The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll

learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

[61 Ways to Attract Women According to 61 Experts](#) - Joshua Strachan

Want to become irresistible to women, a center of attention, and an object of desire? The ultimate goal for every man is to attract the

woman he needs and the women he wants. The extent of a man's happiness depends solely on the kind of women he can attract daily. A woman is the only reason a man can change for good, take responsibilities, and be pushed to achieve things bigger than his own imagination. Women do not just add meaning to life; they create life, the life we all dream of. A man can never dream of a fabulous life in his future without including a woman or something that relates to women's existence. The men that choose to ignore this fact about the importance of women tend to become miserable in the end. Women are to be loved and cherished; this love becomes a strong emotion that keeps us on the definite radar. For the love of women, we become fools for love but always make the right decisions because, in the end, love is the only thing that matters. Success, riches, and wealth are the definitions of success that are often contemplated when it comes to attracting women. Success defines you as a man; it makes you charming and powerful. Women love men with power, success, phenomenal demeanor, and care. How to keep the seduced? The charm to attract and keep women resides in the possession of few men. These men may not be physically attractive, but they possess a personality that makes every woman fall. They can attract your girlfriend and they know what they are doing. They know the right button to push to get any woman to bed. They take charge and know the right words to say and at the right moment to keep women coming back. These "supermen" are not familiar with the three magic words. They make women tell them, but they don't say it. They confuse women everywhere they go, although they keep one that takes care of them, these ones they love dearly. These men have not studied the laws of attraction; they've just discovered the ways to effectively keep women excited, to be suspicious and curious about their exceptional personalities. These men have found the essence of life because with these skills they also get the best jobs, influence the right people and accumulate more than enough money to keep them alive, comfortable, increasing their chances of getting the most beautiful women. Some of them have capitalized on these skills so well, they are now the wealthiest, and they control a lot of things that concern society.

There is a power accumulated within themselves that makes them extremely influential without trying too hard to be. They seem light-hearted and easy-going, but in the end, accomplish the most complex goal. This book will be about everything you ever wanted, this attractive gem. Some of the ideas from these experts might seem extreme and controversial but they are practical; people like you have used them in simple ways and have achieved the life they want, attracting the women they want anywhere. To make women fight to have you, take advantage of this book and join the real alpha male train.

How To Analyze People. Body Language. - Edward Collins

Imagine being able to know what the people you interact with are thinking without them having to tell you, knowing if they are lying to you, understanding their true intentions, if someone likes you or not, if they have a positive or negative opinion of you, and even anticipating what someone is about to do. As incredible as it may seem, these and many other things can be achieved if you know how to read and interpret people's non-verbal language. This is possible. With the right knowledge, you can begin to

develop this ability, especially due to the difficulty of simulating and having complete control over body language, such as gestures, postures, and actions that we make with our bodies. The practical benefits of knowing how to read non-verbal language are enormous. Not only does it allow you to deduce people's thoughts, feelings, intentions, and attitudes, but it also helps you to be more aware of your own use of non-verbal language and thus be able to optimize it to become a more effective communicator, more confident, and even use it to your advantage. Normally, we don't pay attention to what our bodies reflect, and for that same reason, we don't have the ability to read others. I invite you to explore this powerful idea and to recognize the huge potential that this knowledge can bring to your life.
