Misogyny in American Culture [2 volumes] Letizia Guglielmo Ph.D. 2018-10-01 This set surveys American misogyny in all its cultural forms, from popular music, film, and education to healthcare, politics, and business. The work also assesses proposals to confront and reduce such expressions of hatred. The essays contained in this two-volume set explore misogyny within various areas of American culture to demonstrate its pervasiveness and identify common foundations of its many presentations. Beyond a basic definition of misogyny, which includes hatred of women and girls and the ways in which this hatred and distrust influences action, speech, discrimination, policy, and culture in the United States, this project also aims to expand and complicate definitions of misogyny in order to provide readers with a robust introduction to and understanding of the larger topic. Given the current political and cultural climate and the more frequent and widespread use of the term "misogyny" by various media outlets and voters during the 2016 presidential election, this book has the potential both to contribute to ongoing conversations on misogyny and, among its intended audience of advanced high school, beginning college students and the general public, to inform a shift currently unfolding in public conversation on the topic.

Race and Gender in Electronic Media Rebecca Ann Lind 2016-10-04 This volume examines the consequences, implications, and opportunities associated with issues of diversity in the electronic media. With a focus on race and gender, the chapters represent diverse approaches, including social scientific, humanistic, critical, and rhetorical. The contributors consider race and gender issues in both historical and contemporary electronic media, and their work is presented in three sections: content, context (audiences, effects, and reception), and culture (media industries, policy, and production). In this book, the authors investigate, problematize, and theorize a variety of concerns which at their core relate to issues of difference. How do we use media to construct and understand different social groups? How do the media represent and affect our engagement with and responses to different social groups? How can we understand these processes and the environment within which they occur? Although this book focuses on the differences associated with race and gender, the questions raised by and the theoretical perspectives presented in the chapters are applicable to other forms of socially-constructed difference. Chapters 5, 10, 12, and 19 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

The Radium Girls Kate Moore 2016-06-16 Emma Watson’s Our Shared Shelf book club choice New York Times bestseller ‘Fascinating.’ Sunday Times ‘Thrilling.’ ????? Mail on Sunday All they wanted was the chance to shine. Be careful what you wish for... ‘The first thing we asked was, “Does this stuff hurt you?” And they said, “No.” The company said that it wasn’t dangerous, that we didn’t need to be afraid.’ As the First World War spread across the world, young American women flocked to work in factories, painting clocks, watches and military dials with a special luminous substance made from radium. It was a fun job, lucrative and glamorous – the girls shone brightly in the dark, covered head to toe in dust from the paint. However, as the years passed, the women began to suffer from mysterious and crippling illnesses. It turned out that the very thing that had made them feel alive – their work – was slowly killing them: the radium paint was poisonous. Their employers denied all responsibility, but these courageous women – in the face of unimaginable suffering – refused to accept their fate quietly, and instead became determined to fight for justice. Drawing on previously unpublished diaries, letters and interviews, *The Radium Girls* is an intimate narrative of an unforgettable true story. It is the powerful tale of a group of ordinary women from the Roaring Twenties, who themselves learned how to roar. Further praise for *The Radium Girls* ‘The importance of the brave and blighted dial-painters cannot be overstated.’ Sunday Times ‘A perfect blend of the historical, the scientific and the personal.’ Bustle ‘Thrilling and carefully crafted.’ Mail on Sunday?

The Heavy Hand of the Editor Cora Buhlert 2020-01-30 New York City, 1938: Richard Blakemore, hardworking pulp writer by day and the masked vigilante only known as the Silencer by night, has faced many a horror in his day. But few of them can match the terror of the blank page. Especially since Donald A. Stuart, the upstart young editor of an upstart young magazine called *Stunning Science Stories*, has already rejected Richard's story "The Icy Cold of Space" four times. Stuart demands changes that Richard does not want to make. Worse, he also holds Richard's story hostage. Unless Stuart permanently rejects the story, Richard cannot sell it elsewhere. There are a lot of shady practices in the pulp business, but Stuart's actions are beyond the pale even for the wild west of publishing. And so the Silencer decides to pay Stuart a visit to put the fear of God into an editor who believes himself to be one. This is a novelette of 10800 words or approx. 38 print pages in the Silencer series, but may be read as a standalone. Any resemblances to editors, writers and magazines living, dead or undead are entirely not coincidental.

The Alloy of Law Brandon Sanderson 2011-11-10 The Mistborn trilogy has become a firm favourite with fantasy fans the world over. The imagination that Sanderson brought to the series and his skill at marshalling epic storylines and dramatic action, his ability to create vivid characters made him a natural choice to complete Robert Jordan's epic wheel of time sequence. But with Mistborn, his standalone fantasies and his new series, *The Stormlight Archive*, Sanderson has shown his bountiful talents in his own fiction. Now he returns to the series that made his name with a new story set years after the events of *Hero of Ages*. In a world recovering only slowly from evil, a world where allomancers wield immense power through their ability to unleash the magic bound up in common metals someone who can burn metals that no-one has burned before can tip the balance... This ability has thrown him to the forefront of the genre and the dramatic story within *The Alloy of Law* shows off this skill to its very best.

