

Girl Fever 69 Stories Of Sudden Sex For Lesbians

Fever 1793 - Laurie Halse Anderson 2011-08-16

It's late summer 1793, and the streets of Philadelphia are abuzz with mosquitoes and rumors of fever. Down near the docks, many have taken ill, and the fatalities are mounting. Now they include Polly, the serving girl at the Cook Coffeehouse. But fourteen-year-old Mattie Cook doesn't get a moment to mourn the passing of her childhood playmate. New customers have overrun her family's coffee shop, located far from the mosquito-infested river, and Mattie's concerns of fever are all but overshadowed by dreams of growing her family's small business into a thriving enterprise. But when the fever begins to strike closer to home, Mattie's struggle to build a new life must give way to a new fight-the fight to stay alive.

Women, Race & Class - Angela Y. Davis 2019-10-03

Ranging from the age of slavery to contemporary injustices, this groundbreaking history of race, gender and class inequality by the radical political activist Angela Davis offers an alternative view of female struggles for liberation. Tracing the intertwined histories of the abolitionist and women's suffrage movements, Davis examines the racism and class prejudice inherent in so much of white feminism, and in doing so brings to light new pioneering heroines, from field slaves to mill workers, who fought back and refused to accept the lives into which they were born. 'The power of her historical insights and the sweetness of her dream cannot be denied' The New York Times

Fertility, Food and Fever - David E.F. Henley 2021-11-15

Combining historical geography with historical demography, and conceived as a study in environmental history, this book examines the long-term relationship between population, economy and environment in the northern half of the Indonesian island of Sulawesi.

Girl Fever - Sacchi Green 2012-06-12

This collection of lesbian quickies satisfies on every level with stories from top-notch contributors that evoke the heat, the urgency and the 'gotta have it' moment of the quickie. There are long-time companions, one night stands, meet-cutes and meet-only-once stories to fuel readers' fantasies. Sex in planes, trains, cars and roller coasters, carnival rides, elevators and ferries as well, all feature as locations for insatiable lust that just cannot wait. Girl Fever will keep the reader's pulse racing from start until finish.

The Lover - Marguerite Duras 2006

A sensational international bestseller, and winner of Frances' coveted Prix Goncourt, 'The Lover' is an unforgettable portrayal of the incandescent relationship between two lovers, and of the hate that slowly tears the girl's family apart. Saigon, 1930s: a poor young French girl meets the elegant son of a wealthy Chinese family. Soon they are lovers, locked into a private world of passion and intensity that defies all the conventions of their society. A sensational international bestseller, 'The Lover' is disturbing, erotic, masterly. Here is an unforgettable portrayal of the incandescent relationship between the lovers, and of the hate that slowly tears the girl's family apart.

The Female Brain - Louann Brizendine 2009-05-04

Accessible, fun and compelling, and based on more than three decades of research, The Female Brain will help women to better understand themselves - and the men in their lives. In this groundbreaking book, Dr Louann Brizendine describes the uniquely flexible structure of the female brain and its constant, dynamic state of change - the key difference that separates it from that of the male - and reveals how women think, what they value, how they communicate, and whom they'll love. She also

reveals the neurological explanations behind why... - A woman remembers fights that a man insists never happened... - Thoughts about sex enter a woman's brain perhaps once every couple of days, but may enter a man's brain up to once every minute... - A woman's brain goes on high alert during pregnancy - and stays that way long after giving birth... - A woman over 50 is more likely to initiate divorce than a man... - Women tend to know what people are feeling, while men can't spot an emotion unless someone cries or threatens them with bodily harm!

Cities of Salt - 'Abd al-Rahmān Munīf 1988

Spell-binding evocation of Bedouin life in the 1930s when oil is discovered by Americans in an unnamed Persian Gulf kingdom.

PISA Take the Test Sample Questions from OECD's PISA Assessments - OECD 2009-02-02

This book presents all the publicly available questions from the PISA surveys. Some of these questions were used in the PISA 2000, 2003 and 2006 surveys and others were used in developing and trying out the assessment.

Bitten - Kelley Armstrong 2009-08-25

An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the

voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.

The Book of Night Women - Marlon James 2014-10-02

By the Man Booker-winning author Marlon James, this is the powerful story of Lilith, born into slavery on a Jamaican sugar plantation at the end of the eighteenth century. Even at her birth, the Night Women – a clandestine council of fierce slaves plotting an island-wide revolt – recognize a dark force in her that they treat with both reverence and fear. But as Lilith comes of age and begins to understand her own feelings and identity, she dares to push at the edges of what is imaginable for the life of a slave woman. And as rebellions simmer and unspoken jealousies intensify, Lilith's powers and sense of purpose threaten not just her own destiny, but the destinies of all the slave women in Jamaica.

