How to Get Your Ex Girlfriend Back - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes...

probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

Professor Kelli's Guide to Finding a Husband - M. S. W. Kelli Miller 2010-05-22

I know what you're thinking. You hate me. You got a glimpse of my ring

and you're pissed. I know your kind because I was once your kind. Every time I saw a happy couple I could feel last night's dinner coming up. When I saw wedding magazines I wanted to take a blowtorch to each one of them. Engagement rings? The only way you could talk to me about OkaratsO was if you were going to feed one to your pet rabbit. Yes, I was sick. Sick of set-ups, match-ups, and break-ups. I've been on blind dates and I've been on dates where I wish I were blind. But I finally did find Mr. Right. And I'm going to show you how. Through humor, empowerment, and basic common sense clinical social worker ""Professor Kelli"" instills confidence in women, makes them laugh at their situation (or the men they've dated), and teaches them the process of letting go and staying present. Sure, it's about finding a husband but it's more about finding you first.

Beyond the Breakup - Andrew Aitken 2015-04-21

Written by a man with extensive experience on the topic, *Beyond the Breakup* explains how men think about breakups, their ex-girlfriend, and how they perceive her behavior in the wake of a relationship's end. It also explains the implications this has for girls who are going through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and successful relationships with the men in your future. Dr. Robert Glover has dubbed the "Nice Guy Syndrome" trying too hard to please others while neglecting one's own needs, thus causing unhappiness and resentment. It's no wonder that unfulfilled Nice Guys lash out in frustration at their loved ones, claims Dr. Glover. He explains how they can stop seeking approval and start getting what they want in life, by presenting the information and tools to help them ensure their needs are met, to express their emotions, to have a satisfying sex life, to embrace their masculinity and form meaningful relationships with other men, and to live up to their creative potential.

How I Got My Ex-Girlfriend Back in 40 Days - K. Mani 2017-03-08
Heartbreak and the loss of a significant other is a daily thing, it happens even to the best of us. Most people invest everything that they have in a relationship for certain periods of time only to end up disappointed when their partner walks away. While ladies are more aggressive and strategic in terms of getting back what they have lost, men are rather clueless. Opting to wallow in self-pity and fill themselves with meaningless entities in an effort to numb the pain. Well, wallow no longer. I have been in this very same position before, and unlike all other books that give you useless strategies, my book is a tad different. Rather than empty words, I will give you a 40-day strategy to help you get back with your ex-girlfriend. This can also work for fiancées. I hope that my story proves

inspirational and my tactics effective. Warning, this is not a book for the cold-hearted manipulators who only seek to control the women in their lives. This is a book for those that are genuinely hurt, and desire to get a second chance to make things work. It is so sad to see the love of your life in the arms of another. This book will help you to get your love back and keep her. It is written from my perspective, following the actions in my life, and has worked for me. I hope you find as much success with the strategy as I have. There are two very crucial parts of getting back your ex, and the first happens in the very first days after the official breakup. You may separate, but not be officially broken up even a month after. It is exactly after this period that your actions begin to matter. This is when you start going through the stages of a breakup, and everyone has their own process. Some go through depression and anger and the likes while others just bury everything deep and move on. What you need to realize is that while you are going through all of this, your ex is also going through the same. There is always the common advice that you need to give her time and space. This is completely wrong. Because, with time and space, then she will go through the whole process of grieving and emerge from the other end with no thoughts or feelings for you. What you need to do is to ensure that you are still on her mind. The time for you to give her time and space will come later on, but now you need to ensure that you remain relevant to her, that you still mean something to her even after she ends it. This book will take you to the journey of getting your ex-girlfriend back after heart shattering break-up.