Global Cold War Literature Andrew Hammond 2011-12-21 In countries worldwide, the Cold War dominated politics, society and culture during the second half of the twentieth century. *Global Cold War Literatures* offers a unique look at the multiple ways in which writers from Asia, Africa, Europe and North and South America addressed the military conflicts, revolutions, propaganda wars and ideological debates of the era. While including essays on western European and North American literature, the volume views First World writing, not as central to the period, but as part of an international discussion of Cold War realities in which the most interesting contributions often came from marginal or subordinate cultures. To this end, there is an emphasis on the literatures of the Second and Third Worlds, including essays on Latin American poetry, Soviet travel writing, Chinese autobiography, African theatre, North Korean literature, Cuban and eastern European fiction, and Middle Eastern fiction and poetry. With the post-Cold War era still in a condition of emergence, it is essential that we look back to the 1945-89 period to understand the political and cultural forces that shaped the modern world. The volume's analysis of those forces and its focus on many of the 'hot spots' – Afghanistan, Iran, North Korea – that define the contemporary 'war on terror', make this an essential resources for those working in Postcolonial, American and English Literatures,

as well as in History, Comparative Literature, European Studies and Cultural Studies. Global Cold War Literatures is a suitable companion volume to Hammond's Cold War Literature: Writing the Global Conflict, also available from Routledge.

American Feminist Playwrights Sally Burke 1996 Burke's study examines works intensely feminist in their message - the suffrage plays of the early women's movement, the social protest dramas of the 1920s and 1930s, the plays advocating equal rights from the late 1960s onward - and those whose feminism seems an almost unintentional part of their content. Lillian Hellman, who professed no special interest in women's issues and disdained discussions of herself as a "woman" playwright, nonetheless addressed in her dramas numerous feminist themes, including women's need for financial independence, the treatment of women as possessions, the crippling effects of male dominance, and society's attitudes toward lesbianism. In the latter half of the 20th century a number of feminist playwrights integrated into their dramatic consciousness an awareness of racism.

The British Cinema Book Robert Murphy 2009-03-31 The new edition of The British Cinema Book has been thoroughly revised and updated to provide a comprehensive introduction to the major periods, genres, studios, film-makers and debates in British cinema from the 1890s to the present. The book has five sections, addressing debates and controversies; industry, genre and representation; British cinema 1895-1939; British cinema from World War II to the 1970s, and contemporary British cinema. Within these sections, leading scholars and critics address a wide range of issues and topics, including British cinema as a 'national' cinema; its complex relationship with Hollywood; film censorship; key British genres such as horror, comedy and costume film; the work of directors including Alfred Hitchcock, Anthony Asquith, Alexander Mackendrick, Michael Powell, Lindsay Anderson, Ken Russell and Mike Leigh; studios such as Gainsborough, Ealing, Rank and Gaumont, and recent signs of hope for the British film industry, such as the rebirth of the low-budget British horror picture, and the emergence of a British Asian cinema. Discussions are illustrated with case studies of key films, many of which are new to this edition, including *Piccadilly* (1929) *It Always Rains on Sunday* (1947), *The Ladykillers* (1955), *This Sporting Life* (1963), *The Devils* (1971), *Withnail and I* (1986), *Bend it Like Beckham* (2002) and *Control* (2007), and with over 100 images from the BFI's collection. The Editor: Robert Murphy is Professor in Film Studies at De Montfort University and has written and edited a number of books on British cinema, including *British Cinema and the Second World War* (2000) and *Directors in British and Irish Cinema* (2006). The contributors: Ian Aitken, Charles Barr, Geoff Brown, William Brown, Stella Bruzzi, Jon Burrows, James Chapman, Steve Chibnall, Pamela Church Gibson, Ian Conrich, Richard Dacre, Raymond Durnat, Allen Eyles, Christine Geraghty, Christine Gledhill, Kevin Gough-Yates, Sheldon Hall, Benjamin Halligan, Sue Harper, Erik Hedling, Andrew Hill, John Hill, Peter Hutchings, Nick James, Marcia Landy, Barbara Korte, Alan Lovell, Brian McFarlane, Martin McLoone, Andrew Moor, Robert Murphy, Lawrence Napper, Michael O'Pray, Jim Pines, Vincent Porter, Tim Pulleine, Jeffrey Richards, James C. Warbreaker Brandon Sanderson 2011-12-29 Warbreaker is the story of two sisters - who happen to be princesses, the God King one of them has to marry, a lesser god, and an immortal trying to undo the mistakes he made hundreds of years ago. Theirs is a world in which those who die in glory return as gods to live confined to a pantheon in Hallandren's capital city. A world transformed by BioChromatic magic, a power based on an essence known as breath. Using magic is arduous: breath can only be collected one unit at a time from individual people. But the rewards are great: by using breath and drawing upon the color in everyday objects, all manner of miracles and mischief can be performed. Brandon Sanderson proves again that he is a master of what Tolkien called 'secondary creation,' the invention of whole worlds, complete with magics and myths all their own.
