How to Attract Men Worth Dating and Get the Guy You Really Want
When it comes to finding a suitable mate for a passion filled, committed relationship, one of the things men want most in a woman is self-possession, or said another

way, womanly poise. When high-quality men come across a woman with poise they crave her respect, her approval, and most importantly, her love. Men like this understand that a woman's poise reflects her self-worth. And they know that a woman can only act with poise when she's placed a higher importance on her dignity and well-being than she does on ANY man. It is this unique female attitude that drives a man wild with sustainable desire, the kind of desire that makes him eager to commit to a woman and claim her as his own. How to Attractively Set Standards with a Man and Make Him Want You Even More
When a woman lacks poise she generally gives too much of herself, and usually at the most ineffective times when dating a man. She is too lenient with men in the beginning stages of a new romance, and she's prone to compromising her standards just to keep a man in her life. Women like this unknowingly chase men, as they become frantic, frustrated, and

foolhardy whenever the guy they want begins to pull away or lose interest in them. A woman with poise never chases or throws herself at a man, nor does she make things easy for him by clearing her schedule "just in case" he calls or comes around. Instead, a woman with poise maintains her mystery, sticks to her standards, and uses her feminine charms to invite men to either pursue her passionately or leave her alone. How to Date like a High-Value Woman and Be Irresistible to Mr. Right It's easy to show class and character when things are going your way with a guy. But your ability to remain unfazed amid his disrespect or disinterest is what really helps him determine whether you are a high-value woman or not. A man will not always act in ways that are favorable to you. Sure, some men are scumbags, but not all men who act thoughtlessly towards you should be categorized this way. Therefore, if you want to separate the good guys from the time wasters it's important

to act with poise. This book was designed for women who want to go from being powerless to being irresistible to men. In it, you'll discover the secrets to having more confidence and power with men and dating as you learn the beliefs, attitudes, dating rules, "love habits", and seduction secrets of the high-value woman. Here's what you're going to learn inside: What to say when you want to "slow things down" with a guy without losing his interest in you. The most seductive first date "good deed" that can CAPTURE a man's desire and make him desperate to see you again. The #1 key to conquering a man's heart during the early dating stages. (This is something most women only figure out after YEARS of painful trial and error.) How to get a boyfriend by avoiding a HUGE relationship-killing mistake most women make within the first few weeks of dating. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between

themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact

physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
