

# I Am Sex Tamara Griffin

Bloodline - Jordan L. Hawk 2014-09-26

Whyborne & Griffin: Book 5  
Previous Book: Necropolis  
Between his bullying father and dissolute brother, Percival Endicott Whyborne has quite enough problematic family members to deal with. So when his sister returns to Widdershins asking for help solving the mystery of a derelict ship, Whyborne is reluctant to get involved. Until, that is, a brutal murderer strikes, leaving Whyborne and his lover Griffin no choice but to take the case. The investigation leads them deep into a conspiracy of blackmail, murder, and darkest sorcery. But worst of all are the secrets held within the family itself, one of which will destroy everything Whyborne believed to be true, not only about his family, but about himself.

**That's Blaxploitation!** - Darius James 1995-11-15

One of today's most controversial African-American authors presents his hilariously acidic interpretations of 1970's black films like Shaft and Superfly and the hip-hop culture, fashion, and music they inspired. Includes interviews with luminaries such as Melvin Van Peebles and Pam Grier, movie stills and a few filthy comics.

*Sexual Deviance, Second Edition* - D. Richard Laws 2012-04-16

Now in a fully revised and updated second edition, this important work provides authoritative scientific and applied perspectives on the full range of paraphilias and other sexual behavior problems. For each major clinical syndrome, a chapter on psychopathology and theory is followed by a chapter on assessment and treatment. Challenges in working with sex offenders are considered in depth. Thoroughly rewritten to reflect a decade of advances in the field, the second edition features many new chapters and new authors. New topics include an integrated etiological model, sexual deviance across the lifespan, Internet offenders, multiple paraphilias, neurobiological processes, the clinician as expert witness, and public health approaches.

It's Not the Birds and the Bees, It's Sex! - Dr Tamara Griffin 2016-07-22

For adults, sexuality is one of the most embarrassing and awkward topics of discussion especially when it comes to educating children. Adults often fear that if they talk about sex with children, they may want to try it. The fact of the matter is that children are curious about sexuality. Whether you talk with them about it or not, they will get the information from somewhere. So why not get it from you? Despite the uncomfortable feelings about sexuality, parents and other trusted adults must rise to the occasion and have "The Talk!" Children are in desperate need of true comprehensive, developmentally-appropriate, medically accurate, inclusive, culturally competent information about sexuality. Having "The Talk," will empower them with knowledge, skills and tools to make healthier, safer and informed decisions about sexuality that may one day save their life. Grounded in over 20 years of research, *It's Not The Birds And The Bees, It's Sex* will teach you everything you need to know about having "The Talk" and will forever change the way you think about sexuality

*The Terror of Natural Right* - Dan Edelstein 2009-10-15

Natural right—the idea that there is a collection of laws and rights based not on custom or belief but that are “natural” in origin—is typically associated with liberal politics and freedom. In *The Terror of Natural Right*, Dan Edelstein argues that the revolutionaries used the natural right concept of the “enemy of the human race”—an individual who has transgressed the laws of nature and must be executed without judicial formalities—to authorize three-quarters of the deaths during the Terror. Edelstein further contends that the Jacobins shared a political philosophy that he calls “natural republicanism,” which assumed that the natural state of society was a republic and that natural right provided its only acceptable laws. Ultimately, he proves that what we call the Terror was in fact only one facet of the republican theory that prevailed from Louis’s trial until the fall of Robespierre. A highly original work of historical analysis, political theory, literary criticism, and intellectual history, *The Terror of Natural Right* challenges prevailing assumptions of the Terror to offer a new perspective on the Revolutionary period.

