The 12 Moon Signs in Love - Vera Kaikobad 2005-07

Is your relationship a daily compromise or a true success? Are you a romantic Leo Moon person who approaches falling in love with joy and eager anticipation? Or are you an even-tempered, hard-working Virgo Moon person who ends up relegating passion to the very bottom of your to-do list? Perhaps you're a loving and sensitive Cancer Moon person who likes to mother their lover. Or maybe you're a harmony-oriented, emotionally flexible Libra Moon person who is searching for that ideal spouse? Vera Kaikobad's *The 12 Moon Signs In Love: A Lover's Guide To Understanding Your Partner* helps partners understand each other's deep, emotional and private side through the careful study of personal Astrological Moon signs. Every person's individual Moon sign is an uncannily accurate guide to how they respond to love, adjust to intimacy and express their romantic persona. Our Sun signs signify what we do, while our Moon signs show us how we love. Achieving physical compatibility is a no-brainer, but achieving that oh-so-delicate level of daily emotional compatibility can mean the difference between an average relationship and a superlatively successful one. Is your lover touchy-feely? Or do they love with their mind and intellect? Some Moon signs revel in closeness and feel empowered by it. While others require space and distance through which to evaluate the meaning or usefulness of intimacy in their lives. Each Moon sign speaks its own special, emotional language. And for those of you who are willing to go that extra mile to learn those intricate little details to make your love stronger over the long run, this book may hold some important keys for you to discover. *The 12 Moon Signs In Love: A Lover's Guide To Understanding Your Partner*: 1). Contains comprehensive descriptions of each of the 12 Moon signs and discusses their individual romantic nature. 2). Contains 10

specific traits that the male and female of each Moon sign looks for in a love relationship. 3). Contains a list of Sun and Moon signs that are the most compatible for each individual Moon sign. 4). Contains a list of famous celebrities who share each Moon sign with the reader. 5). Allows the reader to find out their personal Moon sign or that of their lover for FREE by logging onto www.astrologycompatibilityreports.com and sending their birth data to the author, who will then email them their real Moon sign within seconds. 6). It contains 144 detailed romantic Moon sign combinations for each Moon sign. 7). Contains a Moon sign Gift Guide for each Moon sign. This book is of great help to anyone who: Has just begun an exciting new love relationship and wants to know how to connect to the real, emotional persona behind their lover. Has just gotten engaged or married and is about to begin a life together with their partner, and would like to know how to appeal to their future spouse by getting the "inside scoop" on their emotion-based Moon sign nature. Has been single for sometime and would like to know the emotional temperament of potential future lovers and life-partners by matching up their own Moon sign with theirs. SignMates - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's *SignMates*. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.
