*How to be Idle* - Tom Hodgkinson 2007-06-07  
How to be Idle is Tom Hodgkinson's entertaining guide to reclaiming your right to be idle. As Oscar Wilde said, doing nothing is hard work. The Protestant work ethic has most of us in its thrall, and the idlers of this world have the odds stacked against them. But here, at last, is a book that can help. From Tom Hodgkinson, editor of the *Idler*, comes *How to be Idle*, an antidote to the work-obsessed culture which puts so many obstacles between ourselves and our dreams. Hodgkinson presents us with a laid-back argument for a new contract between routine and chaos, an argument for experiencing life to the full and living in the

moment. Ranging across a host of issues that may affect the modern idler - sleep, the world of work, pleasure and hedonism, relationships, bohemian living, revolution - he draws on the writings of such well-known apologists for idleness as Dr Johnson, Oscar Wilde, Robert Louis Stevenson and Nietzsche. His message is clear: take control of your life and reclaim your right to be idle. 'Well written, funny and with a scholarly knowledge of the literature of laziness, it is both a book to be enjoyed at leisure and to change lives' *Sunday Times* 'In his life and in this book the author is 100 per cent on the side of the angels' *Literary Review* 'The book is so stuffed with wisdom and so stuffed with good jokes that I

raced through it like a speed freak' Independent on Sunday Tom Hodgkinson is the founder and editor of The Idler and the author of How to be Idle, How to be Free, The Idle Parent and Brave Old World. In spring 2011 he founded The Idler Academy in London, a bookshop, coffeehouse and cultural centre which hosts literary events and offers courses in academic and practical subjects - from Latin to embroidery. Its motto is 'Liberty through Education'. Find out more at [www.idler.co.uk](http://www.idler.co.uk).

**Inside Greenwich Village -**

Gerald W. McFarland  
2005-01-01

A vibrant portrait of a celebrated urban enclave at the turn of the twentieth century.

**Shakespeare in Print -**

Andrew Murphy 2021-05-13

Described by the TLS as 'a formidable bibliographical achievement ... destined to become a key reference work for Shakespeareans', Shakespeare in Print is now issued in a revised and

expanded edition offering a wealth of new material, including a chapter which maps the history of digital editions from the earliest computer-generated texts to the very latest digital resources. Murphy's narrative offers a masterful overview of the history of Shakespeare publishing and editing, teasing out the greater cultural significance of the ways in which the plays and poems have been disseminated and received over the centuries from Shakespeare's time to our own. The opening chapters have been completely rewritten to offer close engagement with the careers of the network of publishers and printers who first brought Shakespeare to print, additional material has been added to all chapters, and the chronological appendix has been updated and expanded. [Almshouses Into the Next Millennium](#) - Jenny Pannell 1999 Almshouses date back nearly a thousand years, and currently house over 30,000 people in both urban and rural locations

all over England. They are cited as the forerunners of housing associations and of sheltered housing for older people. But are they just an anachronism, or can they offer an effective alternative to other forms of social housing? This unique study examines and discusses the strengths and weaknesses of almshouses and the problems and opportunities that almshouse charities face as they enter the next millennium. It explores the role of the almshouse in housing provision and social policy, drawing on case studies to illustrate innovative solutions to tackle problems such as outdated design or inappropriate location. Examples are provided of almshouses using their housing for young people and families, and meeting the needs of frail older people. As well as providing a practical guide to working in partnership for almshouse trustees and staff, and for councillors, board members and staff of housing organisations, *Almshouses into the next millennium* also fills a

gap in the material available to students of housing and social policy.

*Pursuing Truth* - Mary J. Oates  
2021-02

In *Pursuing Truth*, Mary J. Oates explores the roles that religious women played in teaching generations of college and university students amidst slow societal change that brought the grudging acceptance of Catholics in public life. Across the twentieth century, Catholic women's colleges modeled themselves on and sometimes positioned themselves against elite secular colleges. Oates describes these critical pedagogical practices by focusing on Notre Dame of Maryland University, formerly known as Notre Dame of Maryland--the first Catholic college in America to award female students four-year degrees. The sisters and lay women on the faculty and administration of Notre Dame of Maryland persevered in their work while facing challenges from the establishment of the Catholic

Church, mainline Protestant churches, and secular institutions. Pursuing Truth presents the stories of female founders, administrators, and professors whose labors led the institution through phases of diversification. The pattern of institutional development regarding the place of religious identity, gender and sexuality, and race that Oates finds at Notre Dame of Maryland is a paradigmatic story of change in American higher education. Similarly representative is her account of the college's effort, from the late 1960s to the present, to maintain its identity as a women's liberal arts college.