How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book One - Jon Knowles 2019-06-28

The ghosts that haunt our sexual pleasure were born in the Stone Age. Sex and gender taboos were used by tribes to differentiate themselves from one another. These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city-states and empires. For the early Christians, all sex play was turned into sin, instilled with guilt, and punished severely. With the invention of sin came the construction of women as subordinate beings to men. Despite the birth of romance in the late middle ages, Renaissance churches held inquisitions to seek out and destroy sex sinners, all of whom it saw as heretics. The Age of Reason saw the demise of these inquisitions. But, it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime, degeneracy, and sickness. The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists, such as Alfred Kinsey and Margaret Sanger, sought to carve out a place for sexual freedom in society. However, strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence. Book One of this two-part publication traces the history of sex from the Stone Age to the Enlightenment. Interspersed with ‘personal hauntings’ from his own life and the lives of friends and relatives, Knowles reveals how historical discourses of sex continue to haunt us today. This book is a page-turner in simple and plain language about ‘how sex got screwed up’ for millennia. For Knowles, if we know the history of sex, we can get over it.

*Blind Date* - Jon David Griffin 2017-09-21

No available information at this time. Author will provide once available.

Just Sex - Jodi Gold 2000

Just Sex chronicles the movement to bring an end to all forms of sexual violence on campus and gives voice not only to rape victims but also to reformed rape perpetrators, who describe the twisted logic through which rape becomes "acceptable" to young males and their peers. Just Sex also gathers testimonials about homosexual rape, minorities and sexual violence, and presents the most complete collection of essays and primary documents on a movement that has altered the sexual landscape of our campuses and communities forever.

*A Terrible Love* - Marata Eros 2013-04-26

In this electrifying New York Times ebook and USA Today bestseller from rising star of dark and sizzling new adult novels Marata Eros, a former ballerina struggles to hide her painful past—only to discover she’s not the only one with secrets. "We’re terrible together. . . ." Jess Mackey’s whole life is a meticulously fabricated lie. She escaped the violent tragedy of her past and is forging ahead with a clean slate far removed from her powerful political family and its dark secrets. But Jess can’t ignore her passions—not her love for ballet, nor her tumultuous desire for the unexpected lover who threatens to jeopardize her carefully constructed identity. Love does no harm. . . . Devin Castile is all sex-and-hotness wrapped up in a dangerous package. Jess worked hard to leave danger behind. But she wants Cas as much as the girl she once was longs to be free. Convinced they can keep their messy emotions at bay, Jess and Cas indulge their wildest fantasies. But soon Jess’s lies begin to crumble, and the lovers discover that freedom comes with a deadly price.

**Necropolis** - Jordan L. Hawk 2014-05-05

Introverted scholar Percival Endicott Whyborne has spent the last few months watching his lover, Griffin Flaherty, come to terms with the rejection of his adoptive family. So when an urgent telegram from Christine summons them to Egypt, Whyborne is reluctant to risk the fragile peace they've established. Until, that is, a man who seems as much animal as human tries to murder Whyborne in the museum. Amidst the ancient ruins of the pharaohs, they must join Christine and face betrayal, murder, and a legendary sorceress risen from the dead. In the forge of the desert heat, the trio will either face their fears and stand together-or shatter the bonds between them forever.

**On Life and Death** - Cicero 2017

Marcus Tullius Cicero (106-43 BC), Rome's greatest orator, had a career of intense activity in politics, the law courts and the administration, mostly in Rome. His fortunes, however, followed those of Rome, and he found himself driven into exile in 58 BC, only to return a year later to a city paralyzed by the domination of Pompey, Crassus, and Caesar. Cicero, though a senior statesman, struggled to maintain his

independence and it was during these years that, frustrated in public life, he first started to put his excess energy, stylistic brilliance, and superabundant vocabulary into writing these works of philosophy. The three dialogues collected here are the most accessible of Cicero's works, written to his friends Atticus and Brutus, with the intent of popularizing philosophy in Ancient Rome. They deal with the everyday problems of life; ethics in business, the experience of grief, and the difficulties of old age.

