Amerine, M.A. Joslyn, 2021-01-08 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1970.

The 'Malleus Maleficarum' and the construction of witchcraft Hans Broedel, 2013-07-19 This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. The Malleus is an important text and is frequently quoted by authors across a wide range of scholarly disciplines. Yet it also presents serious difficulties: it is difficult to understand out of context, and is not generally representative of late medieval learned thinking. This, the first book-length study of the original text in English, provides students and scholars with an introduction to this controversial work and to the conceptual world of its authors. Like all witch-theorists, Institoris and Sprenger constructed their witch out of a constellation of pre-existing popular beliefs and learned traditions. Therefore, to understand the Malleus, one must also understand the contemporary and subsequent debates over the reality and nature of witches. This book argues that although the Malleus was a highly idiosyncratic text, its arguments were powerfully compelling and therefore remained influential long after alternatives were forgotten. Consequently, although focused on a single text, this study has important implications for fifteenth-century witchcraft theory. This is a fascinating work on the Malleus Maleficarum and will be essential to students and academics of late medieval and early modern history, religion and witchcraft studies.

**Genesis Redux: When Ya Gotta Go, Ya Gotta Go** R. Alan Elder, 2016-07-05 Catastrophic events leave Earth uninhabitable. Two former astronauts lead a group of couples on an adventure to reenact the book of Genesis on Mars. The adventure begins when Earth receives a mysterious message from space warning of the impending entry of an unwanted influence into Earth's solar system. Genesis Redux is an opportunity to start the processes of populating a world all over again. Let's hope they get it right this time.

**Dissenting Japan** William Andrews, 2016 Conformist, mute and malleable? Andrews tackles head-on this absurd caricature of Japanese society in his fascinating history of its militant sub-cultures, radical societies and well-established traditions of dissent. Following the March 2011 tsunami and Fukushima nuclear crisis, the media remarked with surprise on how thousands of demonstrators had flocked to the streets of Tokyo. But mass protest movements are nothing new in Japan and the post-war period experienced years of unrest and violence on both sides of the political spectrum: from demos to riots, strikes, campus occupations, faction infighting, assassinations and even international terrorism. This is the first comprehensive history in English of political radicalism and counterculture in Japan, as well as the artistic developments during this turbulent time. It chronicles the major events and movements from 1945 to the new flowering of protests and civil dissent in the wake of Fukushima. Introducing readers to often ignored aspects of Japanese society, it explores the fascinating ideologies and personalities on the Right and the Left, including the student movement, militant groups and communes. While some elements parallel developments in Europe and America, much of Japan's radical recent past (and present) is unique and offers valuable lessons for understanding the context to the new waves of anti-government protests the nation is currently witnessing.

**Atlantis** Shirley Andrews, 2018-02-07 You know of it through song and legend: the golden civilization of Atlantis, which sank into the cold depths of the sea ages ago. But few know the truth about Atlantis or the geological and metaphysical evidences that suggest it really existed. What have scholars unearthed of Atlantis society and history? How about its mystical and religious beliefs, art and architecture, and its peoples knowledge of science and healing? Is it possible that the tremendous achievements of the Atlanteans were aided by extraterrestrial contact? Shirley Andrews uncovers the living legacy in Atlantis: Insights from a Lost Civilization, a compelling new look at a legendary country once situated on the Atlantic Ridge. The author has traveled extensively to conduct her own comprehensive research, which she synthesizes with the work of hundreds of other Atlantis researchers classical and modern scholars, scientists, and respected psychics like Edgar Cayce. Survivors of this fabled land have made their mark on cultures all over the world, and their descendants walk the earth today. Learn how the legacy of Atlantis can help us bring our own world into a new age of peace and enlightenment.

**Image Evolution** Lars C. Grabbe,Patrick Rupert-Kruse,Norbert M. Schmitz,2019-01-23 The history of images can be described as a history of technology and mediality. The development of images is deeply rooted in the potentials of media technologies and the numerous human inventions in the range of traditional craftsmanship, engineering science, computer science, and art and design. The factual embedding of images in the historical-technological processes constitutes a complex structure of an autonomous image evolution that must be highlighted, characterized and analyzed by the interdisciplinary academic discourses that are related to the functions and structures of visuality, pictoriality, and forms of multi-sensoric representations. The chosen term evolution is deliberately indicating structural laws that underlie historical events. These laws are intentional and logical processes of a historical and technological interdependency. In this interdependency, technology is evolving out of its inherent structures and additionally embedded in anthropological conditions and sociocultural dynamics. In this context, we should work with the concept of an image evolution.

*The Father Loves You* Ed Piorek,2022-06-13 The Father You've Always Wanted The need for a father's love is hardwired into the human psyche. But today, more people than ever are experiencing the emptiness and heartache left by the absence of a loving father. Emotionally wounded by his own dad, Ed lived with a deep sense of rejection, haunted by loneliness. One night, on the brink of suicide, Jesus supernaturally met him and introduced him to God the Father. After encountering the Father's love, Ed's life was changed forever. In *The Father Loves You*, Ed Piorek, internationally known conference speaker and author, invites you on a journey to discover the father relationship your heart has been longing for. Jesus said, No man comes to the Father but through me. With biblical teaching and poignant testimonies, Ed introduces you to Jesus, guides you on a journey in His footsteps, and leads you into the Father's presence to find the unconditional love your heart has been longing for. Only Father God can offer the strength, wisdom, affirmation, and affection your heart craves. Don't spend another day pursuing substitutes that will leave you feeling empty. Join Ed Piorek on a journey to discover the Father you've always wanted.