**Kenya** - B. Knighton

2009-09-14

Addresses the various political aspects of the Kenyan political mosaic during the time of Bishop David Gitari, later Archbishop 1997-2002. These essays focus on both this courageous man and the various aspects of the political mosaic in Kenya at that time to 2008, in an effort to bring out

the religious dimensions of Kenyan and African politics.

**Anthology of African Christianity** - Isabel Apawo Phiri 2016

By the beginning of the twenty-first century, Christianity has taken shape and established roots in all areas of African reality. It has come to stay. Therefore, we welcome Christianity afresh in Africa, where it has arrived to continue the ancient and vibrant Christianity in Egypt, Ethiopia, and Eritrea. It is appropriate that the Anthology of African Christianity presents, in valuable detail, this new reality that describes its African landscape in totality.

**The Enduring Nature of the Catholic University** - Pope

Benedict XVI 2009-04-17

A collection of essays on the renewal of Catholic higher education by Most Rev. David Ricken, Msgr. Stuart Swetland, Rev. J Augustine DiNoia, Rev. Joseph Koterski, Rev. David O'Connell, and Dr. John Hittinger with a foreword by The Hon. Kenneth Whitehead

**Debating Divorce** - Michele Dillon 2021-03-17

In 1986 a national opinion poll indicated that over half of Irish voters favored an upcoming referendum to remove the constitutional ban on divorce. Yet, after nine weeks of vigorous debate during which forces on both sides of the issue presented their cases to the public, the amendment was defeated. In *Debating Divorce*, Michele Dillon uses the divorce referendum debate in Ireland as a base from which to explore the long-standing sociological preoccupation with how societies decide questions of values. Focusing on culture and moral conflict, she examines the stances adopted by the major players in the debate: the government and the political parties, the Catholic church, women, the print and broadcast media, and activists, on both sides. Although the issues of moral conflict that Dillon discusses have special relevance in demarcating Irish cultural values, they also apply to how people in general reason about

morals and values. The author highlights the nature of moral discourse, the use of contradictory arguments in moral reasoning, the difficulty of trying to shift moral paradigms during non-revolutionary times, and the impossibility of keeping facts and values distinct as people grapple with conflicting moral claims. Examining the divorce question within historical themes of economic insecurity and Catholic identity, Dillon argues that the discourses articulated during the debate illustrate a universal tension between the forces of tradition and those of modernity. She dissects Irish opposition to divorce in terms of current challenges to rationality and its association with progress and goodness. *Debating Divorce* will appeal to sociologists and scholars of Irish studies, communication, culture, and religion, as well as to general readers with an interest in Ireland or moral discourse.

**Gay and Catholic** - Eve Tushnet 2014-10-20  
Winner of a 2015 Catholic

Press Award: Gender Issues Category (First Place). In this first book from an openly lesbian and celibate Catholic, widely published writer and blogger Eve Tushnet recounts her spiritual and intellectual journey from liberal atheism to faithful Catholicism and shows how gay Catholics can love and be loved while adhering to Church teaching. Eve Tushnet was among the unlikeliest of converts. The only child of two atheist academics, Tushnet was a typical Yale undergraduate until the day she went out to poke fun at a gathering of philosophical debaters, who happened also to be Catholic. Instead of enjoying mocking what she termed the “zoo animals,” she found herself engaged in intellectual conversation with them and, in a move that surprised even her, she soon converted to Catholicism. Already self-identifying as a lesbian, Tushnet searched for a third way in the seeming two-option system available to gay Catholics: reject Church teaching on homosexuality or

reject the truth of your sexuality. *Gay and Catholic: Accepting My Sexuality, Finding Community, Living My Faith* is the fruit of Tushnet’s searching: what she learned in studying Christian history and theology and her articulation of how gay Catholics can pour their love and need for connection into friendships, community, service, and artistic creation.

**Politics and Religion in France and the United States** - Alec G. Hargreaves 2007

*Politics and Religion in France and the United States* explores the current status and views of Jews, Christians, and Muslims regarding the conduct of politics in two great states. The approach is historical and comparative, particularly as regards contemporary implications of the tradition of laicite and of the Establishment Clause.

