How to Get Your Ex Girlfriend Back - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

Some Like It Real: Poetry Unleashed - Lee Roberts 2011-05-20

Take a purposeful step away from the safety of your front porch. Today is just another day of trying to navigate your way through the toilsome maze of your workaday world. Or is it? At any rate, here and there are scattered the mystical, magical portals, entryways into otherworldly realms consisting mainly of the offbeat and extraordinary. However, on the way to these amazingly funky worlds, you may want to take a detour onto leaf-strewn paths that will lead you to meditative strolls beside rippling streams then on to the high country grandeur of a sparkling alpine lake. Proceed from there to explore a silent and shadowy wood where a snapping twig at the twilight hour will give you goose bumps. Just don't get too close to the precipice of no return and beware the inquisitive jaws of hungry night prowlers. Your overactive imagination getting to you? Playful references aside, it's the vagaries of everyday life that can prove even more of a challenge, but nothing's perfect, right? Thank goodness for life's little twists and turns. How dreadfully boring it would be without them! Read on and step into a richly woven tapestry of the magical and mundane . . . the fabric of our worldly lives; set to the sometimes familiar, often times fantastic gyroscope of poetry.

6 Fun Date Ideas to Win Her Heart - Kym Kostos 2014-05-15

In my 35 years of dating since I was fifteen years old, I have had my fill of good dates and bad dates. I am pretty sure we have all had those dates from hell that we tell our friends or ones that we just soon want to forget. So, what about the ones that turned out perfect? Don't have too many of those? Don't worry, because in this book I will give you some ideas and dates from start to finish for fun first dates, romantic dates, creative dates, indoor dates, outdoor dates, cheap dates that are easy on your wallet and even a date for those who are miles apart in a long distance relationship. Guys always want to impress a girl and sweep her off her feet, but sometimes have no clue as to where to start. Females by nature are great planners, especially when it comes to events, dinners, parties,

and yes, even dates. Why? Because we pay attention to detail and that is what is the most important thing. Details tell a girl how you feel about her. Simple details to intricate ones, either way they are signs of what you really feel about the girl. If you take a lot of time planning a great date, that tells the girl that you are interested in her and want to get to know her better, especially if it's a date that allows you two to talk and get to know each other better. Girls love dates like that! Taking a girl out, tossing a burger down her throat and taking her to a movie is just plain boring. That's something you do AFTER you have won her heart and even then, it's questionable. Whatever happened to the courtship of dating? When you take the time to plan and give her a date to remember, it shows that you care and want to impress the girl. You don't have to have a lot of money either to do this.

Rules for Dating your Ex - Piper Rayne 2020-09-01

****Now a USA Today Bestseller**** If your ex arrives in your hometown eighteen months after you walked out on him while you were eight months pregnant, follow this short list of rules before you give him a second chance. Rule #1 - Don't stand in the way of your brothers who want to rough him up. Rule #2 - Don't meet him for coffee and agree to allow him to meet your daughter. Rule #3 - Don't drool when your daughter falls asleep on his chest for the first time. It's just your ovaries talking. Rule #4 - Don't let him hold your hand. While we're at it, no hugs, no kisses on the cheek... just no physical contact in general. That only leads to remembering better times. The last one is the most important... Rule #5 - When you find yourself needing someone's help and you're tired of always asking your family, don't let him be the one who's there for you. Because all those good qualities of his will suck you right back in and you'll have no chance of fighting your feelings,

especially now that he's ready to be a father to your daughter.

Under Pressure - Kelly Moran 2020-03-31

You have the right to remain...sexy. As sheriff of Redwood Ridge, Parker Maloney has learned to bite his tongue at the ridiculous antics of the town's matchmakers. He's just grateful they've never messed with him before. Except it kind of seems like he's their next target. They keep sending him on one wild goose chase after another with a single common denominator--Madeline Freemont. Whatever. Maddie spent their youth terrorizing him and he has zero interest in reopening the claw marks. No matter how beautiful or intuitive or funny he finds her. Nope. He's laying down the law on this one. Yet there's something to her hot-as-hell spine of steel act he can't figure out and she's beginning to unlock the cell on his restraint. Maddie Freemont's no newcomer to the cold shoulder. Most of the town never warmed up to her. Or tried. So when her ex leaves her high, dry, and so in debt she's forced onto the street, it's no shock there aren't any offered helping hands. She's making due by taking any odd job she can to scrape by. Even though she would've done anything for Parker's attention once upon a time, the last thing she needs is to be on his radar now. Why they suddenly keep crossing paths is a mystery. But it's becoming increasingly difficult to ignore his handsome, subtle charms--and how he's working his way under her resolve to expose desires she long ago shoved aside.
