How I Got My Ex-Girlfriend Back in 40 Days - K. Mani  
2017-03-08

Heartbreak and the loss of a significant other is a daily thing, it happens even to the best of us. Most people invest everything that they have in a relationship for certain periods of time only to end up disappointed when their partner walks away. While ladies are more aggressive and strategic in terms of getting back what they have lost, men are rather clueless. Opting to wallow in self-pity and fill themselves with meaningless entities in an effort to numb the pain. Well, wallow no longer. I have been in this very same position before, and unlike all other books that give you useless strategies, my book is a tad different. Rather than empty words, I will give you a 40-day strategy to help you get back with your ex-girlfriend. This can also work for fiancés. I hope that my story proves inspirational and my tactics effective. Warning, this is not a book for the cold-

hearted manipulators who only seek to control the women in their lives. This is a book for those that are genuinely hurt, and desire to get a second chance to make things work. It is so sad to see the love of your life in the arms of another. This book will help you to get your love back and keep her. It is written from my perspective, following the actions in my life, and has worked for me. I hope you find as much success with the strategy as I have. There are two very crucial parts of getting back your ex, and the first happens in the very first days after the official breakup. You may separate, but not be officially broken up even a month after. It is exactly after this period that your actions begin to matter. This is when you start going through the stages of a breakup, and everyone has their own process. Some go through depression and anger and the likes while others just bury everything deep and move on. What you need to realize is that while you are going through all of this, your ex is also going

through the same. There is always the common advice that you need to give her time and space. This is completely wrong. Because, with time and space, then she will go through the whole process of grieving and emerge from the other end with no thoughts or feelings for you. What you need to do is to ensure that you are still on her mind. The time for you to give her time and space will come later on, but now you need to ensure that you remain relevant to her, that you still mean something to her even after she ends it. This book will take you to the journey of getting your ex-girlfriend back after heart shattering break-up.

reality. Anyone who feels validated by exploiting your hunger for theirs is toxic to your peace, your life, and your mental health. Breakups aren't won by game-playing or vilifying your ex. They're won by realizing that winning is losing a partner who has proven to be a dead end. A new life is waiting for you at the end of this journey. In *Win Your Breakup*, relationship and self-help coach Natasha Adamo presents the opportunity for a life with relationships that you don't have to tolerate and eggshell-walk your way through. It's a life in which your ex regrets the day they ever decided to breach your trust and break your heart; a life in which those who took you for granted wish you could find a way back into theirs. In this life, you can choose to walk away from toxicity-no more trying to be the person someone may want, may commit to, may be honest with, and may treat with respect. This life is about to be your own.

*How to Get Your Ex Girlfriend Back* - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be

hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.
