Random Road Thomas Kies,2021 It's a crime scene worthy of Hieronymus Bosch, so shocking and so senseless it challenges the local law and intrigues veteran reporter Geneva Chase, whose career may be dying alongside that of her small town newspaper. The Sheffield Post headline shouts, 'Cops Call Murder Scene Slaughterhouse.' On the scene, Genie spurs the Deputy Police Chief to tell her quietly, 'Six bodies--all nude--hacked to pieces.' Even tough Geneva shivers. How could such a slaughter happen on Connecticut's moneyed Gold Coast?--

Murder of Convenience Linda Shenton Matchett,2018-10-15 May 1942: Geneva Alexander flees Philadelphia and joins the USO to escape the engagement her parents have arranged for her, only to wind up as the number one suspect in her betrothed's murder investigation. Diagnosed with Retinitis Pigmentosa, she must find the real killer before she loses her sight...or is convicted for a crime she didn't commit. Set in the early days of America's entry into WWII and featuring cameo appearances from Hollywood stars, *Murder of Convenience* is a tribute to individuals who served on the home front, especially those who did so in spite of personal difficulties, reminding us that service always comes as a result of sacrifice. Betrayal, blackmail, and a barrage of unanswered questions... *Murder of Convenience* is the first in the exciting new "Women of Courage" series.

Choosing Death Jeffrey R. Watt,2001-02-22 In this case study of the Republic of Geneva, Jeffrey R. Watt convincingly argues the early modern era marked decisive change in the history of suicide. His analysis of criminal proceedings and death records shows that magistrates of the sixteenth and early seventeenth centuries often imposed penalties against the bodies and estates of those who took their lives. According to beliefs shared by theologian John Calvin, magistrates, and common folk, self-murder was caused by demon possession. Similar views and practices were found among both Protestants and Catholics throughout Reformation Europe. By contrast, in the late eighteenth century many philosophies defended the right to take one's life under certain circumstances; Geneva's magistrates in effect decriminalized suicide; and even commoners blamed suicide on mental illness or personal reversals, not on satanic influences. Watt uses Geneva's uniquely rich and well-organized sources in this first study to provide reliable evidence on suicide rates for premodern Europe. He places his findings within a wide range of historical and sociological scholarship, and while suicide was rare through the seventeenth century, he shows that Geneva experienced an explosion in self-inflicted deaths after 1750. Quite simply, early modern Geneva witnessed nothing less than the birth of modern suicide both in attitudes toward it—thoroughly secularized, medicalized, and stripped of diabolical undertones—and the frequency of it.

Paul Temple and the Geneva Mystery (A Paul Temple Mystery) Francis Durbridge,2015-10-08 Paul and Steve are called upon to crack a case involving Carl Milbourne, the brother-in-law of wealthy financier Maurice Lonsdale. After the news that Carl has perished in a fatal car accident, rumours begin to stir that despite all odds, Carl is alive and well.

My Dark Places James Ellroy,2011-11-30 America's greatest crime writer investigates his mother's murder. On 21 June 1958, Geneva Hilliker Ellroy left her home in California. She was found strangled the next day. Her ten year-old son James

had been with her estranged husband all weekend and was informed of her death on his return. Her murderer was never found, but her death had an enduring effect on her son - he spent his teens and early adult years as a wino, petty burglar and derelict. Only later, through his obsession with crime fiction, triggered by his mother's murder, did Ellroy begin to delve into his past. Shortly after the publication of his groundbreaking novel *WHITE JAZZ*, he determined to return to Los Angeles and, with the help of veteran detective Bill Stoner, attempt to solve the 38-year-old killing. The result is one of the few classics of crime non-fiction and autobiography to appear in the last few decades; a hypnotic trip to America's underbelly and one man's tortured soul.

Murder, Swiss Style Mahmoud Bakr,2020-09-05 An extraordinary story of suspense in a quiet city. Who is the murderer, how the crime was committed, and why? Coincidence and destiny are two of the most puzzling phenomena that have faced human beings for a long time. How a remarkable concurrence of events or circumstances without apparent causal connection can take place and then decide one's destiny, no one knows. What happened to me one afternoon was no exception.....

Lynch Him! George Sherwood,2016-08-16 The shocking murder of little Geneva Hardman in 1920 Kentucky leads to the first time a state tries to stop a lynch mob in the South. First the state militia then U.S. troops under martial law are called with orders to protect Will Lockett, the Negro suspect. Did Geneva get justice? Don't miss books 1-4 of The Colder Case Series!
