As women, we have all been there, but being women, many of us are unable to take hold of our control and dominate a man. The idea of being a dominatrix is often seen as a sexual and social taboo, and many women are afraid of what society would say, what our family and friends would think, and in general, we feel that it isn't the position of a woman to take the stance of power and control. Women are seen naturally as the weaker sex, the one to be protected by a man, and the man in the relationship is often seen to be in control, the leader, the strong and dominant one. Social norms often dictate how we feel about ourselves, and sometimes, it can hinder who we really are inside. Take heed, ladies. We are women. We are strong. We are powerful. We are fierce. We are romantic. We are dynamic. We are caring. We are fighters. We are lovers. We are women! This manual will give you an inside look on what being a Mistress is really all about and will give you insight on how to be a Mistress. Being a Mistress isn't all about leather outfits, stiletto heels, and a whip in your hand. It is a journey between you and your partner, where you are the leader, you are in control, and you have the final say. It is a path of adventure where you make the choices, you take charge, and where you can let all of your inhibitions go. It will give you insight into a new you, the one who has been trapped behind the social norms for far too long. Ladies, welcome your inner Mistress!

FemDom Relationship Guide Caroline Peel 2017-09-28 So you want to have a FemDom relationship or want to know how that would even work? You are a man and want to convince your wife to become your future mistress? You are a woman and want to understand submissive men or train one? Then this is your book. You should not read this book, if you're interested in any 'hot' FemDom sex stories - you won't find them there. You will find a complete manual for a FemDom relationship, however. So much of the websites out there are focusing on the sexual elements of FemDom, and almost no one talks about FemDom as a relationship model. Needless to say that it seems all of the writings are from men, and they really don't understand women [and especially not Dominant women]. I have been in a FemDom relationship for almost 10 years now, and yes, it works - it's the best lifestyle ever, I love it! But getting there wasn't easy. The stuff on the internet, for instance, was worthless. I received lots of help, but I have to admit that much of this was sheer luck. The first step was understanding my submissive husband and his desire to be dominated. It was by accident that I discovered my husband's visits to a Dominatrix close by. How was I supposed to understand that? If I would have had access to a book like this one, I would've understood him much better. But back then this book didn't exist.... Instead, I invested lots of time to understand submissive men and went

on a journey. After some time, we introduced FemDom. I learned to Dominate. I learned to command. I learned to own him. He's mine now. And both of us love it. But even today, 10 years later, there still is no adequate book or guide out there which teaches the two most basic things:- Accepting and understanding submissive men as a woman- Dominant a man and living a FemDom relationship in the long run. That's why I decided to write this book. It's not only a collection of thoughts - it's a through handbook guiding you on your journey towards total FemDom. Here is an overview of what you will find inside: Chapter 1: Why I Became A Mistress (Understanding Submissive Men, On Femdom And Relationships: Femdom Is Love) Chapter 2: The Benefits Of Female Domination Chapter 3: The Mistress - And How To Become One Chapter 4: Finding A Submissive Male Or Creating One Chapter 5: Train A Submissive Male To Be A Slave Chapter 6: Establishing Your Authority: Ways To Make Him Obey Chapter 7: Managing A Femdom Relationship Chapter 8: How To Make Him Obey With Rituals And Things Chapter 9: The Art Of Discipline: Advice, Technique And Implements Chapter 10: Femdom Examples Chapter 11 Frequently Asked Questions Chapter 12: Last Steps It's a 170 page book and contains years of experience. What do you need more? Here are the two FemDom rules: 1. Mistress is always right. 2. When Mistress is wrong, Rule #1 applies.

The FemDom Relationship Guide Mem Lnc 2021-03-14 Then this is your book. You should not read this book, if you're interested in any 'hot' FemDom sex stories - you won't find them there. You will find a complete manual for a FemDom relationship, however. Simply put FLR is when women lead men - men who want to be led by them. Of course this happens every day in all types of situations such as business, education, healthcare and home. The phenomenon is when men want/ask women to lead in their personal lives. The man in the relationship is submissive to the Woman. He may be dominant towards others, but comes home as the strong knight that submits to his QUEEN. Of course, there are also men that will be a slave to love in everyday life as well. FLR or Femdom (Female Dominance) is the safest relationship a Woman can have. She makes the rules, sets the boundaries and she has the final saying; while the man loves and supports her in her role. In any other relationship, Women do not enjoy that kind of freedom or safety. This is a functional model for any Woman who wants more control and less strife. Many men want the woman to rule over them so FLR to men is deeper and richer than simply being led by a woman or following her in a

supportive role. It is very erotic!