[Understanding Sexual Identity](#) - Mark A. Yarhouse 2013-10-22  
Today’s youth struggle with difficult questions of sexual identity. How can a youth

worker offer wise care and counsel on such a controversial and confusing subject? Mark Yarhouse, Director of the Institute for the Study of Sexual Identity, writes to equip youth ministers so they can faithfully navigate the topic of sexual identity in a way that is honest, compassionate, and accessible. Reframing the focus away from the culture wars, Yarhouse introduces readers to the conversation beginning with the developmental considerations in the formation of sexual identity—all of which occurs in the teen years. He offers practical and helpful ways to think about people who experience same-sex attraction. Sections of the book are also dedicated to helping parents respond to their children and teens who struggle with questions of sexual identity, as well as how youth ministry can become more relevant in the lives of youth who are navigating these issues.

*Homosexuality and the Christian* - Mark A. PsyD

Yarhouse 2010-09-01

Mark Yarhouse gives honest

and accurate answers to parents and pastors who have questions about homosexuality. Throughout the book, the author uses a new framework for understanding the issue, carefully separating the concept of "same sex attraction" from a "gay identity." In a clear and compassionate style, he explains the research regarding what causes same-sex attraction and whether or not it can be overcome. He also discusses what Christians can do when someone they know opens up to them about their homosexual attractions.

*God Under Howard* - Marion Maddox 2005-02-01

The first sustained examination of the impact of religion on contemporary Australian politics reveals the growing influence of the religious right on John Howard and his government. 'God is working for the Liberal Party and this fine, disturbing book arrives just in time to tell us how. An eye-opening exploration of the real politics of Australia.' - David Marr '. a convincing and disturbing picture of the capacity of John Howard, and some of his friends, to co-opt God for their own political agenda.' - Dorothy McRae-McMahon '[spells] out the complicated place of religion in Australian politics today' - Professor John Hewson In the 2004 federal election campaign religion seemed to spring out of nowhere to take centre stage. In fact it was just the latest act in a drama that has been quietly developing for over a decade in Australian

politics. Assiduously cultivated by John Howard, an extreme form of conservative Christianity now has real influence on our politicians and their policies. How has American-style evangelicalism become so prominent in secular Australia? Why are abortion, creationism and family values now on the political agenda? Why is religion no longer a private matter for public figures? In *God Under Howard* Marion Maddox explains how John Howard has harnessed the conservative social agenda and market-based ideology of American fundamentalists in order to stay in power. As a result, she argues that Australia's democratic, egalitarian culture is now under serious assault.

**A Woman Rides the Beast** - Dave Hunt 1994-08-15

Are you missing half the story about the last days? Virtually all attention these days is focused on the coming Antichrist—but he is only half the story. Many people are amazed to discover in

Revelation 17 that there is also another mysterious character at the heart of prophecy—a woman who rides the beast. Who is this woman? Tradition says she is connected with the church of Rome. But isn't such a view outdated? After all, today's Vatican is eager to join hands with Protestants worldwide. "The Catholic church has changed" is what we hear. Or has it? In *A Woman Rides the Beast*, prophecy expert Dave Hunt sifts through biblical truth and global events to present a well-defined portrait of the woman and her powerful place in the Antichrist's future empire. Eight remarkable clues in Revelation 17 and 18 prove the woman's identity beyond any reasonable doubt. A provocative account of what the Bible tells us is to come.

**The Church on British Television** - Marcus Harmes  
2021-05-13

This book will be the first systematic and comprehensive text to analyze the many and contrasting appearances of the Church of England on

television. It covers a range of genres and programs including crime drama, science fiction, comedy, including the specific genre of 'ecclesiastical comedy', zombie horror and non-fiction broadcasting. Readers interested in church and political history, popular culture, television and broadcasting history, and the social history of modern Britain will find this to be a lively and timely book. Programs that year after year sit enshrined as national favourites (for example *Dad's Army* and *Midsomer Murders*) foreground the Church. From the Queen's Christmas Message to royal weddings and Coronation Street, the clergy and services of England's national church abound in television. This book offers detailed analysis of landmark examples of small screen output and raises questions relating to the storytelling strategies of program makers, the way the established Church is delineated, and the transformation over decades of congregations into audiences.

**Salvation by Allegiance**

**Alone** - Matthew W. Bates

2017-03-14

We are saved by faith when we trust that Jesus died for our sins. This is the gospel, or so we are taught. But what is faith? And does this accurately summarize the gospel?

Because faith is frequently misunderstood and the climax of the gospel misidentified, the gospel's full power remains untapped. While offering a

fresh proposal for what faith means within a biblical theology of salvation, Matthew Bates presses the church toward a new precision: we are saved solely by allegiance to Jesus the king. Instead of faith alone, Christians must speak about salvation by allegiance alone. The book includes discussion questions for students, pastors, and church groups and a foreword by Scot McKnight.
