How to Win Friends and Influence People - Dale Carnegie 1958

Secrets to Win your Love Life - Sweet, Simple and Short Guide - Neer Pathak

Love could be towards your children, your pet, your family or for nature. This book focuses on how you can find your love life, how to connect with them and further how to build a strong relationship with them. A broken relationship can also be healed if you understand how it works. The life-partner is your significant other meaning gf, bf, or your spouse. More importantly, do you know how to start a relationship in the best way possible? I won't be throwing away spiritual wisdom but practical knowledge and solutions related to "sex," "attraction," and so on. So if you suddenly got into thinking that this book would be based on compassion and kindness then you are right too. We won't miss anything here. Your love life can create or destroy you and you can already see that happening in the world. It doesn't need any justification. So it's important for us to learn everything about how to have successful

relationships. Whether you are in long-distance, short distance, no distance or whatever, basic psychology of human beings remain the same.

As You Like it - William Shakespeare 1810

Atomic Habits - James Clear 2022

O cale ușoară și eficientă de a-ți forma obiceiuri bune și a scăpa de cele proaste Schimbări mici, rezultate remarcabile „O carte extrem de practică și utilă. James Clear extrage informațiile fundamentale despre formarea obiceiurilor, astfel ca tu să poți realiza mai mult concentrându-te pe mai puține lucruri.” - Mark Manson, autorul bestsellerului *Arta subtilă a nepăsării* „James Clear a petrecut ani de zile perfecționând arta și studiind știința obiceiurilor. Această carte antrenantă și practică este ghidul de care ai nevoie ca să scapi de deprinderile proaste și să-ți formezi unele bune.” - Adam Grant, autorul bestsellerurilor *Originalii* și *Option B*. Inspirându-se din cele mai noi descoperiri din biologie, psihologie și neuroștiințe, James Clear a conceput un ghid ușor de asimilat, cu ajutorul căruia obiceiurile bune devin inevitabile, iar cele rele, imposibile. Învață: * să-ți construiești un sistem pentru a deveni cu 1% mai bun în fiecare zi; * să renunți la obiceiurile rele și să le păstrezi pe cele bune; * să eviți greșelile comise în general de cei care încearcă să-și schimbe obiceiurile; * să depășești lipsa de motivație și de voință; * să-ți dezvolti o identitate mai puternică și să crezi în tine însuși; * să-ți faci timp pentru noile obiceiuri (chiar și când viața o ia razna); * să-ți concepi un mediu care să favorizeze succesul; * să faci schimbări mici, ușoare, care oferă rezultate mari; * să-ți revii atunci când te abați de la drum; * și, cel mai important, cum să aplici aceste idei în viața reală... .. și multe altele Indiferent dacă e vorba de o echipă care încearcă să câștige un campionat, o organizație care speră să redefinească o industrie sau pur și simplu un om care vrea să se lase de fumat, să slăbească, să

reducă stresul ori să realizeze orice alt obiectiv, Atomic Habits este soluția. „Nu mă consider un expert și nu dețin toate răspunsurile, dar sunt fericit să împărtășesc ceea ce am învățat până acum.” - James Clear „O carte deosebită, care îți va schimba felul în care îți organizezi ziua și îți trăiești viața.” - Ryan Holiday, autorul bestsellerurilor *The Obstacle is the Way* și *Ego is the Enemy* „În Atomic Habits, Clear îți va arăta cum să depășești lipsa de motivație, cum să schimbi mediul înconjurător ca să încurajezi succesul și cum să-ți faci timp pentru obiceiuri noi și mai bune.” - Glamour.com

Discovery Girls Guide to Sticky Situations...and How to Get Through Them - Discovery Girls Inc. 2012-07-01

Anna got the courage to tell her crush she liked him...and found out he didn't like her back! Elise accidentally spilled her BFF's secret. Everyone gets caught sometimes in life's sticky situations. Luckily, the writers and editors of Discovery Girls magazine know exactly how to handle that crush and or angry BFF! In *Sticky Situations...and How to Get Through Them*, tween girls will learn how to get unstuck from these and many other sticky situations. Like when Christy made a total fool of herself onstage...or when Lisa's parents didn't like her new friend. Girls who read this book will learn how to handle being cornered by a mean dog, getting stranded at the mall, and much, much more! By the last page, they'll be ready to deal with anything!

