

# John Updike Couples

## John Updike

**Couples** John Updike,2007-02-22 An intoxicating yet sensitive novel about the sexual experiences of ten couples from Tarbox, New England. Well-to-do, sociable, articulate but dangerously unfulfilled; they play word games in the evening and adultery all year round.

**Couples by John Updike** John Updike,1968

**Couples** John Updike,2001 They are sociable, articulate and unhappy; they enjoy sailing, basketball and skiing; they play word games in the evenings and adultery all the year round. Slipping in and out of affairs, they and their rituals are observed by the baleful eye of their self-appointed ringmaster, Freddy Thorne.

**An Evaluation of John Updike's Couples** Dennis Stein,1969

**John Updike: Novels 1968-1975 (LOA #326)** John Updike,2020-01-07 Library of America's definitive Updike edition continues with three masterful novels on the joys and the discontents of the sexual revolution Here for the first time in one volume are three of John Updike's most essential novels--the scandalous *Couples*, the brilliant *Rabbit Redux*, and the uproarious *A Month of Sundays*--which together form an unforgettable triptych of the social turbulence that roiled America from the Kennedy to the Nixon years. Written with the grace, verve, and style of one of literature's most sophisticated entertainers, these books not only reveal Updike's genius in characterization and his formal versatility as a novelist but also delve into the complexities of sex and marriage, social class and personal morality, and the difficult quandaries of the flesh and the spirit. As a special feature the volume also presents two short pieces that shed light on the novels and the tale *Couples: A Short Story*, the origin of the novel of the same name, written in 1963 but deemed unsuitable for publication by *The New Yorker*.

*Villages* John Updike,2007-12-18 A delightful, witty, passionate novel that follows its hero from the Depression era to the early twenty-first century—from a master of American letters and the Pulitzer Prize-winning author of the acclaimed *Rabbit* series. John Updike's twenty-first novel, a bildungsroman, follows Owen Mackenzie from his birth in the semi-rural Pennsylvania town of Willow to his retirement in the rather geriatric community of Haskells Crossing, Massachusetts. In between these two settlements comes Middle Falls, Connecticut, where Owen, an early computer programmer, founds with a partner, Ed Mervine, the successful firm of E-O Data, which is housed in an old gun factory on the Chunkaunkabaug River.

Owen's education (Bildung) is not merely technical but liberal, as the humanity of his three villages, especially that of their female citizens, works to disengage him from his youthful innocence. As a child he early felt an abyss of calamity beneath the sunny surface quotidian, yet also had a dreamlike sense of leading a charmed existence. The women of his life, including his wives, Phyllis and Julia, shed what light they can. At one juncture he reflects, "How lovely she is, naked in the dark! How little men deserve the beauty and mercy of women!" His life as a sexual being merges with the communal shelter of villages: "A village is woven of secrets, of truths better left unstated, of houses with less window than opaque wall." This delightful, witty, passionate novel runs from the Depression era to the early twenty-first century.

**Couples** John Updike, 1976

Couples ,

**Due Considerations** John Updike, 2008-10-30 This collection of John Updike's non-fiction writings includes a delightful preface, "Everything Considered", in which he tells of his lifelong love affair with words; essays on travel, and on faith; introductions to some of the classics; reviews of lesser known foreign writers and new books by English and American contemporaries; as well as non-fiction topics from the sinking of the Lusitania to Coco Chanel's unsinkable career; tributes to legendary New Yorker figures, and much more. A cruise through the cultural waters of the past decade with as delightful, witty, sensitive and articulate a guide as you could hope for, *Due Considerations* is a voyage not to be missed.

*Couples and Lovers in John Updike's Novels* Ács Péterné, 1996

**The Maples Stories** John Updike, 2009-08-04 Eighteen classic short stories that form a luminous chronicle of the life and times of one marriage in all its rich emotional complexity—from one of the most gifted American writers of the twentieth century and the author of the acclaimed Rabbit series. In 1956, Updike published a story, "Snowing in Greenwich Village," about a young couple, Joan and Richard Maple, at the beginning of their marriage. Over the next two decades, he returned to these characters again and again, tracing their years together raising children, finding moments of intermittent happiness, and facing the heartbreak of infidelity and estrangement. Seventeen Maples stories were collected in 1979 in a paperback edition titled *Too Far to Go*, prompted by a television adaptation. Now those stories appear in hardcover for the first time, with the addition of a later story, "Grandparenting," which returns us to the Maples's lives long after their wrenching divorce.

**The Religious Themes in John Updike's Couples** Ben Hill Jennings, 1970

Sexual Love in John Updike's Rabbit, Run, Couples and A Month of Sundays Susanna Alice McClain, 1980

Couples John Updike, 2009 Well-to-do and thirty-five-ish, ten couples living in Tarbox, New England, form an exclusive and competitive group. Slipping in and out of affairs, they and their rituals are observed by the baleful eye of their self-appointed ringmaster, Freddy Thorne.

**Ehepaare** John Updike,2006

*Couples* John Updike,1969

*John Updike* Suzanne Henning Uphaus,1980 The author of *Couples*, *The Coup*, and *Rabbit, Run* has drawn an increasingly wide readership over the past twenty years, and major critical attention as well. Why are the Updike protagonists torn with such hopeless intensity between their physical desires and their spiritual yearnings? Why do they attempt repeatedly -- and in vain -- to give religious meaning to the sexual act? These are some of the questions addressed in this new study. Each of Updike's ten novels is scrutinized with a discerning critical eye, and a separate chapter explores the notable short stories so frequently anthologized. Updike's unique style, which makes all of his fiction especially memorable, receives full attention. But the major focus here is on his overriding themes of love and anguish, lust and penance. Updike is acutely aware of the moral and spiritual vacuum in contemporary American life. He sees the need for transcendent religious experience -- for which his characters grope. Unhappily, a society that increasingly restricts marital and family commitments diminishes or destroys such a possibility. Readers who respond to the impressive Updike fictional style will find this attractive study an excellent companion to one of our major writers.--Jacket.

**The Medieval Fantasy of Courtly Love in Iris Murdoch's *A Severed Head* and John Updike's *Couples*** Judith S. Hartsoe,1972

**Too Far to Go** John Updike,1979 Stories that trace the decline and fall of a marriage, a history made up of the happiness of growing children and shared life, and the sadness of growing estrangement and the misunderstandings of love.

**John Updike and the Cold War** Daniel Quentin Miller,2001 One of the most enduring and prolific American authors of the latter half of the twentieth century, John Updike has long been recognized by critics for his importance as a social commentator. Yet, *John Updike and the Cold War* is the first work to examine how Updike's views grew out of the defining context of American culture in his time -- the Cold War. Quentin Miller argues that because Updike's career began as the Cold War was taking shape in the mid-1950s, the world he creates in his entire literary oeuvre -- fiction, poetry, and nonfiction prose -- reflects the optimism and the anxiety of that decade.

Unveiling the Magic of Words: A Review of "**John Updike *Couples***"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring.
