Autocar & Motor ,1993

Formula 1 Car by Car 1990-99 Peter Higham, 2021-05-18 The formative years of the 1950s are explored in this fourth installment of Evro's decade by decade series covering all Formula 1 cars and teams. When the World Championship was first held in 1950, red Italian cars predominated from Alfa Romeo, Ferrari, and Maserati, and continued to do so for much of the period. But by the time the decade closed, green British cars were in their ascendancy, first Vanwall and then rear-engined Cooper, playing the starring roles, and BRM and Lotus having walk-on parts. As for drivers, one stood out above the others, Argentine Juan Manuel Fangio, becoming World Champion five times. Much of the fascination of this era also lies in its numerous privateers, and also runs all of which receive their due coverage in this complete work. Year by year treatment covers each season in fascinating depth, running through the teams and their various cars in order of importance. Alfa Romeo's supercharged 1.2 litre cars dominated the first two years, with titles won by Giuseppe Farina in 1950 and Fangio in 1951. The new marque of Ferrari steamrollered the opposition in two seasons, run to Formula 2 rules in 1952-53, Alberto Ascari becoming champion both times, and the same manufacturer took two more crowns with Fangio in 1956 and Mike Hawthorn in 1958. Maserati's fabulous 250F, the decade's most significant racing car, propelled Fangio to two more of his five championships in 1954 and 1957. German manufacturer Mercedes-Benz stepped briefly into Formula 1 in 1954-55 and won almost everything with Fangio, and up-and-coming Stirling Moss. Green finally beat red when the Vanwalls, driven by Moss and Tony Brooks, won the inaugural constructors' title in 1958. Then along came Cooper rear-engine pioneers to signpost Formula 1's future when Jack Brabham became World Champion in 1959.

Watching the Wheels Damon Hill, 2016-08-30 The full and frank autobiography of F1 legend Damon Hill in 2016 marks the twentieth anniversary of Damon Hill's coronation as Formula One World Champion. For the first time ever, he tells the story of his journey through the last golden era of the sport, when he took on the greats including Ayrton Senna and Michael Schumacher, and emerged victorious as World Champion in 1996, stepping out of the shadow of his legendary father, Graham Hill. Away from the grid, *Watching the Wheels: The Autobiography* is an astonishingly candid account of what it was like to grow up as the son of one of the country's most famous racing drivers. It also tells the unflinching story of dealing with the grief and chaos that followed his father's tragically early death in an aircraft accident in 1975, when Damon was 15 years old. Formula One drivers have always been aware of their mortality, and the rush that comes with the danger of racing was as intoxicating for Hill as it had been for his father's generation, until he came face-to-face with catastrophe when his team-mate Ayrton Senna was killed in 1994. The swirling emotions that Hill was faced with in light of the death of Senna was a defining moment for his generation of drivers, and for the first time ever, Hill talks candidly about the impact that Senna had on his life, even as he watched his own son step into motor racing.

Beyond the Limit Sid Watkins, 2012-11-15 In the years since Sid Watkins' first bestselling book of Formula One memoirs, *Life at the Limit*, was published, the sport has seen enormous changes. The FIA's President Max Mosley has launched a zero-tolerance policy with the goal of zero mortality, and much research and development has gone into technical changes to the cars, circuit design, safety barrier development, and personal protection in the cockpit. The Prof has been intimately involved with this work, and discusses it in detail here, but as he knows only too well, uncertainty and unpredictability provide the thrills, both the fans and the drivers crave. In *Beyond the Limit*, Watkins also looks at some of the extraordinary Grands Prix the sport has seen in the last four years, including Schumacher's epic crash at Silverstone in 1999. He also looks back over his twenty or more years in the sport, and discusses some of the great drivers he has known. Here too is a race-by-race account of the Millennium season, offering a completely up-to-date picture of Formula One at the beginning of the 21st century. Makes fascinating reading. *Planet F1* Lively and entertaining, will make the reader laugh out loud. *F1 Magazine* Sid Watkins' anecdotes are littered with humour, and show us that one of the most respected men in F1 is also one of the funniest. *Motorsport News*

Ronnie Peterson Johnny Tipler,2003-09-01 Nicknamed Super Swede Ronnie Peterson rose from karts to F3 to become European F2 Champion in 1972 and came closest to winning the F1 World Championship in 1973 and 1978 By common consent the fastest driver in Formula 1 in that era Ronnie Peterson was paradoxically a quiet shy person and an all round nice guy Behind the wheel of a car though he came alive deferring to no one in his mission to be the quickest not even his beautiful companion Barbro His fans loved him for it and everyone admired him from his F1 peers to team owners and mechanics many of whom testify to this effect in the following chapters For that reason he remains an icon of speed his prowess recalled whenever an ace from the past is required as a benchmark As Johnny Tipler's book reveals Ronnie invariably strove to wring the ultimate performance out of anything he drove And that ironically was probably what cost him the F1 World Championship Not content with merely winning he sought to annihilate the opposition and in the process subjected cars and tires to stresses greater than they had been designed to accept If they didn't break he usually won but not often enough to gain the title

Senna Versus Prost Malcolm Folley,2010 In the late eighties and early nineties Formula One was at its most explosive with thrilling races charismatic drivers nail biting climaxes and the most deadly rivalry ever witnessed in sport Alain Prost and Ayrton Senna two of Formula One's most honoured champions and iconic figures drove together for McLaren for two seasons and their acrimonious and hostile relationship extended even after one of them had left the team It was a story that would have a tragic ending As the great rivals raced to victory their relationship deteriorated badly culminating in Prost accusing Senna of deliberately trying to ride him off the circuit And the final sad act of this drama occurred at the San Marino Grand prix at Imola in May 1994 when Senna was killed Featuring a rare interview with Prost and insight from Martin Brundle Damon Hill Sir Frank Williams Bernie Ecclestone Derek Warrick Johnny Herbert Gerhard Berger plus McLaren insiders and other F1 figures Malcolm Folley provides us with a breath taking account of one of the all time classic sporting rivalries excellent A familiar story is still worth telling if done well In this case it's mission accomplished Motor Sport a superb insight into antagonism between F1 team mates brilliant Daily Mirror