Angel Thieves - Kathi Appelt 2019-03-12

An ocelot. A slave. An angel thief. With interconnecting stories ebbing and flowing, this jewel of a novel from Newbery Honor-winning author and National Book Award finalist Kathi Appelt is a striking depiction of family devotion, a harsh cry for freedom, new love, oh, and an ocelot. Sixteen-year-old Cade Curtis is an angel thief. Abandoned by his mother, he and his dad

moved to the apartment above a local antique shop. The only payment the owner Mrs. Walker requests: marble angels, stolen from graveyards, for her to sell for thousands of dollars to collectors. But there's one angel that would be the last they'd ever need to steal; an angel, carved by a slave, with one hand open and one hand closed. If only Cade could find it... Zorra, a young ocelot, watches the bayou rush past her yearningly. The poacher who captured and caged her has gone away, and Zorra is getting hungrier and thirstier by the day. Trapped, she only has the sounds of the bayou for comfort—but it tells her help will come soon. Before Zorra, Achsah, a slave, watched the very same bayou with her two young daughters. After the death of her master, Achsah is free, but she'll be damned if her daughters aren't freed with her. All they need to do is find the church with an angel with one hand open and one hand closed... A soaring, searing novel from Newbery Honor-winning author and National Book Award finalist Kathi Appelt, *Angel Thieves* weaves together stories across time, connected by the bayou, an angel, and a universal desire to be free.

The Dateable Rules - Justin Lookadoo 2004-02-01

Take *Wild at Heart* by John Eldredge and *The Mystique of a Woman* by Jean Lush and turn it into something that gets the attention of busy teens and you begin to understand *The Dateable Rules*. This interactive guide takes up where *Dateable* left off and walks teens through the Bible's insights about men and women. Guys will learn that God loves adventure and that there's a difference between a spiritual and a physical adventure. They'll also learn how to be a gentleman (open her door and carry the box of leftovers from dinner, etc.) Girls will learn that beauty is defined by God, not supermodels, and that if they talk too much, they lose. They learn the secrets of staying confident and letting a guy lead. How It Works: Bible Study: a study that can be used by an individual couple or a whole youth group. Focus Group: a time when guys and girls get the lowdown on each other's gender. Guys and girls or groups can talk about what they learned in the week's study and discuss the truths of Scripture. Workbook: offers lots of things for readers to do, from writing

down all the bad things they have said about another person and confessing them to God to going back to the point in time when their femininity or masculinity was squashed and allowing Jesus to redefine that moment. Each section is filled with interactive activities that help students better understand God's plan for men and women. The Dateable Rules isn't about teens getting more dates; it's about learning to understand the opposite sex and making good choices based on the truth!

The dramatic works of William Shakespeare, with copious glossarial notes and a biogr. notice by R. Inglis - William Shakespeare 1882

Leading Lines - Chantel Guertin 2015-10-13
“Readers will experience all the joys, heartbreak and discoveries of the teenage years as Pippa continues her journey to adulthood . . . A rare treat” (CM: Canadian Review of Materials). After two drama-filled weeks at photography camp in Manhattan, Pippa Greene is back. Despite a super-swoony and über-romantic reunion with her boyfriend, Dylan, she can't seem to shake the emotional aftermath of New York. As she navigates parental drama at home and her charged dynamic with Ben Baxter at school, Pippa finds that Dylan is more wrapped up in his new post-high-school life of bands, shows, and groupies than in their relationship. Will it survive? Written with the same humor and heart that made Chantel Guertin's first two Pippa Greene novels—*The Rule of Thirds* and *Depth of Field*—instant favorites, *Leading Lines* offers a fresh and charming perspective on friendships, family, and first love. “Effortless, light and rewarding, this is a series that readers could grasp starting with this third book, but it's worthwhile to get all three and get to know the bubbly, endearing, lovable Pippa from the beginning.” —*The Globe and Mail* (Toronto)
“Sharp dialogue, fully fleshed, interesting characters, and a believable plot add up to more than typical teen chicklit.” —*Quill & Quire*
“These novels remain relatable and sweet and are a great read for anyone looking for dynamic and honest relationships in their YA fiction.”
—*Read My Breath Away* “A really fun YA series that combines some of my favorite things: photography and cute boys. It features a

