2018-03-09

- If you have trouble starting a chat with a girl you like.- If you always end up in boring conversations or do not know what to say.- If you want to know what to do on a date to make it a fun, exciting and interesting experience.- If you want her to really enjoy being with you and to feel attracted - If you have already searched through various Videos, Blogs or Wikihow and they did not help you.Then this is the right book for you!Some of the questions they ask me most frequently are: How do I start a conversation? What do I say to a girl? Should I have certain phrases prepared in advance?One of the main problems when striking up a conversation with a woman is that everything seems to be going well and then suddenly her interest seems to simply disappear, her answers are shortened and you might even start feeling like a disaster, wishing you had the ability to know what she was thinking.It's happened to all of us some time or another that we don't know what to say when entering into a conversation or that there are some uncomfortable silences. The truth is that it is not as difficult as many think, and yet many men end up in boring conversations and girls rarely have unforgettable nights with them.Why? Because they end up doing the same boring, predictable, and tedious things than the last 100 previous guys did and they simply don't work. Imagine that one girl is on a date with a random guy she doesn't know and he starts asking her the same questions she always hears."So where do you come from?", "What is your job?", "What do you study?", "Why did you choose that university?", "Where would you like to live?", "Where would you like to go on vacations?", or even talk about the WEATHER! Yes! That last one, definitely, is the topic of conversation of an unforgettable night ...The worst thing is that there is a belief that the solution to this is "openers" or pre-set phrases and I have to admit that I used to think that way too. Once a guy wrote to me: "If I just had a perfect phrase to start a conversation everything else would just flow."In the same way many men also look for that perfect phrase, that all-encompassing opener, in order to get attention instantly and make any girl attracted towards us ... but I'm sorry to say that it doesn't work this way. The people who unconsciously feel like techniques or pick-up phrases are necessary is because they do not feel good enough themselves to win the ladies' attention. The most successful men are those who don't put women above themselves. That way your game becomes simple and natural. In this book I will give you the tools to improve conversations, flirt, and connect with women in a sexual way.

But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. The Charisma Myth shows you how to become more influential, more persuasive, and more inspiring.

#### **How to Pick Up Women** - Matthew Manson 2019-08-21

Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself.... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. If you join me on this journey you will discover: - How to pick up women in an ethical way which leaves you BOTH happy and satisfied. - The things you NEED to improve about yourself in order to attract women instantly for the rest of your life. - A specially designed book structure containing clear lists, step by step guidelines and scenarios which you can easily remember and apply in your own life. - The biggest barriers you need to overcome in order to stop feeling anxious when approaching any woman.

I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. However, if you dedicate yourself to this, no matter how old you are, you will learn how to get women to become obsessed with you. Listen, if I count how many times I have been friend-zoned, you'll feel depressed on my behalf. The last one was many years ago when I was studying in Singapore. The next day, after my heartbreak, my roommate, Michael, called me and said, "Barack Obama is around. He's at Orchard to meet with Lee Kuan Yew-come, come, come." Michael didn't know what I was going through. He was at Orchard having fun, but I was at home feeling heartbroken

and Obama wasn't the solution I needed at that moment-I needed a relationship expert. Luckily, I have become that person I needed and I'll guide you through the ups and downs of how women work, how to get any woman without being friend-zoned and many more things acclaimed dating gurus won't tell you. In all things, honesty and foundation are key, and that's how we'll start. Skip this stage and you'll be in trouble... You've been lied to by dating gurus. Listen, my case was worse than yours. I was the one killing myself-just the same way you're mentally sabotaging yourself without knowing. I wish someone had told me all the things I discovered throughout my struggles in understanding women-it would've saved me time and energy.