The Power - Naomi Alderman 2017-10-10

In this stunning bestseller praised as "our era's *Handmaid's Tale*," a fierce new power has emerged—and only women have it (Washington Post). In *The Power*, the world is a recognizable place: there's a rich Nigerian boy who lounges around the family pool; a foster kid whose religious parents hide their true nature; an ambitious American politician; a tough London girl from a tricky family. But then a vital new force takes root and flourishes, causing their lives to converge with devastating effect. Teenage girls now have immense physical power: they can cause agonizing pain and even death. And, with this small twist of nature, the world drastically resets. From award-winning author Naomi Alderman, *The Power* is speculative fiction at its most ambitious and provocative, at once taking us on a thrilling journey to an alternate reality, and exposing our own world in bold and surprising ways. "Captivating, fierce, and unsettling...I was riveted by every page. Alderman's prose is immersive and, well, electric." —New York Times Book Review

Wild Girls, Wild Nights - Sacchi Green 2013-05-20

There are the fabled urban myths of lesbians who fill up a U-Haul on the

second date and lead sweetly romantic lives of cocoa and comfy slippers. Safe and sound. A lot of cozy and not much crazy. These are NOT those stories- these are wild women with dirty minds, untamed tongues, and even the occasional cuff or clamp. A lotta crazy and no cozy slippers to be seen. These Wild Girls tell stories of their own Wild Nights (and days,) memories too hot to keep undercover. Real women with real needs and overwhelming desires find the courage to reveal intimate, unrestrained details of their sex lives, the need to share their stories second only to the urgent impulses that drove the action in the first place. There are first times, life-long commitments, and fleeting encounters to savor for a lifetime. Tenderness merges with edge-play; scenes shift from Caribbean islands to desert battlefields to the ultimate privacy of home; and the writers range from well-known names to newcomers driven to share fresh memories they'll never forget. In Evan Mora's "The Insatiable Travel Itch," repression in public drives her wild. "Transported, transplanted, we are transgressors. And it makes me fucking wet." Angel Propps struggles to face her deepest desires. "The word Daddy had a familiar shape on my tongue, but not in my head, and for one second I was sure I was going to Hell—and then I came." She'd found, of course, "The Daddy I Didn't Know I Needed." Anna Watson, in "Tamago," gives a poignant and sizzling view of being a lesbian femme who loves butches. "I know being femme is what makes the breath blow out of me when she calls and says, 'Babe, I just wanted you to know that I was driving along here, thinking about your breasts.'" Reality doesn't have to be prosaic. Real sex can be wet, messy, frenzied, sometimes even awkward, but never boring. With these writers and seventeen more, Wild Girls, Wild Nights: True Lesbian Sex Stories is the proof of that.

Bunny - Mona Awad 2019-06-11

"The Secret History meets Jennifer's Body. This brilliant, sharp, weird book skewers the heightened rhetoric of obsessive female friendship in a way I don't think I've ever seen before. I loved it and I couldn't put it down." - Kristen Roupenian, author of You Know You Want This: "Cat Person" and Other Stories The Vegetarian meets Heathers in this darkly funny, seductively strange novel about a lonely graduate student drawn

into a clique of rich girls who seem to move and speak as one. "We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more different from the other members of her master's program at New England's elite Warren University. A self-conscious scholarship student who prefers the company of her imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and are often found entangled in a group hug so tight it seems their bodies might become permanently fused. But everything changes when Samantha receives an invitation to the Bunnies' exclusive monthly "Smut Salon," and finds herself drawn as if by magic to their front door--ditching her only friend, Ava, an audacious art school dropout, in the process. As Samantha plunges deeper and deeper into Bunny world, and starts to take part in the off-campus "Workshop" where they devise their monstrous creations, the edges of reality begin to blur, and her friendships with Ava and the Bunnies are brought into deadly collision. A spellbinding, down-the-rabbit-hole tale about loneliness and belonging, creativity and agency, and female friendship and desire, Bunny is the dazzlingly original second book from an author with tremendous "insight into the often-baffling complexities of being a woman" (The Atlantic).

The Crowd - Gustave Le Bon 1896

A work devoted to the study and characteristics of crowds. An endeavor to examine the difficult problem presented by crowds in a purely scientific matter, proceeding with method, without being influenced by opinions, theories and doctrines. With sections devoted to the mind of crowds, opinions and beliefs of crowds and the classification and description of the different kinds of crowds.

Lesbian Cowboys - Sacchi Green 2009-08-04

Fifteen writers share their take on the phenomenon of Cowboys — a calling, a vocation, and a status that has nothing to do with gender. Whether in the old west or the Australian outback, New England or the Great Plains, these girls and their horses work hard, play hard, and love

hard. Contributors Radclyffe and Jove Bell depict the rough and tumble world of female rodeo riders, while Cheyenne Blue explores cattle ranching and the new environmentalism, and Delilah Devlin writes about a "Hired Hand" who may be a woman, but is more than a match for any man. Sexy, steamy, and crackling with the energy of a wild filly, these stories represent the cutting edge of lesbian cowboy fiction.

