In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

[My Wife Doesn't Love Me Anymore](#) - Andrew G. Marshall 2014-10-14

Men aren't trained to take the temperature on their marriages and check if it's in good health. They tend to leave that up to their wives, so it can come as a huge shock when she tells him "I don't love you anymore." OK, he sort of knew she hadn't been happy but thought that if he kept his head down it would blow over. However, she's not saying "there's a problem we need to fix" but that "it's over and we need to tell the kids and split up." Suddenly, the bottom has dropped out of his world. He doesn't know where to turn, how to make sense of what she's saying and worse still how to start fixing the problem. His friends will offer a drink to cheer him up but no practical advice and media aimed at men is full of sport, politics and business. He's in a spin, begging for another chance and telling her "I still love you" just makes her colder and even more angry. Fortunately, internationally renowned marriage counselor Andrew G. Marshall has written *My Wife Doesn't Love Me Anymore*, to explain how to get your wife to fall in love with you all over again and rebuild a relationship that's more loving and fulfilling than ever. Offering techniques, strategies, and practical advice gleaned from more than thirty years of helping men manage their shock and navigate their way toward a relationship that their wife is crying out for, Marshall explains: How to figure out why she's fallen out of love Five things you think will save your relationship but should absolutely avoid What her words and actions really mean and how to use them to win her back What to do to instantly improve the atmosphere at home How to prevent past mistakes from undermining your attempts to build a better future Five pick me up tips when you're down and need to keep focused When it's time to admit it's over and what factors indicate you should still fight the good fight Whether she's told you "I don't want to work it out", "my feelings won't change", or the heart wrenching "I'm attracted to someone else", this book can help you turn it all around and provide scripts to make her open her heart again.

How to Fall in Love with Anyone - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In How to Fall in Love with Anyone, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and

literature of love. How to Fall in Love with Anyone is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love."

—Alain de Botton, internationally bestselling author of How Proust Can Change Your Life and The Course of Love MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.

The One She Can't Forget - Tara Grace Ericson 2023-03-23

The sweet memories of our relationship haunt me more than any fire I've ever fought. Because she can't remember any of it. I thought my world was falling apart when Monica was in the car accident. Waiting

desperately with her family in the hospital, I couldn't let anyone see just how much I cared. Our secret relationship meant my hidden torture as I waited for her to wake up. But when she finally did, the truth, was so much worse. Thankfully, she's healing perfectly fine-except she can't remember the last six months. Which means she still thinks we merely tolerate each other for her brother's sake and are more inclined toward animosity than attraction. She doesn't remember our first kiss. Or our first date. Or our promises of forever. No one else in town knew we were together, especially her brother--my best friend. And when I tried to tell her, she doesn't even trust me enough to believe it. But I'll do everything I can to make her remember. And if that doesn't work, I'll just have to make her fall in love with me all over again. Even if it was nearly impossible the first time. I'll be The One She Can't Forget.