The Continuum Complete International Encyclopedia of Sexuality - Robert T. Francoeur 2004-01-01

--A completely updated one-volume edition of the 4-volume International Encyclopedia of Sexuality--Includes nearly 60 countries and places--12 not previously covered--by more than 200 authorities--It is the only reference work of its kind in any language

Autoimmunity, COVID-19, Post-COVID19 Syndrome and COVID-19 Vaccination - Yehuda Shoenfeld 2022-12-03

Autoimmunity, COVID-19, Post-COVID-19 Syndrome and COVID-19 Vaccination covers all aspects of what is perhaps the most dramatic health crisis in the history of modern medicine. Severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) raised major concerns about the association between the virus and various autoimmune manifestations. Over 15 distinct autoantibodies and above 10 different autoimmune diseases were found to develop in COVID-19 patients. Moreover, evidence about recovered COVID-19 patients demonstrates that persistent systemic symptoms, which are believed to have an autoimmune-related mechanism, do exist. As it is of great importance to recognize those autoimmune manifestations of COVID-19 and post-COVID-19 syndrome to properly cope with their outcomes in the ongoing pandemic and the long-term post-pandemic period, this book fulfills a vital need in the medical community. Describe the short and long impact of COVID-19 on autoimmunity Provides understanding to the acute and chronic impact of the SARS-CoV-2 Gives insights into the long-term effects of COVID-19 on recovered patients Provides conclusions on the novel terms "chronic post-COVID-19 syndrome", "post-acute COVID-19 syndrome", and "long COVID-19"

The Case for Marriage - Linda Waite 2002-03-05

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced--physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal [www.broadwaybooks.com](http://www.broadwaybooks.com)

Philosophy and Power in the Graeco-Roman World - Miriam Tamara Griffin 2002

Miriam Griffin is unrivalled as a bridge-builder between historians of the Graeco-Roman world and students of its philosophies. This volume in her honour brings together seventeen international specialists. Their essays range from Socrates to late antiquity, extending to Diogenes, Cicero, Pliny the Elder, Marcus Aurelius, the Second Sophistic, Ulpian, Augustine, the Neoplatonist tradition, women philosophers, provision for basic human needs, the development of law, the formulation of imperial power, and the interpretation of Judaism and early Christianity. Emperors and drop-outs, mediastars and administrators, top politicians

and abstruse professionals, even ordinary citizens in their epitaphs, were variously called philosophers. Philosophy could offer those in power moral support or confrontation, a language for making choices or an intellectual diversion, but they might disregard philosophy and get on with the exercise of power. 'Philosophy' means 'love of wisdom', but what was the power of philosophy?

**Sexuality** - Meg-John Barker 2021-02-05

'Sexuality delivers the goods, making the history and theory of sexuality downright sexy ... I learned more in one session with this book than I've figured out in a lifetime.' Christine Burns MBE, author of Trans Britain They're back! Writer Meg-John Barker and artist Jules Scheele once again team up in this cheeky and informative comic-book follow-up to Queer and Gender. Sex is everywhere. It's in the stories we love - and the stories we fear. It defines who we are and our place in society ... at least we're told it ought to. Sex and sexuality can seem like a house of horrors, full of monsters and potential pitfalls. We often live with fear, shame and frustration when it comes to our own sexuality, and with judgement when it comes to others'. Sex advice manuals, debates over sex work and stories of sexual "dysfunction" only add to our anxiety. With compassion, humour, erudition and a touch of the erotic, Meg-John Barker and Jules Scheele shine a light through the darkness and unmask the monsters. 'The art introduces a set of reoccurring characters, tongue-in-cheek references to the Scooby-Doo gang, who journey through a haunted house confronting and unmasking the villains: patriarchy, white supremacy, ableism, and capitalism personified ... The sum: accessible, compassionate reading for readers wanting to think more deeply about sex, society, and how they intersect.' Publishers Weekly