determined and relatable heroine that's easy to root for!” —*One More Page*

The Five Love Languages - Gary Chapman 2009-12-17

Marriage should be based on love, right? But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. Gary Chapman hosts a nationally syndicated daily radio program called *A Love Language Minute* that can be heard on more than 150 radio stations as well as the weekly syndicated program *Building Relationships with Gary Chapman*, which can both be heard on fivelovelanguages.com. The *Five Love Languages* is a consistent New York Times bestseller - with over 5 million copies sold and translated into 38 languages. This book is a sales phenomenon, with each year outselling the prior for 16 years running!

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. *The Guyde* is divided into

four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Commentary on the Gospel of John: Bible Study Notes and Comments - David Pratte
2018-12-25

Bible study notes and commentary on the New Testament Gospel of John. Emphasizes understanding the text with practical applications. Intended to be helpful to all Christians, including teachers and preachers, while avoiding an emphasis on technical issues.

Written from the conservative viewpoint of faith in the Bible as the absolute, inerrant, verbally inspired word of God. Comments include discussion of these topics: * Evidence for faith in the Deity of Jesus * Testimony of miracles and fulfilled prophecy * Jesus' public ministry and teaching * Work of John the Baptist and of Jesus' apostles * Jesus' death, burial, and resurrection

[How To Take Good Notes](#) - Angelos Georgakis
2017-06-25

"Why would I need a book on how to take notes? Notes are just notes!" -- FALSE. Scientists have found that note taking can be as mentally demanding as playing chess can be for an expert. While you take notes, you listen carefully to the lecturer, you process the new material, you organize it in your working memory, and you finally write down what you think is most important. All this happens while someone is talking at an average speed of three words per second and someone is writing down at an average speed of one-third of a word per second. It doesn't sound easy now, does it? Notes are an important tool for learning. We don't take notes just to record a few facts so we can review them later. Learning happens as we take notes. Taking notes the right way leads to good study practices, better performance on exams, and long-term retention of information. "Note taking comes naturally." FALSE. Note taking is not obvious or intuitive. Research has shown that students fail to capture 40% of the main points in a typical lecture. First-year students capture only 11%. In some studies, even the best note takers seem to record less than 75% of the

important information. People think they take good notes until they're told they don't. Few of us have consciously thought about how we take notes (let alone how to improve the quality of them). We often reproduce the lecturer's phrases verbatim. We don't save time by systematic use of abbreviations. We fail to become a "good psychologist" of our lecturer. We fail to pick up his enthusiasm. We fail to interpret the tone of his voice. We fail to read his body language. And the result is that we fail to take good notes. "Anyway, no one taught me how to take notes in school or in college." TRUE. Educators believe that students are able to assess the quality of their notes and follow good practices. However, studies have shown the exact opposite. The fact that there isn't a course in college dedicated to the art of taking notes (or learning in general) makes students believe that this is a natural skill that they can perfect with practice over the course of their studies. "At the end of the day, everyone has their own way to take notes." TRUE. In this book, you may be surprised to learn that I don't make any references to different types of note-taking systems like those that other books do. The reason is that it's the practices behind the note taking that matter most. For example, you

should not copy the lecturer's phrases word for word, but generate the main points in your own words. And you should leave space on your notes for adding comments and testing yourself later. I encourage students to use the Cornell note-taking system because it utilizes most of the principles of effective note taking. No matter which note-taking system you decide to follow, the cognitive effort you will have to expend is equally high. Note taking may not be rocket science, but it's definitely science-cognitive science. And cognitive science has produced a lot of useful insights that we can use now to take better notes. This book presents these insights in simple words, so you can make the most of your notes and use them to study effectively. The title of this book is How to take good notes. However, note taking is just one part of the picture. Note taking is much broader in the context of this book. We take notes so we can interact with them later. What matters most is what we do with our notes after we finish taking them. Notes can do so many good things for you. They hold all your learning efforts. Treat them well. Look after them.
