**Male Roles, Masculinities and Violence** - Ingeborg Breines 2000

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

*Sex-life* - Don Milligan 1993

'Filled with the dramatic moments, ironies and political intrigues that color the Taliban's rise ... Griffin writes engagingly.' The New York Times Book Review

**Annual Meeting Proceedings** - National Council on Family Relations 1973

**The Origin of Consciousness in the Breakdown of the Bicameral Mind** -

Julian Jaynes 2000-08-15

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—*American Journal of Psychiatry*

**Hot and Cool Sex** - Anna K. Francoeur 1982-06

**National Union Catalog** - 1978

[Engaging Men in Couples Therapy](#) - David Shepard 2012-03-15

This book will help practitioners overcome one of the leading challenges in couples therapy: working effectively with the male partner. Men have unique needs and psychological issues that many clinicians may not recognize or know how to address. This volume presents chapters by the leading practitioners associated with current therapeutic models, including Emotionally Focused Couple Therapy, Imago Relationship Therapy, Integrated Behavioral Couple Therapy, and more. Using in-depth case examples, they demonstrate how their approaches can be adapted to be "male-sensitive" and respond to the ambivalence so many men experience about couples work. Special topics are also addressed, including infidelity, cultural diversity, working with veterans, and fathering issues. This book will enrich therapists' work with couples, making treatment a welcoming experience for both partners and the treatment process more gratifying for the therapist.

[Sexuality and Life-threatening Illness](#) - Margot Tallmer 1984

**Sex and Disability** - Robert McRuer 2012-01-04

This collection brings together scholars and artists in disability studies, sexuality, queer theory, and feminism, to show how much sexuality studies and disability studies have to learn from each other.

*Civilization and Its Discontents* - Sigmund Freud 1994-01-01 (Dover thrift editions).

**The Left Hand Of Darkness** - Ursula K. Le Guin 2012-12-06

Winter is an Earth-like planet with two major differences: conditions are semi arctic even at the warmest time of the year, and the inhabitants are all of the same sex. Tucked away in a remote corner of the universe, they have no knowledge of space travel or of life beyond their own world. And when a strange envoy from space brings news of a vast coalition of planets which they are invited to join, he is met with fear, mistrust and disbelief . . . 'The Left Hand of Darkness' is a groundbreaking work of feminist science fiction, an imaginative masterpiece which poses challenging questions about sexuality, sexism and the organisation of society.

*Manhood and American Political Culture in the Cold War* - K.A. Cuordileone 2012-11-12

*Manhood and American Political Culture in the Cold War* explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era. Cuordileone shows how the preoccupation with the soft, malleable American character reflected not only anti-Communism but acute anxieties about manhood and sexuality. Reading major figures like Arthur Schlesinger Jr., Adlai Stevenson, Joseph McCarthy, Norman Mailer, JFK, and many lesser known public figures, Cuordileone reveals how the era's cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior.

**Youth Transforming Conflict** - Nadine Lyamouri-Bajja 2013-01-01

In 1998, the Council of Europe and the European Commission decided to take common action in the field of youth. Both institutions initiated a partnership agreement with the aim "to promote active European citizenship and civil society by giving impetus to the training of youth leaders and youth workers working within a European dimension". In 2003, additional agreements were signed in the fields of "youth research" and "Euro-Mediterranean youth co-operation". Since 2005, the partnership between the European Commission and the Council of Europe in the field of youth activities has focused on the following topics: European citizenship, human rights education and intercultural dialogue, quality and recognition of youth work and training, better understanding and knowledge of youth and youth policy development. The partnership between the European Commission and the Council of Europe in the field of youth brings together the two institutions' experience in non-formal education, youth policy, youth research and youth work practice. Activities organised within its framework gather representatives of those areas who share their knowledge and experience for the benefit of enhancing evidence-based policy, practice, quality and recognition of youth work and training. Results and other material are made available on the partnership website (<http://youth-partnership-eu.coe.int>) and in various publications, including the Training Kits (T-Kits). T-Kits are thematic publications written by experienced youth trainers and experts and constitute easy-to-use handbooks for educational activities. All activities and publications enhance the exchange of experience and good practice between the actors involved and contribute to the implementation of the political objectives of both partner institutions.

*Organizational Culture and Leadership* - Edgar H. Schein 2010-07-16  
Regarded as one of the most influential management books of all time, this fourth edition of *Leadership and Organizational Culture* transforms

the abstract concept of culture into a tool that can be used to better shape the dynamics of organization and change. This updated edition focuses on today's business realities. Edgar Schein draws on a wide range of contemporary research to redefine culture and demonstrate the crucial role leaders play in successfully applying the principles of culture to achieve their organizational goals.

**Emerging Lesbian Voices from Japan** - Sharon Chalmers 2003-08-29  
Lesbian Sexuality has remained largely ignored in Japan despite increasing exposure of disadvantaged minority groups, including gay men. This book is the first comprehensive academic exploration of contemporary lesbian sexuality in Japanese society. The author employs an interdisciplinary approach and this book will be of great value to those working or interested in the areas of Japanese, lesbian and gender studies as well as Japanese history, anthropology and cultural studies.

**Sexual Health: Psychological foundations** - Mitchell Tepper 2007

*Medical Aspects of Human Sexuality* - 1970

**Subject Guide to Books in Print** - 1971

**Art & Energy** - Barry Lord 2014-05-01

In *Art & Energy*, Barry Lord argues that human creativity is deeply linked to the resources available on earth for our survival. By analyzing art, artists, and museums across eras and continents, Lord demonstrates how our cultural values and artistic expression are formed by our efforts to access and control the energy sources that make these cultures possible.

**The Cumulative Book Index** - 1977

A world list of books in the English language.