Porth - Carol Mattson Porth 2009

Adverse Effects of Pertussis and Rubella Vaccines - Institute of Medicine 1991-01-01

Parents have come to depend on vaccines to protect their children from a variety of diseases. Some evidence suggests, however, that vaccination against pertussis (whooping cough) and rubella (German measles) is, in a small number of cases, associated with increased risk of serious illness. This book examines the controversy over the evidence and offers a comprehensively documented assessment of the risk of illness following immunization with vaccines against pertussis and rubella. Based on extensive review of the evidence from epidemiologic studies, case histories, studies in animals, and other sources of information, the book examines: The relation of pertussis vaccines to a number of serious adverse events, including encephalopathy and other central nervous system disorders, sudden infant death syndrome, autism, Guillain-Barre syndrome, learning disabilities, and Reye syndrome. The relation of rubella vaccines to arthritis, various neuropathies, and thrombocytopenic purpura. The volume, which includes a description of the committee's methods for evaluating evidence and directions for future research, will be important reading for public health officials, pediatricians, researchers, and concerned parents.

The Pandemic Century - Mark Honigsbaum 2019-03-09

Like sharks, epidemic diseases always lurk just beneath the surface. This fast-paced history of their effect on mankind prompts questions about the limits of scientific knowledge, the dangers of medical hubris, and how we should prepare as epidemics become ever more frequent. Ever since the 1918 Spanish influenza pandemic, scientists have dreamed of preventing

catastrophic outbreaks of infectious disease. Yet, despite a century of medical progress, viral and bacterial disasters continue to take us by surprise, inciting panic and dominating news cycles. From the Spanish flu and the 1924 outbreak of pneumonic plague in Los Angeles to the 1930 'parrot fever' pandemic and the more recent SARS, Ebola, and Zika epidemics, the last 100 years have been marked by a succession of unanticipated pandemic alarms. Like man-eating sharks, predatory pathogens are always present in nature, waiting to strike; when one is seemingly vanquished, others appear in its place. These pandemics remind us of the limits of scientific knowledge, as well as the role that human behaviour and technologies play in the emergence and spread of microbial diseases.

Anatomy: A Love Story - Dana Schwartz 2022-01-18

INSTANT #1 NEW YORK TIMES BESTSELLER *INSTANT #1 INDIE BESTSELLER* *INSTANT USA TODAY BESTSELLER* *A REESE'S YA BOOK CLUB PICK* "Schwartz's magical novel is at once gripping and tender, and the intricate plot is engrossing as the reader tries to solve the mystery. She doesn't miss a beat in either the characterization or action, scattering clues with a delicate, precise hand. This is, in the end, the story of the anatomy of the human heart." - Booklist (starred review)
Dana Schwartz's *Anatomy: A Love Story* is a gothic tale full of mystery and romance. Hazel Sinnett is a lady who wants to be a surgeon more than she wants to marry. Jack Currer is a resurrection man who's just trying to survive in a city where it's too easy to die. When the two of them have a chance encounter outside the Edinburgh Anatomist's Society, Hazel thinks nothing of it at first. But after she gets kicked out of renowned surgeon Dr. Beecham's lectures for being the wrong gender, she realizes that her new acquaintance might be more helpful than she first thought. Because Hazel has made a deal with Dr. Beecham: if she can pass the medical examination on her own, Beecham will allow her to continue her medical career. Without official lessons, though, Hazel will need more than just her books—she'll need corpses to study. Lucky that she's made the acquaintance of someone who digs them up for a living. But Jack has his own problems: strange men have been seen

skulking around cemeteries, his friends are disappearing off the streets, and the dreaded Roman Fever, which wiped out thousands a few years ago, is back with a vengeance. Nobody important cares—until Hazel. Now, Hazel and Jack must work together to uncover the secrets buried not just in unmarked graves, but in the very heart of Edinburgh society.

Protecting Caroline: A Navy SEAL Military Romantic Suspense - Susan Stoker 2014-09-30

How far will one man go to save the life of a stranger? More importantly to Caroline, will he do it twice? Matthew "Wolf" Steel hated flying commercial. Luckily his job as a Navy SEAL meant he didn't have to do it very often. He'd been unlucky enough to be assigned a middle seat on the cramped jet, but fortunately for him, the woman next to him was willing to switch seats with him. Hoping for a relaxing flight, Wolf was pleasantly surprised at the good conversation and sense of humor the woman had as they flew 36,000 feet over the countryside. When Caroline boarded the plane to Virginia to move across the country for her new job she never expected to be seated next to the hottest guy she'd ever seen. She also never expected he'd be so easy to talk to. She knew he'd never be interested in talking to her if he hadn't been trapped in the seat next to her, but it was a nice way to spend a long plane ride. Neither Wolf nor Caroline were prepared for a terrorist hijacking of their plane, but if Caroline thought that would be the last time she'd see, or need, Wolf, she'd be sorely mistaken. **Protecting Caroline is a stand-alone love story. It's Book 1 in the SEAL of Protection Series.** --- Read what others are saying about New York Times bestselling author, Susan Stoker: "Susan Stoker is the master of military romantic suspense. She's my go-to author for sexy alpha hero and strong, sassy heroines." Riley Edwards, USAT Bestselling Author "Riveting action and characters you'll love!"
