 1921. In his statement to the House of Commons on 29th January 1998 the Prime Minister (The Rt Hon Tony Blair MP) said that the timescale within

which Lord Widgery produced his report meant that he was not able to consider all the evidence that might have been available. He added that since that report much new material had come to light about the events of the day. In those circumstances, he announced: We believe that the weight of material now available is such that the events require re-examination. We believe that the only course that will lead to public confidence in the results of any further investigation is to set up a full-scale judicial inquiry into Bloody Sunday. The Prime Minister made clear that the Inquiry should be allowed the time necessary to cover thoroughly and completely all the evidence now available. The collection, analysis, hearing and consideration of this evidence (which is voluminous) have necessarily required a substantial period of time. The Tribunal originally consisted of The Rt Hon the Lord Saville of Newdigate, a Lord of Appeal in Ordinary, The Hon William Hoyt OC, formerly the Chief Justice of New Brunswick, Canada, and The Rt Hon Sir Edward Somers, formerly a member of the New Zealand Court of Appeal. Before the Tribunal began hearing oral evidence, Sir Edward Somers retired through ill health. The Hon John Toohey AC, formerly a Justice of the High Court of Australia, took his place. Lord Saville acted throughout as the Chairman of the Inquiry.

Serving to Lead Sir Freddie Viggers, 2018-10-02 *Serving to Lead* charts the career of one of the most senior officers in modern British Army history. It is a must-read for anyone interested in gaining a considered but accessible 'insider view' of the military and our Parliamentary traditions. Lt Gen Sir Freddie Viggers KCB CMG MBE DL completed 36 years' military service before joining Parliament as Black Rod in 2009. Exploring themes of 'lessons learned' through Service and leadership, this memoir covers important moments in our country's defence history and in which Sir Freddie played key roles, including the Northern Ireland Troubles, the civil war and rebuild of Bosnia, and the aftermath of the collapse of Saddam Hussein's Iraq, where he was the most senior British Army officer on the ground. The book also explores the Army's 21st century 'people' challenges encountered in the role of Adjutant General, fighting to improve the lot of soldiers and their families. It includes his evidence to the Iraq Inquiry. The author's experiences in Westminster give fascinating insight to the House of Lords and the role of Black Rod, a job from which he was forced to retire in 2010 following a devastating stroke. As with all anecdotes in this book, Sir Freddie's long road back to recovery is recounted with humour and candour, alongside his approach to living a fulfilling retirement - despite his significant health limitations - through enduring regimental connections and recent charitable work.

British Generals in Blair's Wars Jonathan Bailey, Richard Iron, Hew Strachan, 2013-07-01 En række afhandlinger baseret på britiske ledende officerers erfaringer fra operationer, udført under krige britiske tropper har deltaget i efter afslutningen af den kolde krig i den periode, Tony Blair var britisk statsminister. Vægten er lagt på krigene i Irak og Afghanistan. Konflikterne og krigene var i høj grad udfordrende for de officer, der førte de britiske enheder. Man var nødt til at revidere

koncepter og doktriner gældende under den kolde krig, for at kunne leve op til krav, der stilles til militær indsats i nutiden.

The Armed Forces Officer Richard Moody Swain, Albert C. Pierce, 2017 In 1950, when he commissioned the first edition of *The Armed Forces Officer*, Secretary of Defense George C. Marshall told its author, S.L.A. Marshall, that American military officers, of whatever service, should share common ground ethically and morally. In this new edition, the authors methodically explore that common ground, reflecting on the basics of the Profession of Arms, and the officer's special place and distinctive obligations within that profession and especially to the Constitution.
