How to Attract the Wombat - Will Cuppy 1949

Bunny - Mona Awad 2019-06-11

"The Secret History meets Jennifer's Body. This brilliant, sharp, weird book skewers the heightened rhetoric of obsessive female friendship in a

way I don't think I've ever seen before. I loved it and I couldn't put it down." - Kristen Roupenian, author of You Know You Want This: "Cat Person" and Other Stories The Vegetarian meets Heathers in this darkly funny, seductively strange novel about a lonely graduate student drawn into a clique of rich girls who seem to move and speak as one. "We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more different from the other members of her master's program at New England's elite Warren University. A self-conscious scholarship student who prefers the company of her imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and are often found entangled in a group hug so tight it seems their bodies might become permanently fused. But everything changes when Samantha receives an invitation to the Bunnies' exclusive monthly "Smut Salon," and finds herself drawn as if by magic to their front door--ditching her only friend, Ava, an audacious art school dropout, in the process. As Samantha plunges deeper and deeper into Bunny world, and starts to take part in the off-campus "Workshop" where they devise their monstrous creations, the edges of reality begin to blur, and her friendships with Ava and the Bunnies are brought into deadly collision. A spellbinding, down-the-rabbit-hole tale about loneliness and belonging, creativity and agency, and female friendship and desire, Bunny is the dazzlingly original second book from an author with tremendous "insight into the often-baffling complexities of being a woman" (The Atlantic).

My Old People Say - Catharine McClellan 2001

Drawing on the rich primary sources of company records and catalogues, existing factory buildings and equipment, photographs and newspaper accounts, *The Alberta Pottery Industry, 1912-1990* tells a fascinating story enriched by the memories of the people who worked in the plants. This study focuses on the economic and social impact of the industry, both locally and nationally. As a study of material history, it examines the outputs of the pottery industry, the plant processes, and the people who made and used those products. This book also traces the factors that affected the emergence, success, tribulations, and demise of pottery in Alberta in the context of the province's economic history. At the same time it portrays the human interest in the pottery story: rivalry and espionage among those who founded the factories, the success and failures of the scientists who struggled to perfect the pottery materials and manufacturing processes, and the daily lives of the workers and entrepreneurs in the pottery industry. For those who know, collect, or use Medalta pottery, this book is a valuable source of information far beyond what has been available to date. It is a fine compliment to museum collections and exhibits and the heritage sites the pottery factories have become. Anne Hayward curated the travelling exhibition *Medalta Ware* for the Glenbow Museum, Calgary, and developed curatorial and interpretive materials for the Clay Products Interpretive Centre in Medicine Hat.
