Will Our Love Last? - Sam R. Hamburg 2001-03-17

Am I with the right person? Will our love last? Men and women in love are haunted by these questions. Love -- especially why it blossoms in relationships and why it later dies -- is a mystery to them. Will Our Love Last? A Couple's Road Map solves this mystery by giving readers a new understanding of love -- an understanding they can actually use to evaluate the soundness of their relationships and to answer confidently the crucial questions that mystified them before. Based on hundreds of cases in his twenty-four years as a marital therapist and twenty-nine years in his own happy marriage, Sam R. Hamburg, Ph.D., explains how compatibility is the key to lasting love. He shows how compatibility on three major dimensions -- the Practical Dimension, the Sexual Dimension, and the Wavelength Dimension -- is essential to the mutual understanding and affirmation that keep love alive, and he leads readers through a simple but systematic procedure for assessing their compatibility with a romantic partner in these crucial relationship areas. Dr. Hamburg introduces a new technique, The Hand Rotation Exercise, to help readers express their degree of compatibility and then convey that visually to their partner. In addition, he presents two new original techniques for working through relationship conflicts and coming to agreement on difficult issues: His Way/Her Way and The Long Conversation. Written in a clear, direct style that is free of jargon, Will Our Love Last? empowers readers to make important relationship decisions that are intellectually and emotionally informed. Will Our Love Last? will help couples trying to decide if they should take the next step to a more committed relationship. It will aid individuals embarking on a new relationship, or who are between relationships, to evaluate the rightness of a new or prospective partner. And it will assist people who are already in committed relationships to make an honest assessment of their prospects for happiness with their current partner. People have it in their power to make sure that they truly are with the right person. Will Our Love Last? shows the way.

Talk to Me Like I'm Someone You Love - Nancy Dreyfus, Psy.D. 2009-12-24

“The most crucial relationship advice book since Men Are from Mars.”—Erin Meanley, Glamour.com A groundbreaking, interactive relationship tool that literally places in the hands of couples the power to transform chronically frustrating relationship dynamics. We’ve all been there. A conversation with a loved one escalates into conflict. Voices rise to a fever pitch and angry, accusative words fly through the air. At times like these, it seems impossible to find the magic words that will lead to healing. Enter Talk to Me Like I’m Someone You Love. A psychotherapist with decades of experience in counseling couples, Nancy Dreyfus hit upon the revolutionary practice outlined in this book during a couples-therapy session in which a wife’s unrelenting criticism of her husband was causing him to become emotionally withdrawn. In the midst of this, Dreyfus found herself scribbling on a scrap of paper, “Talk to me like I’m someone you love,” and gestured to the husband that he should hold it up. He did and within seconds the familiar power differential

between the two shifted, and a gentler, more genuine connection emerged. Dreyfus was startled, then intrigued, and then motivated to create a tool that could help others. This book features more than one hundred of Dreyfus's "flash cards for real life," written statements that express what we wish we could communicate to the person we love, but either can't find the right words or the right tone in which to say it. The statements include: • Taking responsibility: "I realize I'm overreacting. Can you give me a minute to get sane again?" • Apologizing: "I know I've really hurt you. What can I do to help you trust me again?" • Loving: "You are precious, and I get that I haven't been treating you like you are." A one-of-a-kind, practical relationship tool, Talk to Me Like I'm Someone You Love will help couples to stop arguing and begin healing.

Receiving Love - Harville Hendrix 2004-10-05

This groundbreaking book from the best-selling authors of Getting the Love You Want and coauthors of Giving the Love that Heals is the first to address the biggest unexplored issue facing couples today: Most of us are better at giving love than accepting it. We don't realize all the ways that our resistance to appreciation, praise, compliments, and accepting help from others hurts us and cripples our relationships. Many partners learn how to give love, but many more undermine their relationships by for-getting something that is equally important -- learning to receive it. According to the authors, the root of the problem is the self-rejection that began in childhood, when our parents and caretakers unintentionally failed to nurture or directly rejected traits, characteristics, or im-pulses when we were children. We end up rejecting in ourselves whatever our caretakers ignored or rejected in the course of our childhoods. When we become adults, this makes it impossible to let in the love we want and need, even when our partners offer it. As a result, we dismiss compliments, minimize gestures of affection, and create obstacles to true intimacy. In this book, Harville Hendrix and Helen LaKelly Hunt, co-creators of Imago Relationship Therapy, offer a definitive guide to breaking the shackles of self-rejection and embracing the love our partners offer. Receiving Love is a very personal book for Drs. Hendrix and Hunt, and much of their own journey is the inspiration for it. Drawing on their renowned expertise, the wide clinical experience of hundreds of Imago therapists, and their own personal experience, the authors are able to offer detailed guidance on how to conquer the problems that come from self-rejection and embrace the gifts that are abundant in every person's life, if only we knew how to accept them. With its groundbreaking theory, challenging processes, and inspiring examples, this book holds the key to loving relationships that last.

The Meaning of Marriage - Timothy Keller 2011-11-24

In previous books respected New York pastor and bestselling author Timothy Keller has looked at such diverse and topical subjects as the existence of God, our need to do justice, the meaning of Jesus' life, and the human temptation to make idols - all through the twin lenses of a biblical framework and an engagement with contemporary culture. In this new book, co-authored with his wife, Kathy, he turns his attention to that most complex of matters: our need for love, and its expression in marriage. Beginning with the biblical narrative, and its pictures of marriage that span the original ideal to the broken to the redemptive, he looks at themes of friendship and commitment; the completion of men and women in each other; singleness, sex and divorce; and ministry and discipleship within the context of marriage. This is a profound and engaging work that will challenge and inspire people in all stages of life - single, newlywed and married.