Dominant Female Submissive Male Sophia James 2019-04 Why do Women, even very attractive women, stay in relationships with Men who treat them badly? Is it low self-esteem or a desire to submit to a dominant man? A dominant man who will provide all the romance and excitement she has been brought up to believe is her natural right. In my case it was the latter; I wanted the big, handsome hunky guy who would sweep me off my feet, treat me like a princess in public and his sex slave in the bedroom. But, as most women find out, life is not a fairy tale. A real life Rhet Butler probably does exist but you will have more chance of finding a needle in a haystack. Elizabeth Bennett found happiness but for every Mr Darcy there are hundreds of selfish men who think a woman's job is just to supply sex and child care. **WOMEN SHOULD UNDERSTAND THE POWER THEY HAVE.** I didn't realise it until I was thirty-five and until that point I put up with my men coming home drunk, wasting my money, getting fatter and more abusive and providing me with increasingly disappointing sex. I put up with it no longer. I now have a man who sees it as his principle aim in life to keep me happy, contented, wealthy and sexually satisfied. I have known my man for most of my life but he only became my boyfriend seven years ago. During that time I have been a professional Dominatrix and a writer of books dedicated to the dominant female. And my boyfriend is also my slave. In this book I explain how all this came about. The book is more about personal-transformation and female-empowerment than it is about kinky, usually fictional, sexual fantasies. The success of the book, *Fifty shades of grey*, shows the interest there is out there in an alternative, discipline based life-style and emphasises that many women share that interest. Unlike, *fifty shades of grey*, *Dominant Female Submissive Male* is primarily a manual for submissive men to find the Mistress of their dreams but it is also an eye-opener for frustrated women as it shows them the glorious, very

exotic and exciting life they could have. While some submissive men are slightly pathetic, and even creepy, many are romantic, kind-hearted, reliable and good fun. They adore and respect women and see it as their role in life to support them. What's not to like about that? They will have a desire for discipline and this desire will be inextricably linked to their sexual nature. For some this will be extreme and involve heavy BDSM but for most it will involve safe, erotic role-play and spankings. The point is that Women control when, how and even if it happens. Women have the power in all aspects of the relationship and how they exercise that power is up to them. Believe me, once you have a man on his knees begging for an orgasm you will never look back. But Women do not want to live with a wimp and this is what a lot of very nice submissive men fail to understand and why many of them remain frustrated and single when, with a little change of emphasis, their dreams are so easily achievable. This book is a guide on how to affect this change of emphasis and to get across what women are looking for and will accept in a loving, fulfilling and very kinky relationship. It also explains how submissive men can learn to accept and enjoy their kink and how to widen their circle of fetish friends. It relates the authors own experiences and offers guidance on how to get the best out of a session with a Dominatrix and how to become more than just a client to her. It also explains how to tell your wife about your desire for female-domination and, more importantly, how not to. It also offers cautionary tales and about how not to get ripped off by unscrupulous con-artists. The central aim of the book however, is to bring together good men who have a desire for female-domination with good women looking for a lover who will provide happiness, support, fun, excitement and success. already have at least some idea of what BDSM is all about. That said, few people know exactly what the acronym means, or just how widely it can be applied. For that reason, before we delve into the ins, outs, hows, whats and whys of BDSM play, we're first going to take a moment to understand exactly what it means. BDSM is, in fact, a compound acronym. It stands for: Bondage Discipline AND Domination Sadism AND Submission Masochism In short, it revolves around relationships in which one person has control over the other (or where both partners take turns to be in control) and may involve the use of bondage, pain, humiliation and exotic sexual activities to make sex more exciting. For most people, this means experimenting with bondage, pain, power play and other activities in the bedroom... and perhaps even venturing to a BDSM club or play party if they feel brave enough. Of course, the actual meaning of BDSM is different for different people. Some couples are into heavy, protocol-based play, which they enact even outside of the bedroom. Some couples just like to enjoy a little light spanking and some fun with rope. Some couples like to play in public at dungeons and play parties, while some prefer to keep it a private affair. Some people like to have more than one partner, while others choose to remain monogamous. Although BDSM in its strictest sense is mainly about control, dominance, submission and pain, you'll probably find that as you explore you'll come across a huge range of different sexualities, preferences and types of relationship. It's up to you, in the end, to decide what BDSM means for you. Think of this guide as a starting point for your exploration of this exciting and vibrant world. In the book we'll take a look at some important safety tips which will allow you to play safely and sensibly. We'll show you how you can get your hands on some useful BDSM equipment to experiment with without breaking the bank, as well as what to do once you're ready to take the plunge and acquire some serious kit. We'll also look over some tips on bondage and roleplay to get you started. This guide can be applied to a range of relationships... so if

