Love, Inc. Laurie Essig 2019-02-05 The notion of “happily ever after” has been ingrained in many of us since childhood—meet someone, date, have the big white wedding, and enjoy your well-deserved future. But why do we buy into this idea? Is love really all we need? Author Laurie Essig invites us to flip this concept of romance on its head and see it for what it really is—an ideology that we desperately cling to as a way to cope with the fact that we believe we cannot control or affect the societal, economic, and political structures around us. From climate change to nuclear war, white nationalism to the worship of wealth and conspicuous consumption—as the future becomes seemingly less secure, Americans turn away from the public sphere and find shelter in the private. Essig argues that when we do this, we allow romance to blind us to the real work that needs to be done—building global movements that inspire a change in government policies to address economic and social inequality.

relationship. The key to starting a successful, lifelong relationship, according to Dr. Harley, lies in discovering whether you (and your partner) are Freeloaders, Renters, or Buyers. Much like freeloading roommates who won't pay their fair share, relationship freeloaders are unwilling to put much effort into caring for someone. Renters are people who view a relationship as tentative and are only willing to provide care as long as terms are fair or until they find something better. The ideal partner, a Buyer, is someone who regards a relationship as he or she does a home—permanent and exclusive. Buyers, Renters, and Freeloaders shows readers how to measure their Romantic Relationship Attitude and offers practical advice for transforming Freeloaders and Renters into fully committed Buyers. It also includes a Personal History Questionnaire to help readers better understand themselves and their partner and Four Guidelines for Successful Negotiation to assist couples in maintaining Buyer behavior. Together these tools will help singles create a satisfying, exclusive, and permanent romantic union destined to last a lifetime.

Making the Right Choice Asha L. Abeyasekera 2021-03-12 Making the Right Choice unravels the entangled relationship between marriage, morality, and the desire for modernity as it plays out in the context of middle-class status concerns and aspirations for upward social mobility within the Sinhala-Buddhist community in urban Sri Lanka. By focusing on individual life-histories spanning three generations, the book illuminates how narratives about a gendered self and narratives about modernity are mutually constituted and intrinsically tied to notions of agency. The book uncovers how "becoming modern" in urban Sri Lanka, rather than causing inter-generational conflict, is a collective aspiration realized through the efforts of bringing up educated and independent women capable of making "right" choices. The consequence of this collective investment is a feminist conundrum: agency does not denote the right to choose, but the

duty to make the "right" choice; hence agency is experienced not as a sense of "freedom," but rather as a burden of responsibility. Why Say No? Hoda Agharazi 2019 This thesis studies the purpose of multiple marriage proposals in Jane Austen's *Pride and Prejudice* and Charlotte Brontë's *Jane Eyre*. I will show that Austen's and Brontë's inclusion of two proposals - by Darcy and by Rochester, respectively - are central to the narrative structures of their work. I will examine how Austen and Brontë present their heroines with multiple proposals in order to demonstrate the proper moment at which a proposal should be accepted. This thesis will contextualize the choices of Elizabeth Bennet and Jane Eyre by engaging in conversation with several literary scholars who work on Austen and Brontë. The first chapter will be dedicated to Austen's *Pride and Prejudice*, and the analysis of Darcy and Elizabeth's changing relationship. The second chapter will examine Brontë's *Jane Eyre* and Jane's individual journey as it relates to her relationship with Rochester. I will also examine how each author demonstrates how gender roles and stereotypes can serve as a threat to a healthy relationship as well as to one's own self-development. Through multiple proposals, Austen and Brontë demonstrate the importance of independence and equality in entering a marriage. They also dismantle traditional notions of masculinity.

Negotiating Individualized Education Programs Matthew J. Jennings 2009-03-16 Negotiating is both an art and a science that requires specific knowledge and skills. Few school administrator preparation programs provide training in negotiating skills. As a result, when faced with the need to negotiate, most school administrators rely on the negotiating skills they have learned from other life experiences. While these strategies may work well when attempting to purchase a car, such skills often leave Individualized Education Plan meeting participants feeling dissatisfied, worn out, and alienated. This book prepares school administrators to successfully negotiate complex deals between parents and school personnel. Clear step-by-step guidelines for preparing and leading these types of meetings are described.

How to Propose Without Screwing It Up Robert C. Gosling
2013-10-15 Congratulations, my friend! You're one step closer to capturing the hand of the woman you love. This is a very special point in your relationship and life, and I'm personally very happy for you. Honestly, it's an exciting time and as an expert in matters of the heart, I want to help you make the most of it and not screw it up. Now for the cold hard truth. She has expectations, very high expectations. In fact most women secretly admit to being somewhat disappointed with their marriage proposal. Of course they are, this is the one time they absolutely expect nothing short of perfection. Quite an enormous feat, unless you're the most interesting man in the world. Many things can go wrong for you; you've got one shot and its extremely difficult to get everything right. That's where I come in. My mistakes learn from me, and you should too. This book is your cheat sheet to planning and executing the perfect marriage proposal. No looking back with regret, no embarrassing memories and absolutely no proposal Fails. before you ask, this is the book for you. It's packed with must do and embarrassing don'ts (you will be surprised how many there are). Most websites will tell you 5 to 10 mistakes to avoid. Many of those mistakes you'll already know. This book has 50, and believe me - they are all essential. Things you will never have known a woman is expecting or wants you to do, since there's no other manual like this. SAMPLE: Why would I take time out of my full and busy life to pen this book? First, I didn't - this book was written in my sleep. Second, as a man who has experienced all that life has to offer, multiple times, I am certain that love is one of the best gifts there is. Third, I know women, having come from one, and experiencing many others. I also know men, though not for the same reasons. You want to propose to the woman in your life, but haven't the faintest idea what it truly takes to make it interesting and remarkable. Who else would be qualified to give you such advice besides me? From the outside looking in, proposing appears to be a simple and fairly straightforward process. There are no hard and fast rules, and every couple is unique, right? Wrong. There are indeed expectations and rules to pulling off a flawless engagement and most couples are more alike than dissimilar in the grand scheme of things. The opportunity to make blunders is a very real and unfortunately, common reality. So much so, that a simple internet search will reveal hordes of message boards filled with women complaining about how let down they were with their guy's lack of romantic forethought and subsequently searching for some way to get over their disappointment or devastation. Sadly, they probably never will. There are no do-overs when it comes to proposing to your girlfriend, so if you don't get it right the first time, be prepared to have no wife at all, or a wife who will always associate negative thoughts with the way you proposed. There will be no special moment to reflect on when times get hard, just a nagging thought that you didn't care enough even then, and persistent doubts about your relationship. I don't know about you, but if you aren't