I Am Sex - TaMara Griffin 2015-08-06

Women are taught that good girls don't have sex, only sluts do. Women are taught that anything outside the "normal" societal beliefs regarding sexuality is wrong. Women are pressured into believing that we have to look a certain way in order to be beautiful. Women are taught that our bodies are dirty and nasty. Women are taught that sex is something that happens to us, not that we are an active participant in the process. It is these negative intergenerational attitudes and beliefs that: Teaches us to deny our sexuality. Contributes to the unhealthy thoughts that women sometimes believe about our sexuality. Keep us from experiencing the beautiful spectrum of sexuality. Puts us at risk for unintended consequences of sexuality i.e. sexually transmitted infections, HIV, unintended pregnancies, abuse, low self-esteem, etc. Prevents us from forming healthy relationships. Keeps us from experiencing sexual pleasure. Contributes to distorted perceptions about our bodies. From the time we are born and take our very first breath until the time that we die and take our very last, WE ARE sexual beings. Uniquely created and designed our sexuality is just as individualized and distinct as our fingerprints. Our sexuality touches every dimension of our lives: physical, emotional, mental, spiritual, social, legal and economical, therefore we cannot ignore that which is an inherent part of who we are as women. Our sexuality is shaped by a variety of influences, positive and negative, all of which helps to determine our perspective of our sexual self. When we have a better understanding of our sexuality, we have a better understanding of ourselves! I AM SEX... A beautiful love letter written to ourselves about ourselves, I Am Sex is a celebration of our sexuality in all its colors! It's an amazing journey to discovering, exploring, unleashing and embracing our sexual selves. In order to live authentically, we must embrace our sexuality! Our sexuality is who we are! We must honor it in all of its glory! We must learn how to love ourselves more authentically. We must embrace and embody all that we were meant to be. We can no longer deny who we are! For I AM Sex, you are sex, we are sex!

Philosophia Togata - Jonathan Barnes 1997

The role of philosophy as a valued and effective part of the culture of civilized Romans has aroused an increasing amount of scholarly interest in recent years. In this volume, which gathers together nine papers delivered at a series of seminars on philosophy and Roman society in the University of Oxford, scholars of classical literature, Roman history, and ancient philosophy investigate the place of Platonism and Aristotelianism in Roman intellectual, cultural, and political life from the second century BC to the third century AD. In addition to chapters on such important figures as Cicero, Varro, Plutarch, Favorinus, Celsus, and Porphyry, the book contains essays on the tradition of Aristotle's library at Rome, the theory of the mixed constitution, and the anonymous commentary on Plato's Theaetetus. It thus forms a complement to Philosophia Togata I which addressed the importance of the doctrines of the Hellenistic schools to Roman society during the first century BC.

V! a Love Letter to Every Woman and Girl - TaMara Griffin 2017-06-14

Our society is afraid of the woman's body! We feel the need to stigmatize, label and degrade it. As a result, women have developed an unhealthy relationship with their bodies. This unhealthy relationship has caused women to unnecessarily place themselves at risk for reproductive health conditions, sexually transmitted infections, unintended pregnancies, and other unintended consequences of the failure to love their bodies. The really unfortunate part about all this is that women did not have a truly authentic, unapologetic resource to address this dissociation until now. V! is a love letter written to women and girls everywhere celebrating all the wonderfully amazing things about our beautiful bodies, some of which your mother never told you - well unless you had a mother like mine! While I am certainly not the first person to write a book on vulvovaginal health, I am the first to write about how our

vulvovaginal health is tied to every dimension (mental, emotional, spiritual, financial, social, biochemical, energetical, institutional, legal, political, physical) of our life. Hopefully this book will challenge you to learn new information and ideals, to make different choices, to ask probing questions, and to take steps to fully understanding, celebrating, honoring and embracing your body, your V! V! was written to break the cycle of negative, unhealthy intergenerational patterns that have been passed down from great-grandma, to grandma, to mom and to daughters. V! was written to address and dispel all the unhealthy and negative societal messages that women and girls have received about our bodies over the years. Finally, V! was written to create a healthy self-esteem and sex-esteem; and to give women permission to unapologetically own our bodies!