yet at the same time it is also the one topic that we need to know most about. First used as a term in the late 1960s, BDSM has come to be prevalent in daily pop culture. Madonna's Express Yourself video from 1989 depicts her in leather outfits, crawling on all four towards a saucer of milk. Other snippets of that video include a leash and collar and riding crops. The punks of the late 70s wore bondage belts to complement their spiked hair. Bettie Page shocked her 1950s audiences with her riding crop and rope restraints. And even now the sexual concept of master and slave finds its way to the movie theaters. It's no wonder that the curiosity for the lifestyle is present. It's tantalizing, it's bold, it's passionate, but it's also real. And with that reality comes the details that the movies leave out. It's important to educate yourself on the lifestyle before engaging down the path and finding your first sexual partner. Or maybe you just want to know if spanking is for you? In club nights in Hollywood where female dominatrixes stalk the barroom floors and chains can be heard rattling against the brick walls or in shop displays in Berlin where mannequins sport bit gags and latex saddles or in the Seattle punk scene where girlfriends were sometimes carried around on leashes BDSM is not only vibrant in the bedroom. The aim of this book is to help you take your first steps into BDSM. It will explore what BDSM is, the various roles attached to it, how to choose a partner, which role is best for you, how to practice BDSM safely and how to avoid the common pitfalls for most people just getting into it. I hope this book helps to open your eyes to new possibilities and how you can enjoy the marvelously mischievous world of BDSM. What's Stopping You From Experimenting? Sometimes women are afraid that if they experiment with fantasies, role play or domination/submission, they won't want to go back to "normal" sex, that they'll always hunger for something more. It's understandable to be apprehensive but stopping yourself from experimenting is a little like saying you don't want to taste wine because you'll end up an alcoholic. Or refusing to watch a provocative show because you'll end up like one of the characters. Relax. Dressing up as Cruella De Ville doesn't make you hungry for dog. Six Questions That Will Reveal Your Hidden Fantasies. Most people start off by asking the wrong question. It's not, "What's my fantasy?" It's, well, read Dr. Horbeth's guide. It's on page 6. Would You Rather Dominate Or Submit? Or both? Find out with the most informative quiz you'll ever take to discover your deepest, most hidden desires. Dr. Horbeth calls it, "Taking Your Erotic Temperature." Have your partner take it too and compare notes. Why You Might Like To Try Submissiveness... Submitting to power often elicits an exhilarating, liberating feeling. By giving up responsibility for what's going on, by bending your will to the authority of another, by taking on the role of the compliant and the helpless you can experience a form of therapeutic escape from stress, guilt, shame, fear, and anger. Being in the presence of a controlling figure makes some women feel the kind of safety and protection they felt as a child. Others like the feeling of surrendering themselves, of disappearing into the unavoidable nothingness that comes from relinquishing all power. Still others like earning the approval of a dominant figure or turning their partner into somebody more commanding and powerful. Either way, Dr. Horbeth will share her tips for creating erotic, submissive experiences. Why You Might Like To Try Domination... It provides the thrill that comes from placing yourself above someone else. You can enjoy the authority of telling someone what to do, watching them obey, inflicting "punishment" if they don't and getting a vicarious thrill from seeing their "suffering." Follow Dr. Horbeth's advice and create a lavish, ravishing, erotic love life. Download her book today and use it TONIGHT.