interested in doing everything you can within your means, to make sure your woman is not only satisfied, but blown away and secure in your love for her, by delivering a marriage proposal that she wants to tell everyone within earshot about it, then maybe the time isn't right or she's not the one. However, the mere fact that you have invested in this book to make sure you get every aspect right, tells me that you have probably found true love. I'm optimistic that you are right!

Will a fake relationship between two friends lead to true love? After having his heart broken on national television, Tim Fraser knows only one way to stop the gossip about his love life—a new girlfriend. The problem is, he's done with romance forever. A fake relationship with his friend and Sapphire Spring's sweetest baker, Emily Holland, seems the perfect solution to getting rid of his newfound fame, but their fleeting fauxmance is stirring up the kinds of feelings Tim has sworn off for good. Emily has secretly lusted after Tim for years, but pretending her feelings are all for show never factored into her fantasy. Still, her decades-long crush makes it impossible to say no to Tim's proposal. But with each date, the lines between pretend and reality blur, giving Tim and Emily a tantalizing taste of life outside the friend zone . . . if they can find the courage to give real love a chance.

Will She Say Yes? Lisa Hoplock 2016 Proposing marriage is one of the few rituals that many people engage in world-wide, and yet many aspects remain a mystery. For example, there is currently no research on rejected marriage proposals, despite their potential impact on the self and well-being. The purpose of the present research was to compare and contrast rejected and accepted marriage proposals. Because the traditional proposal script is well known in Western society, I hypothesized that all proposals would be high rather than low in traditionalism. But, men whose proposal is rejected may not know that women prefer private proposals (Hoplock, 2015), and so I hypothesized that rejected proposals would be more likely to occur in public compared to accepted proposals. Additionally, I hypothesized that couples would distance themselves from each other during rejected proposals. I also predicted that couples would remain

close to each other during accepted proposals compared to during rejected proposals. Finally, I hypothesized that couples experiencing rejected proposals would be less likely to talk about marriage in advance than couples experiencing accepted proposals. I tested these hypotheses in two studies. I conducted a content analysis of 285 marriage proposal videos (36 rejected proposals, 249 accepted proposals; Study 1), and of 374 first-person written accounts of marriage proposals (180 rejected proposals, 194 accepted proposals; Study 2). Trained coders rated the proposals for traditionalism (e.g., offering a ring), the presence of others, and couple members' approach and avoidance goals. I also used inductive coding to derive themes from the data. Additionally, in Study 2, trained coders noted men's motivation for proposing and women's reasons for their response, the relationship status before and after the proposal, and whether couples discussed marriage in advance of the proposal. In Study 1 but not Study 2, proposals were high rather than low in traditionalism. In both studies, rejected proposals were less traditional than accepted proposals. Some traditional behaviors were particularly strong as distinguishing between proposals: The odds of a proposal being accepted were 8 ? 20 times higher if the proposer presented a ring. Expectedly, rejected proposals were more likely to occur in public than accepted proposals. Moreover, women were particularly affected by the proposal, distancing themselves from their partner during rejected proposals and drawing close to their partner during accepted proposals. Providing insight into the proposers' motivations, men often proposed for reasons such as a desire to commit to their partner, but, unlike men whose proposal was accepted, men whose proposal was rejected were also likely to propose out of desperation. Furthermore, women most commonly declined a proposal because they thought they were too young or not ready to get engaged. Unfortunately, some of the heartache of rejected proposals may have been avoided if the couple members had

discussed marriage in advance: Only 29% of couples experiencing rejected proposals discussed marriage in advance, compared to 100% of couples experiencing accepted proposals. The rich nature of this data brings to life the proposal experience and highlights many potential directions for future research.

The Politics of IMF Lending M. Breen 2013-08-15 As national governments continue to disagree over how to respond to the aftermath of the global financial crisis, two of the few areas of consensus were the decisions to increase the IMF's capacity to respond and remove the policies designed to limit the use of its resources. Why was this massive increase in the size of the IMF, accompanied by the removal of policies designed to limit moral hazard, such an easy point of consensus? Michael Breen looks at the hidden politics behind IMF lending and proposes a new theory based on shareholder control. To test this theory, he combines statistical analysis with a sweeping account of IMF lending and conditionality during two global crises; the European sovereign debt crisis and the Asian financial crisis.