The FemDom Relationship Guide Caroline Peel 2018-03-18 So you want to have a FemDom relationship or want to know how that would even work? You are a man and want to convince your wife to become your future mistress? You are a woman and want to understand submissive men or train one? Then this is your book. You should not read this book, if you're interested in any 'hot' FemDom sex stories - you won't find them there. You will find a complete manual for a FemDom relationship, however. This book is a complete guide to a modern FemDom relationship. So much of the websites out there are focusing on the sexual elements of FemDom, and almost no one talks about FemDom as a relationship model. Needless to say that it seems all of the writings are from men, and they really don't understand women - especially not Dominant women. I have been in a FemDom relationship for almost 10 years now, and yes, it works - it's the best lifestyle ever, I love it! But getting there wasn't easy. The stuff on the internet, for instance, was worthless. I received lots of help, but I have to admit that much of this was sheer luck. The first step was understanding my submissive husband and his desire to be dominated. It was by accident that I discovered my husband's visits to a Dominatrix. How was I supposed to understand that? If I would have had access to a book like this one, I would've understood him much better. But back then this book didn't

exist.... Instead, I invested lots of time to understand submissive men and went on a journey. After some time, we introduced FemDom. I learned to Dominate. I learned to command. I learned to own him. He's mine now. And both of us love it. But even today, 10 years later, there still is no adequate book or guide out there which teaches the two most basic things: Accepting and understanding submissive men as a woman Dominant a man and living a FemDom relationship in the long run. That's why I decided to write this book. It's not only a collection of thoughts - it's a through handbook guiding you on your journey towards total FemDom. Here is an overview of what you will find inside: Chapter 1: Why I Became A Mistress - Understanding Submissive Men Chapter 2: The Benefits Of Female Domination Chapter 3: The Mistress - And How To Become One Chapter 4: Finding A Submissive Male Or Creating One Chapter 5: Train A Submissive Male To Be A Slave Chapter 6: Establishing Your Authority: Ways To Make Him Obey Chapter 7: Managing A Femdom Relationship Chapter 8: How To Make Him Obey With Rituals And Things Chapter 9: The Art Of Discipline: Advice, Technique And Implements Chapter 10: Femdom Examples Chapter 11: Frequently Asked Questions Chapter 12: Last Steps It's a 170 page book and contains years of experience. What do you need more? Here are the two FemDom rules: 1. Mistress is always right. 2. When Mistress is wrong, Rule #1 applies.

Bdsm Maxwell Diamond 2018-11-21 A different, and important, take on the common "How to train your Submissive" BDSM books. Are you an unsatisfied Submissive? Do you want more out of your BDSM relationship? Is your Dominant misbehaving? Do you want to enter into the realm of sexual Submission and do you want to know how to get the most out of it? You've come to the right place! BDSM is a common occurrence that is practiced by millions of people under different parameters. Many people are first introduced to the concept of BDSM, kinks and fetishes through films, television or social media. This often leads people to having a skewed understanding of the lifestyle, BDSM community and BDSM practices. Many people believe that BDSM is in some way perverted or outside the realms of 'normal' adult sexual activity. This is not the case however as BDSM can take many different forms. The media often portrays BDSM practitioners as untrustworthy and abusive - this could not be further from the truth. The media portrayal of BDSM often leads people to feel ashamed which leads them to not pursue their BDSM desires. It is perfectly normal and healthy to want to be a Dominant or a Submissive within a BDSM relationship. It is commonly believed that the relationship between a Submissive and their Dominant has elements of nonconsensual action and that the Submissive will be, constantly or occasionally, forced

to act out sexual scenarios and sexually behave in ways they do not desire. It is commonly believed that the Submissive has no power in the relationship and no say on how they are treated. This false idea will be challenged, explained and explored within this book. Within this book you will find a brief overview of what BDSM actually is and how you can apply it into your relationships. This book also aims to shine a light on many of the common misconceptions held about BDSM, Submissives and Dominants. "BDSM: How To Train Your Dominant: A Submissive's Guide To Training Their Dom Without Ruining The Power Dynamic Of Their BDSM Relationship," by Maxwell Diamond is an essential gift for any Submissive wanting to take their BDSM relationship to the next level. This book can also give a Dominant a good understanding of a Submissive. This book includes sections on: - Consent - Pain vs. Pleasure - Submission - Domination - Who holds the Power in a BDSM relationship - Guidelines on keeping a BDSM relationship productive, safe and satisfying - Much more A perfect Christmas present for anyone into BDSM, naughty sex, kinks, fetishes and Submission.
